SUBJECT: Request for Applications 18-073 California Virtual Campus – Online Education
            Initiative Grant Program

The California Community Colleges Chancellor's Office (CCCCO) is pleased to announce the
California Virtual Campus – Online Education Initiative (CVC-OEI) grant program. Pending
approval of the 2018-19 Budget Act (AB 1806, Ting)[1], this $20 million program is eligible for
annual renewals through 2023-24. **Deadline to apply is 5:00 p.m. (PST) on Monday, May 28,
2018.**

The CVC-OEI grant opportunity combines the California Virtual Campus with the Online
Education Initiative to create a new, combined project. The CVC-OEI will provide more
opportunities for California community college students to complete their education goals
through a robust and seamless online experience. The CVC-OEI is a coordinated effort that
will also assist colleges in creating and delivering quality online education and improving the
infrastructure for sharing students, courses, programs, services and data among colleges. This
grant is fiscally and programmatically independent from Governor Jerry Brown's proposed
fully Online Community College.
