June 30, 2010

TO: 2010-11 EWD Project Directors

FROM: Ray York, Dean 
Economic and Workforce Development Program

SUBJECT: 2010-11 Economic and Workforce Development Program Effective Date

The Economic and Workforce Development Program fiscal year begins July 1, 2010 through June 30, 2011. However, grantees will not have spending authority for the fiscal year 2010-11 until the Governor has approved and signed a State Budget.

Since we do not anticipate a budget approved by July 1st you have the following options to ensure that your grant can begin effective July 1, 2010:

- An approved extension of 2009-10 funds submitted before June 28, 2010;
- Use of Program Income from the project;
- Other grant funds; or
- College support (salary/benefits and activities) until the 2010-11 State Budget is signed by the Governor.

The Chancellor's Office will notify you as soon as the Budget is signed and you can start your 2010-11 EWD activities.

If you have any questions, please contact your monitor.
