He has been in the San Jose and Central Coast areas for almost two months now, packing boxes of produce for food distribution to those in need. SYSTEM GUIDANCE

The Chancellor's Office is working to keep the system informed during this uncertain time. We encourage all staff, faculty and administrators to regularly check the [Chancellor's Office COVID-19 resource page](#) for ongoing guidance, announcements and updates.

ONLINE INSTRUCTION

Due to a new password policy implemented by Zoom, passwords are now required when connecting from Canvas. The "ConferZoom" app in Canvas automatically manages passwords, enabling a seamless connection without a password prompt for students. We encourage faculty to have students connect using these secure meeting connections through Canvas which are protected by embedded passwords and other security measures to assure your privacy and safety. There is no need to change password settings in your TechConnect Zoom (ConferZoom) account. [TechConnect has created instructions for addressing this new requirement at this link.](#)

The California Virtual Campus-Online Education Initiative (CVC-OEI) offers a number of online events to continue to help faculty and staff with the transition to virtual learning. Upcoming seminars include:

Pisces Training: Leader Tools

This seminar will focus on the Pisces features that are of particular interest to leaders (e.g., tutor, instructor, adviser, coach), and will offer a closer look at the live and drop-off modes available in the system, an explanation on setting availability for scheduled appointments, and a discussion on the features available in the collaboration space. This webinar is on Tuesday, April 28 from 12:30 – 1:00 p.m. [Register at this link.](#)

CVC-OEI also continues to host weekly drop-in hours with its instructional design team. You can find all upcoming events on the [CVC-OEI Events page](#).
