

2014-15 Technical Assistance Provider for Contract Education RFA Clarifying Questions

- **What do you mean by the following sentence, and, where can the data be found? Provide and assess available quantitative and qualitative data that demonstrates the need for effective contract education programs?**
The Chancellor's Office is looking for the applicant to demonstrate an approach on making the case (either using quantitative or qualitative data) on the value of contract education. For example, Student Momentum Points 33 and 34 in Appendix D can be easily applied to Contract Education, are there other quantitative or qualitative data that could be collected? The grant applicant will need to provide information on where they found the data.
