California Community Colleges Classification of Instructional Programs (CIP) Taxonomy
September 2026

The CCC CIP Code Taxonomy identifies the California Community Colleges Chancellor's Office assignment of CTE/not-CTE/noncredit for all CIP codes listed by the **National Center for Education Statistics** (NCES). Links to the federal definitions of each CIP code in the NCES 2020 CIP code list are also included.

This taxonomy replaces the TOP Code Manual as the California Community Colleges transition to full use of CIP codes. Federal CIP codes are organized in 3 ways:

- 2-digit codes: Broad Academic Area
- 4-digit codes: Branch or Discipline
- 6-digit codes: Individual Degree Program

The Classification of Instructional Programs Introduction, including purpose and organization, may help orient you to this system.
