STUDENT DISABILITY RECORD

Reporting Domain: The following record layout indicates the format in which the districts report information on students with disabilities. Report one record for each student with a disability who has a verifiable disability that imposes an educational limitation; and, who may or may not enroll in a course. For each student with a disability identified, who has had one or more contact(s) with DSP&S, a Student Basic record must be reported.

This record is 40 characters long and the first two positions contain the record code "SD". The file with these records is submitted approximately one month following the end of the term.
