Goal and Purpose

Goal

The core goal is to develop DEIA-focused professional development opportunities to upskill faculty and successfully expand their capacities to serve students, improving students' experiences and outcomes.

Purpose

The CRPP Innovative Best Practices Grants are competitive, one-time grants to aid institutions that develop innovative DEIA-minded and culturally competent professional development training for faculty. Trainings should focus specifically on nurturing the development of culturally responsive pedagogy and classroom practices for disproportionately impacted and underrepresented communities.
