RE: Student Equity and Achievement (SEA) Program Advance Allocation

The Student Equity and Achievement Program was established in Education Code (EC) 78222 with the intent of supporting Guided Pathways and the system wide goal to eliminate achievement gaps. As a condition of receiving funds, a district shall comply with the following: maintain an equity plan per EC 78220; provide matriculation services per EC 78212; adopt placement policies per EC 78213 (AB 705) and provide all students with an educational plan.

While the Chancellor's Office continues to work on a future funding formula for the SEA Program, the 2019-20 allocations will be equal to the amounts of 2018-19 allocations. Districts will receive an allocation amount equal to their 2018-19 SEA Program allocations. Advance allocations will go out this month and represent nearly all of the allocation with minor adjustments in P1, if needed. Funds can still be used to support noncredit services and programs. Additionally, districts may use up to 1% of their allocation for faculty and staff development to assist in the implementation of AB 705. Attached are flexible spending guidelines.

See the attached Advance Allocation document for district-by-district allocation amounts. Colleges and districts have two full years to expend their allocations. Thus, colleges will have until June 30, 2021, to spend funds allocated for the 2019-2020 academic year.
