Subject: College-level Strong Workforce Program Incentive Funding Calculations

Dear District CEOs,

We are pleased to send you the college-level outcomes from the Strong Workforce Program incentive funding calculation for 2017-18. We know that your colleges are very busy, so thank you for helping to prioritize the important work of the Strong Workforce Program and working to create outcomes for students leading to completion, employment and wage gains.

The 2017-18 Strong Workforce Program positive incentive funding was calculated for each college and rolled-up by district and region to determine the Local and Regional Share incentive funding allocations, as detailed in the [memorandum sent out on January 31, 2018](#).

We recognize that districts will allocate incentive funding monies across colleges according to local priorities. To help inform these decisions, the Chancellor's Office reasoned it might be useful for districts to see how much each college contributed to the Local and Regional Share incentive funding totals. As such, please find the breakout of the Strong Workforce Program incentive funding calculations for each college at <http://doingwhatmatters.cccco.edu/StrongWorkforce/SWPIncentiveFundingAllocation.aspx>. This is an internal address that is being sent specifically to District CEOs.

To learn more about the 2017-18 Strong Workforce Program allocations, please join us for a webinar on Monday, April 16, 2018 from 12:00 – 1:00 pm. Below is information on how to access the webinar:
