**ISSUE:** This item presents an overview of the 2016-17 budget approved by the Governor as it relates to the California Community Colleges.

**BACKGROUND:** On Wednesday, June 15th, the Legislature approved a \$122.5 billion (General Fund) budget for the 2017-18 fiscal year. The Governor approved the final budget package on Tuesday, June 27th without vetoing a single appropriation.

The 2017 Budget Act continues to increase the state’s Rainy Day Fund and pay down liabilities to counter the potential fiscal impact of federal policy changes, and the potential end of an economic expansion that has surpassed historical averages. The 2017-18 Budget focuses state spending on key state priorities of education, counteracting the effects of poverty, and improving transportation infrastructure.

The 2017-18 Budget includes Proposition 98 funding of \$74.5 billion for 2017-18, an increase of \$2.6 billion over the 2016 Budget Act level. When combined with revenue changes attributable to the 2015-16 and 2016-17 fiscal years, as well as other one-time savings and adjustments in those years, the 2017-18 Budget provides a \$3.3 billion increased investment in K-14 education over the three-year period.

**RECOMMENDATION:** This item is presented to the Board of Governors for information and discussion.

**ANALYSIS:** Specific to California Community Colleges (CCCs), the 2017 Budget Act includes \$8.6 billion, an increase of \$270.2 million over the 2016 Budget Act level. When combined with adjustments to the 2015-16 and 2016-17 fiscal years, the 2017-18 Budget provides a \$587.8 million increased investment in CCCs over the three-year period.

Major components of the 2017-18 Budget include:

### Staffing

- \$618,000 General Fund for six new positions and funding for an additional executive position, to support the Chancellor's priorities to provide greater leadership and technical assistance.

Overall this a very good budget for the CCCs. We will be able to provide a higher quality experience for our students through our increased per student funding rate and improved facilities. The new Guided Pathways initiative will help fuel the next phase of our student success efforts, resulting in higher student completion rates and closed achievement gaps. In addition, we will be better able to support the wide-ranging needs of our diverse student population by expanding and strengthening our financial aid programs, veterans resource centers, and mental health services.

As we move towards the next budget cycle, it is important to keep in mind our system has received \$552 million in base increases over the last three years to support increased operating expenses, primarily attributable to escalating employer pension rates. While the employer pension rate increases have only totaled \$317 million between 2013-14 and 2017-18, the Legislative Analyst's Office expects this to reach \$902 million between through 2024-25. It is important for colleges to properly plan for how they will absorb the remaining rate increases between now and 2024-25, and to use wisely their share of the \$552 million in base increase to mitigate its impacts on their students and employees.
