<b>Appendix E Statewide Percent Change/Improvement Needed to Achieve Partnership for Excellence Goals by Year 2005-06</b>	
<b>Appendix F Partnership for Excellence Report Specifications</b>	

# Preface

The *Partnership for Excellence* is a mutual commitment by the State of California and the California Community Colleges system to significantly expand the contribution of the community colleges to the social and economic success of California. It is structured in phases, with substantial financial investment by the State in exchange for a credible commitment from the System to specific student and performance outcomes.

As its responsibility within the *Partnership*, the System shall commit to achieving outcomes by 2005 which reflect high priority policy objectives of the State. The performance outcomes are derived from the mission of the California Community Colleges, and are projected based on 1995 data. These goals are not intended to represent an exhaustive operationalization of the mission or to fully capture the complete value of a community college education. It is unnecessary for the *Partnership* to be wholly comprehensive; the funding infusion it represents accounts for less than three percent of the System budget. Through the year 2000-01, *Partnership for Excellence* goals are state-level only and funds are to be allocated on an FTES basis.

After extensive consultation, five performance goals were established in the areas of transfer, degrees and certificates, successful course completion, workforce development, and basic skills improvement. With the exception of subgoals under Workforce Development, which were based on information about contract education and collected by ED>Net, and the goal on transfer which is based on CPEC's *Student Profiles* report, all other data for the systemwide goals is already being reported to the Chancellor's Office under the existing Management Information System (MIS).

This first report then presents district- and college-level MIS baseline information for three fiscal year periods 1995-96 (the base year), 1996-97, and 1997-98 specific to the systemwide performance goals. No college-specific information was available for the subgoals related to economic development (i.e., businesses and employees benefiting and individuals receiving fee based job training).

The primary purpose of this report is to report back data contained in the MIS on district and college performance related to the five goals. District staff are advised to carefully examine the data using definitions in Appendix D to determine that it correctly reflects the activities and performance in their college(s). If significant discrepancies are discovered, do not hesitate to contact Debbie Toner from the Chancellor's MIS Unit to determine if resubmission of data is necessary.

This report will also serve as a response to *Education Code* Section 84754 which requires the Chancellor's Office to ". . . report to the Legislature, the Governor, CPEC, and other interested parties by April 15 of each year. The annual reports shall include data for each district and

*Preface*

college with respect to levels of achievement and relative progress towards the goals . . .”. District performance starting with the Fall 1998 term will be subject to a review by April 2001, which could trigger a contingency funding mechanism that “. . . shall link allocation of *Partnership for Excellence* funds to individual districts to the achievement of and progress toward *Partnership for Excellence* goals by those individual districts.” (*Education Code* Section 84754(d)(1))

The appendices of this report provide additional background information on *Partnership for Excellence* and the methodology and rationale used to project goals through the Year 2005. This rationale is an end product of extensive deliberations and negotiations through the prolonged developmental process of the proposal, including the Consultation Council, the Accountability Umbrella Advisory Committee, the Board of Governors of the California Community Colleges, the Governor’s Office and the Department of Finance, the Legislature and the Office of the Legislative Analyst, and the California Postsecondary Education Commission.

This report was prepared by Leonard Shymoniak with assistance from ZoAnn Laurente of the Accountability Unit. Jan Paulson and Tom Nobert from the MIS Unit assisted in the creation of the necessary data files, software development and data development. Jeannine Clemons from the Documents and Publications Unit took charge of the layout and formatting of the report. Reviewers were Julie Slark from Rancho Santiago Community College District, Linda Umbdenstock from Long Beach City College, and Brad Phillips from Grossmont-Cuyamaca Community College District.

Any comments or questions about the contents of this report may be directed to ZoAnn Laurente, 916-322-2818 or E-mail at [zlaurent@cc1.cccco.edu](mailto:zlaurent@cc1.cccco.edu) or for MIS resubmissions, Debbie Toner, 916-327-5903 or E-mail at [dtoner@cccoco.edu](mailto:dtoner@cccoco.edu).

March 1999

# *Goal One*

## **Transfer**

*1995-96, 1996-97, and 1997-98*

### **Transfer Goal Statement**

**An increase from 69,574 to 92,500 in the number of students who transfer from community colleges to baccalaureate institutions. This performance goal may also be expressed in the form of segmental subgoals: an increase from 10,886 to 14,500 in the number of transfers to UC, an increase from 48,688 to 64,200 in the number of transfers to CSU, and an increase from 10,000 to 13,800 in the number of transfers to independent and out-of-state colleges. Achievement of these goals is dependent on the extent to which the baccalaureate institutions are able to accommodate students who are prepared to transfer, and the system will assess progress toward these goals in the context of the change in the number of students who become eligible for transfer.**

**Number of Full-Year Transfer Students from  
California Community Colleges to the  
University of California and the California State University**

**Source:** California Community Colleges Chancellor's Office, *Report on Transfers and Degrees and Certificates*, 1995-96 and 1996-97. For 1997-98, based on Management Information System printout as of January 15, 1999.

## *Goal Three*

### **Successful Course Completion**

*1995-96, 1996-97, and 1997-98*

#### **Successful Course Completion Goal Statement**

**An increase from 68.1% to 70.6% in the overall rate of successful course completions. An increase in the rate of successful course completions from 68.3% to 70.8% for transferable courses, from 77.2% to 80.0% for vocational courses, and from 60.3% to 62.5% for basic skills courses. (The goal statements for these three years are Excel files and can be accessed through the Fact Book page at [www.cccco.edu/pad/factlist.htm](http://www.cccco.edu/pad/factlist.htm).)**

### **Workforce Development— Successful Course Completion of Vocational Education Courses** *1995-96, 1996-97, and 1997-98*

#### **Workforce Development Goal Statement**

- I. An increase from 16,810 to 22,788 in the number of successfully completed Apprenticeship courses; from 242,436 to 329,041 in the number of successfully completed Advanced-level Vocational courses; and from 684,385 to 927,887 in the number of successfully completed Introductory Vocational courses.**
- II. An increase from 1,263 to 1,700 in the number of California businesses benefiting from training through contract education. [Note: Base year is Fall 1996.]**
- III. An increase from 73,801 to 99,600 in the number of employees benefiting from training through contract education.**
- IV. An increase from 140,505 to 189,700 in the number of individuals receiving fee-based job training. (Data is shown only for subgoal I.)**

(The goal statements for these three years are Excel files and can be accessed through the Fact Book page at [www.cccco.edu/pad/factlist.htm](http://www.cccco.edu/pad/factlist.htm).)

# *Goal Five*

## **Basic Skills Improvement**

### **Basic Skills Improvement Goal Statement**

**An increase from 108,566 to 150,754 in the number of students completing coursework at least one level above their prior basic skills enrollment. (This goal statement is an Excel file and can be accessed through the Fact Book page at [www.cccco.edu/pad/factlist.htm](http://www.cccco.edu/pad/factlist.htm).)**
