## DATA ELEMENT DICTIONARY

### Student Enrollment Derived Data Elements

<u>DED #</u>	<u>DATA ELEMENT NAME</u>	<u>FORMAT</u>
SXD1	ENROLLMENT-1ST-CENSUS-STATUS	X(01)

This element indicates whether the student enrollment record was active as of Monday of the institution's first census week. In order for an enrollment to be active as of first-census, the section that is associated with this enrollment must also be active as of first-census (see Section-1st-Census-Status (XBD5)).

#### VARIABLES

The following reported/derived elements are used to derive this element:

XB01 SECTION-ACCOUNTING-METHOD  
XBD5 SECTION-1ST-CENSUS-STATUS  
SX01 ENROLLMENT-EFFECTIVE-DATE  
SX02 ENROLLMENT-DROP-DATE

#### CODING      MEANING

0      =      The enrollment record was NOT active as of first-census.  
1      =      The enrollment record was active as of first-census.

#### Requirements for Active Enrollment Records

In order for enrollments to be coded as Active as of first-census, the following criteria must be met:

1. The enrollment record must have (1) an Enrollment-Effective-Date (SX01) that falls before Monday of the institution's first census week and (2) an Enrollment-Drop-Date (SX02) that falls on or after Monday of the institution's first census week or is equal to "888888" (not applicable).

## DATA ELEMENT DICTIONARY

### Student Enrollment Derived Data Elements

<u>DED #</u>	<u>DATA ELEMENT NAME</u>	<u>FORMAT</u>
SXD1	ENROLLMENT-1ST-CENSUS-STATUS – (CONTINUED)	X(01)

2. Sections associated with the preceding enrollment records must have:

a. An accounting method of weekly census;

or

b. An accounting method of daily census, positive attendance, or independent studies/work experience and:

(1) At least one Session-Date-Beginning (XF02) for this section falls before Monday of the institution's first census week;

and

(2) At least one Session-Date-Ending (XF03) for this section falls on or after the Monday of the institution's first census week.

#### MISSING DATA

If any of the section or enrollment elements are missing (see variables), this element will be set to '0' for not active as of first-census.
