February 13, 2024

The Honorable Gavin Newsom
Governor of California
State Capitol
Sacramento, CA 95814

RE: Disabled Student Programs and Services 2022 Legislative Report

On behalf of the Board of Governors for the California Community Colleges, I am pleased to present to you the California Community Colleges report on the Disabled Students Programs and Services (DSPS), which supports the postsecondary education of disabled students.

Education Code section 67312 requires the Chancellor's Office to prepare and submit a biennial report that describes the systems efforts to serve students with disabilities. In this report, the California Community College Chancellor's Office describes the Disabled Students Programs and Services implementation, services and supports offered; outcome data; and student and staff perspectives in the 2019-2020 and 2020-2021 academic years with data submitted by all 115 colleges.

Vice Chancellor for Educational Services and Support Rebecca Ruan-O'Shaughnessy may be contacted for questions and comments. She can be reached at 916-323-6894 or rruan-oshaughnessy@cccco.edu.

Thank you for your interest in these programs and the students they serve.

Sincerely,

A handwritten signature in black ink that reads "Sonya Christian".

Sonya Christian, Chancellor

INTRODUCTION

The Disabled Student Programs and Services (DSPS) assists students with disabilities so they have equal access to all educational programs and activities on campus. DSPS provides support services to students with physical disabilities, learning disabilities, psychological disabilities, developmental delay, brain injury, visual impairments, health problems and hearing impairments. Among the array of services offered are priority registration, specialized counseling, class scheduling, mobility assistance, test proctoring, specialized tutoring, transcription services, and interpreter services for hearing impaired or deaf students.

This report includes a statewide review of 2019-2020 and 2020-2021 enrollment, retention, transition, and graduation rates of all community college students receiving services through DSPS.

Each California community college used state funding allocated for DSPS to provide support services and educational accommodations to 118,257 students during the 2019-20 and 93,877 students during the 2020-21 academic years with disabilities so they can have full and equitable access to community college classes. In addition, most colleges include specialized instruction as part of their DSPS program. Examples of services the colleges provide to students with disabilities include test proctoring, learning disability assessment, specialized counseling, interpreter or captioning services for hearing-impaired and/or deaf students, mobility assistance, note taker services, reader services, transcription services, specialized tutoring, access to adaptive equipment, job development/placement, registration assistance and special parking. academic year.

The data show that students with disabilities represent just under 7% of the population of the California community colleges. The key findings from the 2019-2020 and 2020-2021 academic years are as follows:

- DSPS student enrollment saw a decline at a rate similar to that of the overall student population.
- DSPS students lag behind students without a disability in credit class enrollment but exceed them in noncredit courses.
- Noncredit course attendance dropped 50% for DSPS in 2020-2021 compared to 2019-2020.
- DSPS students perform similarly in workforce preparation courses when compared to students without disabilities.

Basic skills course pass rate for DSPS student was 66% in 2019-20, with a modest gain to 69% in 2020-21.

STUDENT COUNTS

The student counts in the Table 1 represent the total enrollment of DSPS students across our 115 physical California community colleges. Between 2019-20 and 2020-21, the overall number of students decreased by 12%. The disabled student population decreased also, at roughly the same rate. While the number of DSPS students decreased, the drop in DSPS enrollment is consistent with the statewide enrollment declines for the same period.

Table 1. Student Counts for the Years 2019-20 and 2020-21

	FY 2019-20		FY 2020-21	
	# of Students	% of Population	# of Students	% of Population
DSPS Students	118,257	7%	93,870	7%
Non DSPS Students	1,422,511	93%	1,354,080	93%
All Students	1,540,768	100.00%	1,354,080	100.00%

The data presented on Table 2 breaks down the number of students served by DSPS by disability category. The categories exist in recognition of the variable costs of serving different disability types. In addition to Speech as noted, the “other” disability category is most commonly comprised of those with conditions related to chronic fatigue or pain. Some examples include but are not limited to cardiovascular disease, chronic obstructive pulmonary disease, asthma, cancer, HIV, hepatitis, lupus, Tourette syndrome, seizure disorders, chronic fatigue, multiple chemical sensitivity or severe allergies.

Table 2. Student Counts by DSPS Category

	FY 2019-20 Student Count	FY 2020-21 Student Count
State of California Total	118,257	93,877
Acquired Brain Injury	3,826	2,954
Attention Deficit Hyperactivity Disorder (ADHD)	10,004	9,454
Autism Spectrum	10,716	9,055
Developmentally Delayed Learner	6,644	4,229
Hearing Impaired	4,217	3,324
Learning Disabled	30,509	23,460
Mobility Impaired	7,803	5,063
Other Disability (including Speech)	16,401	12,776
Psychological Disability	24,869	21,112
Visually Impaired	3,268	2,450

DSPS STUDENT OUTCOME DATA

EDUCATIONAL ASSISTANCE COURSE ENROLLMENT

Educational assistance classes are designed to address the educational limitations of students with disabilities who are admitted to the institution and who would be unable to substantially benefit from general college classes even with appropriate academic adjustments, auxiliary aides and services. The courses are designed to address the educational limitations of students with disabilities but are open to all students. DSPS students represented 36% of students enrolled in educational assistance courses in 2019-20. In 2020-21, DSPS students represented 41% of students enrolled in educational assistance courses. Overall educational assistance course enrollment dropped, but with a return to in-person instruction, it is expected that these numbers will rebound.

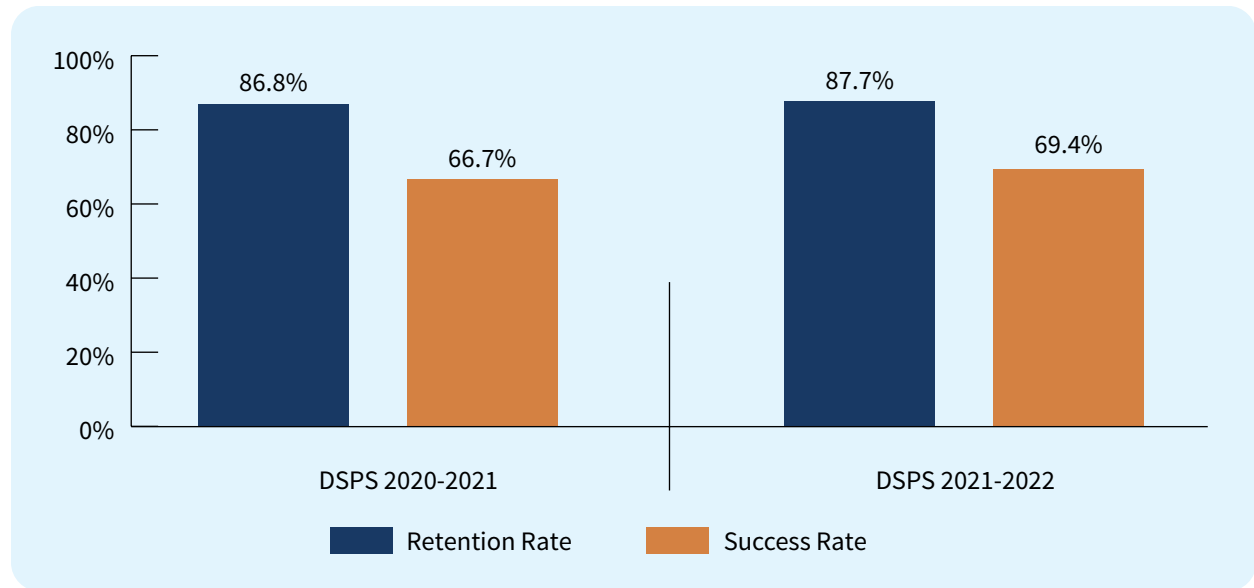

Educational Assistance Enrollment Count

BASIC SKILLS COURSES RETENTION AND SUCCESS RATE

Basic skills, more commonly known as remedial education, has undergone changes in an effort to eliminate achievement gaps among underprepared students. The chart below illustrates that for 2019-20, DSPS and non-DSPS students had very similar retention rates in basic skills courses. In 2020-21, DSPS rates increased while non-DSPS actually dropped two percentage points. Looking at success rates for 2019-20, DSPS lagged behind their non-disabled peers. In 2020-21, the reverse was seen, with DSPS outperforming by three percentage points.

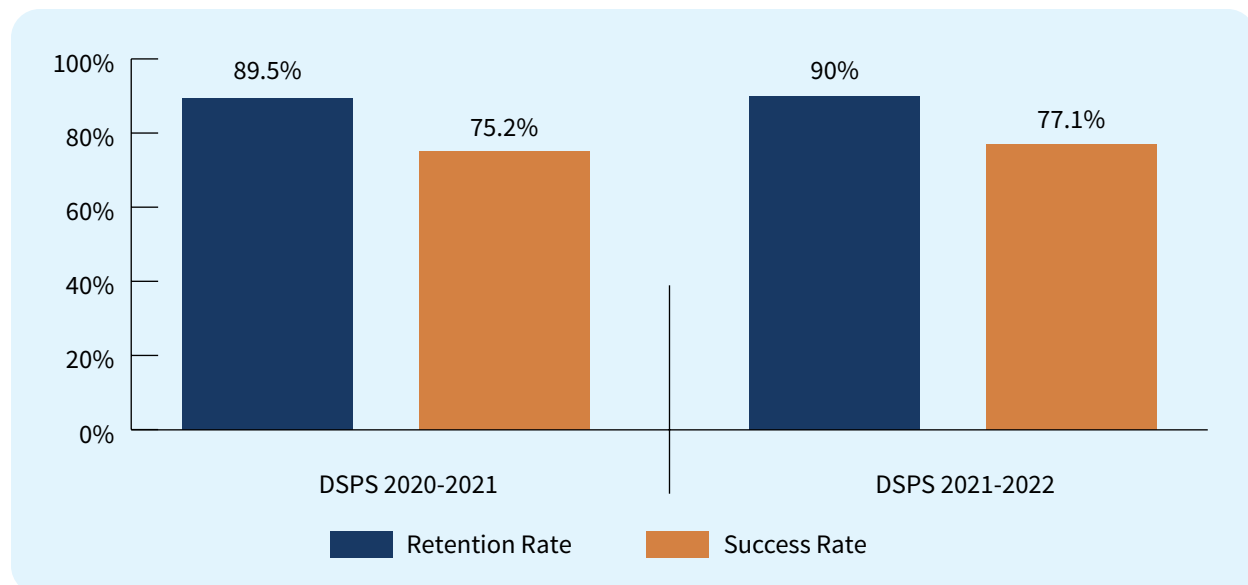

Basic Skill Courses Retention & Success Rate

RETENTION AND PERSISTENCE

The persistence rate for non-DSPS students decreased more than for DSPS (45% vs 56%), but persistence for both populations fell short of previous years. The percentages for retention and persistence were obtained from the students enrolled in the fall of 2019 and divided by those students enrolled again in the fall of 2020. The data to compare fall 2020 to fall 2021 was not yet available at the time of reporting.

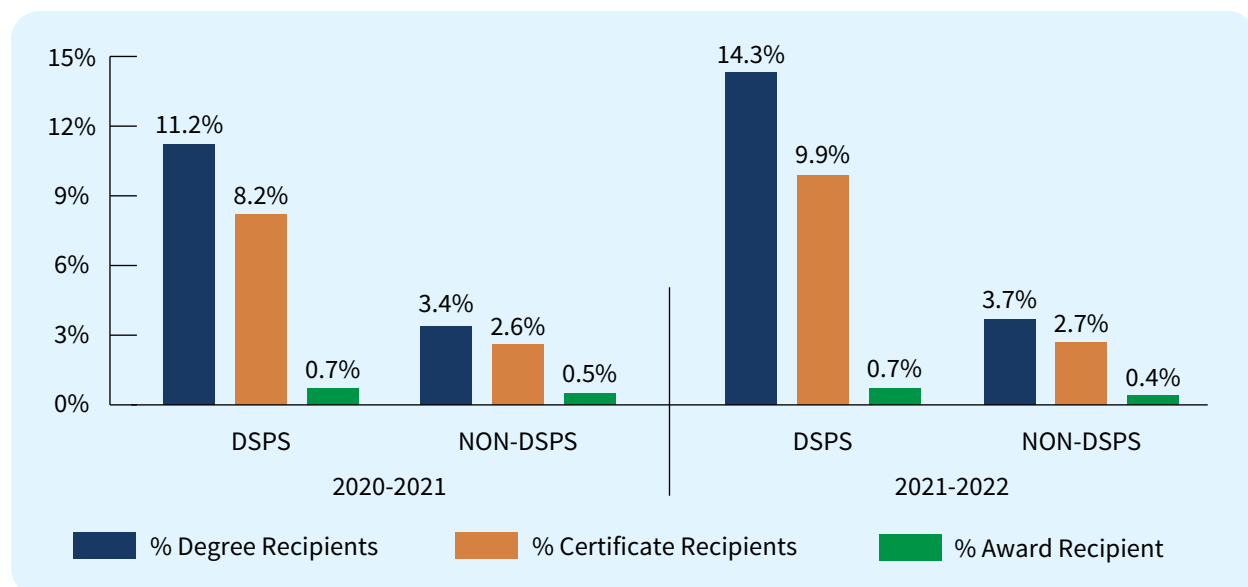

Credit Courses Retention & Success Rate

DEGREE AND CERTIFICATE ATTAINMENT

The results below represent continued improvement in this measurement. DSPS students outperformed non-DSPS students in degree attainment and credit certificates earned in both 2019-20 and 2020-21. This is evidence that with the right supports in place, students with disabilities can excel and even surpass the achievements of their non-disabled peers.

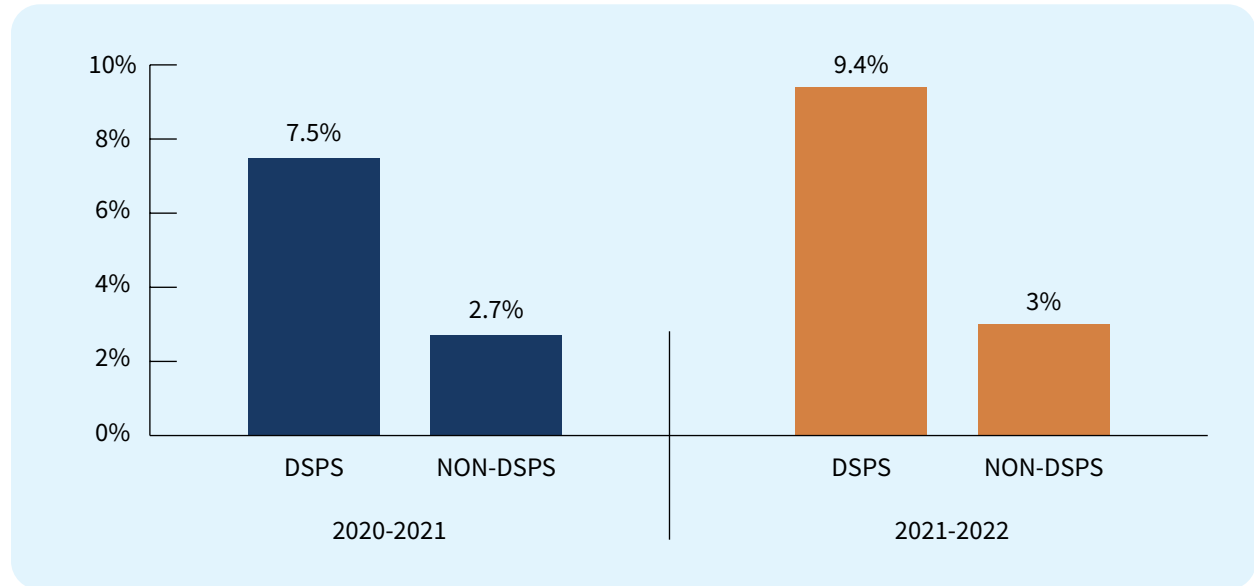

% Earned a Degree/Certificate/Award

TRANSFER READY

To be considered “transfer-ready,” a student must be both transfer-directed (completed a transferable English and a transferable math course) and transfer-prepared (earned 60+ transferable units with a 2.00+ GPA). Again as a percentage, students with disabilities are reaching this important milestone at higher rates than their non-DSPS peers.

Transfer Ready Status

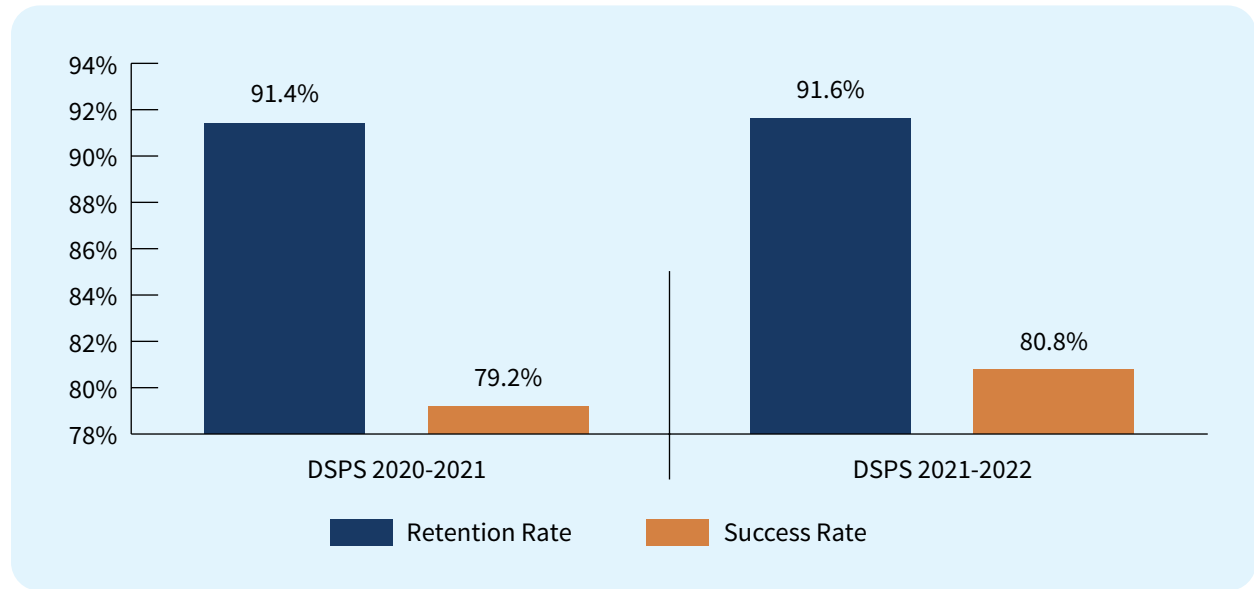

SHORT TERM VOCATIONAL

2019-20	DSPS Students	2020-21	DSPS Students
Enrollment	81,318	Enrollment	68,753
Retention	74,324	Retention	62,987
Successful Completion	64,390	Successful Completion	55,529

WORKFORCE COURSES

Below is a detailed graph representing the retention and success rates from 2019-20 to 2020-21.

Workforce Courses Retention & Success Rate

CAMPUS BY CAMPUS BREAKDOWN:

To view a campus by campus breakdown of enrollment data, please visit https://datamart.cccco.edu/Services/DSPS_Status.aspx.

For campus by campus data related to retention, transition, and completion, please visit <https://datamart.cccco.edu/Outcomes/Default.aspx>. For each category, select “Disabled Students Programs and Services” to view data specific to this program.

The tables below show the breakdown of how DSPS categorical funds were issued in 2019-2020 and 2020-2021.
