STATE AND NATIONAL GUIDANCE/EXECUTIVE ORDERS/NEWS

Gov. Gavin Newsom did not hold a COVID-19 update today. You can find the latest information on the state’s response to the COVID-19 pandemic on California’s COVID-19 website.

Gov. Newsom on Thursday signed an executive order extending consumer protections against price gouging through March 4, 2021 as California continues to respond to the COVID-19 pandemic. The protections generally prohibit sellers of any kind from increasing prices on food, consumer goods, medical or emergency supplies, and certain other items by more than 10%.

California now has 722,283 confirmed cases of COVID-19, resulting in 13,490 deaths. The number of COVID-related deaths increased by 1.2% from Wednesday’s total of 13,327. The state has performed 11.7 million COVID-19 tests and the rate of positivity over the last 14 days has dropped to 4.9%.

Nineteen percent of Californians - nearly one in five - personally knew someone who died of COVID-19, according to a new poll. For Black and Latino populations, who have died at disproportionate rates from the disease, those figures jump to 28% and 29%, respectively.

The global death toll from the coronavirus pandemic could triple by year’s end, with an additional 1.9 million deaths, while a fall wave of infections could drive fatalities in the United States to 410,000, according to a new forecast from the Institute for Health Metrics and Evaluation at the University of Washington.

U.S. unemployment dropped in August from 10.2% to a still-high 8.4%, with about half the 22 million jobs lost to the coronavirus outbreak recovered so far. Employers added 1.4 million jobs last month, down from 1.7 million in July and the fewest since hiring resumed in May. And an increasingly large share of Americans reported that their jobs are gone for good, according to the Labor Department report.

The Trump administration plans to enforce federal standardized testing requirements for K-12 schools despite the pandemic, Education Secretary Betsy DeVos announced to state leaders on Thursday.

Labor Day weekend will set the course for the coronavirus this fall: ‘We may have some hard days ahead.’
