STATE AND NATIONAL GUIDANCE/EXECUTIVE ORDERS/NEWS

Gov. Gavin Newsom did not hold a news conference today. You can find the latest information on the state’s response to the COVID-19 pandemic on California’s COVID-19 website.

The Senate Budget and Fiscal Review Committee met today to lay out details of a budget proposal that would avoid trigger cuts included in Gov. Newsom’s May Revision. Lawmakers on both sides have criticized the governor for proposing billions in cuts to schools, health care and safety net programs, as well as his reliance on the federal government in his budget plan.

San Francisco Mayor London Breen today announced new guidelines for reopening the city and county. Social distancing and face coverings outside are still required, and telework is still highly recommended if possible.

The House gave overwhelming bipartisan approval today to legislation to modify a new “paycheck protection” program for businesses affected by the pandemic. The bill now goes to the Senate, where a vote is expected next week.

Despite businesses across the country reopening, another 2.1 million Americans applied for unemployment last week, bringing the total to around 41 million since mid-March. The new numbers come as the Trump administration says it will break precedent and won’t release formal economic projections this summer that would forecast the extent of the economic downturn.

The United States on Wednesday passed the grim milestone of 100,000 deaths, a number that’s difficult for many to process. In this article, each ray of light is one life lost to COVID-19 in our country.

Both sites were created specifically for California community college students and both are free to all California community colleges. Register at this link.
