

Strong Workforce Program
Trailer Bill Language – 2016-2017 California State Budget

Highlighted in yellow is language of interest to local colleges/districts and their CTE Regional Consortia.

88820.

This part shall be known, and may be cited, as the Strong Workforce Program.

88821.

(a) The Legislature finds and declares all of the following:

(1) California’s economic competitiveness is fueled, in part, by the strength of its regional economies and its skilled workforce.

(2) Upward social and economic mobility helps keep the state’s economy diversified and vibrant.

(3) The attainment of industry-valued “middle skill credentials” serves as a gateway for a large and diverse number of careers in the state’s economy.

(4) California’s local educational agencies, community college districts, interested public four-year universities, local workforce development boards, economic development and industry leaders, and local civic representatives should collaboratively work together to inform the offerings of courses, programs, pathways, and workforce development opportunities that enable students to access the current and future job market and further social and economic mobility.

(b) The Strong Workforce Program is hereby established for the purpose of expanding the availability of quality community college career technical education and workforce development courses, programs, pathways, credentials, certificates, and degrees.

(c) To facilitate program coordination and alignment with other workforce training, education, and employment services in the state, the Strong Workforce Program shall operate in a manner that complies with the California Strategic Workforce Development Plan, required pursuant to the federal Workforce Innovation and Opportunity Act (Public Law 113-128), and expand upon existing consortia infrastructure.

(d) To avoid duplication of effort, activities funded under the Strong Workforce Program shall be informed by, aligned with, and expand upon the activities of existing workforce and education regional partnerships, including those partnership activities that pertain to regional planning efforts established pursuant to the federal Workforce Innovation and Opportunity Act (Public Law 113-128), adult education block grant consortia, and K-12 career technical education programs.

(e) All of the following guiding principles shall apply to each consortium participating in the Strong Workforce Program:

(1) A community college district participating in the consortium shall ensure that its community college career technical education and workforce development courses, credentials, certificates, degrees, programs, and pathway offerings are responsive to the needs of employers, workers, civic leaders, and students.

(2) The consortium shall collaborate with other public institutions, including, but not limited to, local educational agencies, adult education consortia, local workforce development boards, and interested California State University and University of California institutions.

43 (3) The consortium shall collaborate with civic representatives, representatives from the labor
44 community, and economic development and industry sector leaders within the region.

45 (4) The consortium shall include collaborating entities and persons identified in this subdivision in
46 planning meetings, provide them with adequate notice of the consortium's proposed decisions, and
47 solicit, consider, and respond to comments from them regarding the consortium's proposed decisions.

48 (5) Collaborative efforts shall focus upon evidence-based decisionmaking and student success with
49 workforce outcomes aligned with the performance accountability measures of the federal Workforce
50 Innovation and Opportunity Act (Public Law 113-128), and closing labor market and employment gaps.
51 Each consortium shall strive to align programmatic offerings in the most effective and efficient manner to
52 avoid duplication of effort and streamline access to services, and education and training opportunities.

53 (6) Community college districts and other entities participating in a consortium are encouraged to
54 develop long-term partnerships with private sector employers and labor partners to provide coordinated
55 courses, programs, and pathways with employer involvement in the assessment, planning, and
56 development of community college career technical education courses, programs, and pathways. To the
57 extent practicable, employer partnerships should build upon regional partnerships formed pursuant to
58 the federal Workforce Innovation and Opportunity Act (Public Law 113-128) and other state or federal
59 programs.

60 (7) Community college districts and other entities participating in a consortium are encouraged to develop
61 and work closely with public and private organizations that offer workforce development programs and
62 pathways to young adults with autism and other developmental disabilities to provide a comprehensive
63 approach to address workforce readiness and employment.

64 (f) The chancellor's office shall, in consultation with the California Workforce Development Board, the Academic
65 Senate for California Community Colleges, and its partners formed pursuant to the federal Workforce Innovation
66 and Opportunity Act (Public Law 113-128), as applicable, develop and implement policies and guidance necessary
67 to implement the Strong Workforce Program, including policies and guidance necessary for consortia, including
68 community college districts and their regional partners, to increase the number of aligned middle skill and career
69 technical education courses, programs, pathways, credentials, certificates, and degrees. No later than June 30,
70 2017, the chancellor's office shall develop and implement policies and guidance pursuant to this subdivision and
71 bring before the Board of Governors of the California Community Colleges any policies, regulations, and guidance
72 necessary to accomplish all of the following:

73 (1) Facilitate the development, implementation, and sharing of career technical education effective
74 practices, curriculum models and courses, and community college credentials, certificates, degrees, and
75 programs across regions and among community college districts.

76 (2) Enable community college districts to develop career technical education and workforce outcomes,
77 and applicable associate degrees and certificates as appropriate.

78 (3) Provide accessible performance and labor market data that can be used flexibly by participating
79 community college districts and their regional partners to support the implementation of the Strong
80 Workforce Program and related efforts to align regional workforce and education programming with
81 regional labor market needs.

82 (4) Encourage local efficiency through coordinated and collaborative regional workforce efforts in which
83 community college districts are partners.

84 (5) Support curriculum processes to ensure that students are able to efficiently transfer college-level
85 career technical education credits across community college districts and to the California State University
86 and the University of California.

- 87 (6) Improve sector-based engagement with employers within a region.
- 88 (7) Provide, in partnership with employers, work-based learning opportunities for students that increase
89 their employability and earning potential.
- 90 (8) Enable community college districts to facilitate and optimize their resources to support the Strong
91 Workforce Program and other related regional workforce development efforts.
- 92 (9) Ensure that community college district Strong Workforce Program expenditures are focused on
93 improving student success with workforce outcomes for all students enrolled in community college career
94 technical education courses, programs, and pathways.
- 95 (10) (A) Notwithstanding the June, 30, 2017, implementation date specified in this subdivision, develop
96 and implement a plan to streamline the course and curriculum approval process, both at the state and
97 local levels. The plan shall reflect an expedited state approval process for career technical education
98 courses, programs, and certificates, and may include the elimination of an existing state course and
99 program approval process. The plan shall reflect one of the following two options:
- 100 (i) A process of course and curriculum approval that enables community college districts
101 to develop a course or program within one academic year and to offer that course or
102 program the subsequent academic year.
- 103 (ii) A process of course and curriculum approval that enables community college districts
104 to develop a course or program within one academic semester and to offer that course
105 or program the subsequent academic semester.
- 106 (B) The plan described in subparagraph (A) shall also reflect the creation of a process that enables
107 career technical education courses and programs to be portable among community college districts.
108 This process shall enable a community college district to adapt, adopt, or adapt and adopt another
109 community college district's approved career technical education courses, programs, and curriculum
110 within one academic semester and to offer that course or program, or utilize that curriculum, the
111 subsequent academic semester.
- 112 (C) The chancellor's office shall consult with the Legislature and the Governor prior to implementing
113 the plan. The plan shall be developed no later than July 1, 2017, and implemented no later than
114 January 1, 2018.
- 115 (11) Eliminate barriers to hiring qualified instructors for career technical education courses, including
116 reevaluating the required minimum qualifications for career technical education instructors.
- 117 (g) After June 30, 2017, and only as necessary, the chancellor's office may develop and implement revised policies
118 and guidance and bring regulations before the Board of Governors of the California Community Colleges as
119 necessary for a community college district and its regional partners to accomplish both of the following:
- 120 (1) Implement and expand the amount of aligned middle skill and career technical education credentials,
121 certificates, degrees, courses, programs, and pathways in accordance with paragraphs (1) to (11),
122 inclusive, of subdivision (f).
- 123 (2) Implement the recommendations of the Strong Workforce Task Force.
- 124 (h) (1) For purposes of this section, the chancellor's office shall consider input provided by relevant stakeholders,
125 including the Academic Senate of the California Community Colleges and the California Workforce Development
126 Board, prior to implementing revised guidance, policies, or regulatory changes.

127 (2) For purposes of this article and in compliance with the consultation requirements in Sections 70901 and
128 70902, the Academic Senate of the California Community Colleges shall establish a career technical education
129 subcommittee to provide recommendations on career technical education issues. No less than 70 percent of
130 the subcommittee shall consist of career technical education faculty. The subcommittee's charter shall require
131 it to provide assistance to community college districts to ensure that career technical education and its
132 instruction is responsive and aligned to current and emergent industry trends, and ensure that similar courses,
133 programs, and degrees are portable among community college districts.

134 **88822.**

135

136 For purposes of this part, the following terms have the following meanings:

137 (a) "Career pathways" means an identified series of positions, work experiences, or educational benchmarks or
138 credentials that offer occupational and financial advancement within a specified career field or related fields over
139 time.

140 (b) "Career technical education credential" means a workforce certificate, degree, or industry-recognized
141 credential.

142 (c) "Career Technical Education Regional Consortium," or "consortium," means an administrative grouping of
143 community college districts by the Division of Workforce and Economic Development of the chancellor's office for
144 the purpose of coordination and joint planning within regions, as defined in subdivision (i).

145 (d) "Chancellor's office" means the Office of the Chancellor of the California Community Colleges.

146 (e) "Industry" or "industry sectors" means trade associations or those firms that produce similar products or
147 provide similar services using somewhat similar business processes.

148 (f) "Middle skill credential" means a certificate, associate's degree, or industry-recognized credential that is less
149 than a bachelor's degree but more than a high school diploma and facilitates student success with workforce
150 outcomes.

151 (g) "Plan" means the regional plan established under this part.

152 (h) "Program" means the Strong Workforce Program established under this part.

153 (i) "Region" means a geographic area of the state defined by economic and labor market factors containing at least
154 one industry cluster and the cities, counties, or community college districts, or all of them, in the industry cluster's
155 geographic area. To the extent possible, for the purposes of this part, collaborative regions should align with
156 federal Workforce Innovation and Opportunity Act (Public Law 113-128) regional planning unit boundaries
157 specified in the California Strategic Workforce and Development Plan and expand upon existing consortium
158 infrastructure established by the chancellor's office.

159 (j) "Strong Workforce Task Force" means the Task Force on Workforce, Job Creation and a Strong Economy
160 commissioned by the Board of Governors of the California Community Colleges.

161 **88823.**

162

163 (a) Commencing July 1, 2017, as a condition of receipt of funds from this program for a fiscal year, each
164 consortium, in consultation with collaborating entities identified in paragraph (2) of subdivision (e) of Section
165 88821, shall submit a plan to the chancellor's office that has been updated for that fiscal year.

166 (b) The plan pursuant to subdivision (a) shall include all of the following requirements:

167 (1) The names of the community college districts participating in the consortium, including the name of
168 the community college identified as the consortium's fiscal agent, and the names of entities collaborating
169 pursuant to paragraph (2) of subdivision (e) of Section 88821.

170 (2) The governance model for the consortium. Decisions governing, or relating to, the distribution of fiscal
171 resources shall be determined exclusively by the community college districts participating in the
172 consortium.

173 (3) An analysis of regional labor market needs informed by a federal Workforce Innovation and
174 Opportunity Act (Public Law 113-128) economic analysis and other sources as applicable. This analysis
175 shall also include wage data for each industry sector or labor market need identified.

176 (4) An inventory of regionally prioritized and locally prioritized projects and programs that close relevant
177 labor market and employment gaps.

178 (5) Measurable regional goals that align with the performance accountability measures of the federal
179 Workforce Innovation and Opportunity Act (Public Law 113-128).

180 (6) For regionally prioritized projects and programs, a work plan, spending plan, and budget. The work
181 plan, spending plan, and budget shall identify the amount of funding allocated for one-time and ongoing
182 expenditures.

183 (7) A description of the alignment of work plans, spending plans, and other education and workforce plans
184 guiding services in the region, including plans pertaining to the building of career pathways and the
185 employment of workforce sector strategies and those plans required pursuant to the federal Workforce
186 Innovation and Opportunity Act (Public Law 113-128).

187 (c) Each consortium shall submit a plan by January 31 once every four years and shall annually update the plan by
188 January 31 of each year until the next new plan is submitted.

189 (d) The chancellor's office shall review the plans on a four-year cycle and ensure that annual updates are made by
190 each consortium. The chancellor's office shall determine if each consortium has made significant progress in
191 meeting the goals and measures outlined in its plan, and provide technical assistance to a consortium that has not
192 met its goals. The chancellor's office is encouraged to provide technical assistance pursuant to this subdivision
193 through the Institutional Effectiveness Partnership Initiative.

194 (e) To avoid duplication of effort, plans developed pursuant to this section shall be informed by, aligned with, and
195 expand upon regional plans and planning efforts established pursuant to the federal Workforce Innovation and
196 Opportunity Act (Public Law 113-128).

197 (f) Community college districts participating in a consortium shall utilize their region's plan to inform local campus
198 planning efforts to implement career technical education courses, programs, and pathways and integrate available
199 local, regional, state, and nonpublic resources to ensure that students will achieve successful workforce outcomes.

200 (g) Community college districts shall meet with the members of their consortium not less than annually to inform
201 on the delivery of career technical education and workforce development courses, programs, and pathways within
202 the region.

203 (h) Each region's plan shall be for the primary purpose of informing the development of strategies related to career
204 technical education and workforce development courses, programs, and pathways. Each region's plan shall reflect
205 strategies to efficiently and effectively utilize any available public and private resources, including funds for the
206 Career Technical Education Pathways Program established in Part 52 (commencing with Section 88530), in a
207 manner that better aligns career technical education courses, programs, and pathways with the needs of their
208 regional economies.

209 (i) It is the intent of the Legislature to align community college career technical education programs within the
210 Strong Workforce Program. Staff from the chancellor's office, the Legislative Analyst's Office, and the Department
211 of Finance are requested to investigate the potential consolidation of community college career technical
212 education programs within the Strong Workforce Program.

213 **88824.**

214

215 (a) This section only applies for the 2016–17 fiscal year.

216 (b) To promote the success of community college students and the career technical education programs that serve
217 them, up to 5 percent of the funds appropriated for the program in the annual Budget Act may be allocated by the
218 Board of Governors of the California Community Colleges to a community college district for statewide activities to
219 improve and administer the program, including the facilitation of system, program, and data alignment at the state
220 and regional levels. The chancellor's office shall consult with the California Workforce Development Board and
221 other appropriate state agencies on the development of all statewide activities that would be implemented by the
222 selected district to facilitate broader workforce and education system alignment. Statewide coordination activities
223 funded out of this allocation may include, but are not limited to, the following activities:

224 (1) State-level coordination for the development of labor market analyses pertaining to economic and
225 industry trends and jobs projections for the purpose of supporting common regional planning efforts and
226 the alignment of career technical education program offerings with regional labor market dynamics.

227 (2) Research, evaluation, and technical assistance on the use of effective local and regional policies, best
228 practices, and model partnerships.

229 (3) Development and prototyping of innovative policies, practices, and coordinated services with local
230 workforce and education partners.

231 (4) Participation of community college districts in existing regional coalitions and planning efforts.

232 (5) Cross-training local program staff.

233 (6) Development and maintenance of a state-level cross-system data reporting mechanism with partners
234 formed pursuant to the federal Workforce Innovation and Opportunity Act (Public Law 113-128) for the
235 purpose of monitoring workforce program outcomes and performance accountability.

236 (7) Leveraging allocated funds with state and local partners through interagency agreements,
237 memorandums of understanding, or other appropriate mechanisms.

238 (c) (1) The chancellor's office shall provide to the Department of Finance and the Legislative Analyst's Office its
239 recommendations for the allocation of funds available for each consortium no later than August 30, 2016. The
240 department shall approve the allocation plan before the release of funding. Each consortium, in consultation with
241 local colleges, community college districts, and the chancellor's office, shall select a community college to be a
242 fiscal agent that shall directly receive funds apportioned for the consortium in accordance with this section. The
243 chancellor's office shall determine, for purposes of allocating funds for the consortium and its community college
244 districts, the local unemployment rate, the region's proportion of career technical education full-time equivalent
245 students, and proportion of projected job openings. Each of these three factors shall comprise one-third of the
246 allocation formula. Funds may be used for regionally prioritized projects and programs and locally prioritized
247 projects and programs that meet regional needs for career technical education and workforce development
248 courses, programs, pathways, credentials, certificates, and degrees.

249 (2) Forty percent of the funds apportioned for the program shall be provided directly to the fiscal agent of the
250 consortium for the purpose of funding regionally prioritized projects and programs that meet the needs of
251 local and regional economies, as identified in regional plans and Workforce Innovation and Opportunity Act
252 (Public Law 113-128) regional plans.

253 (3) Sixty percent of the funds apportioned for the program shall be provided directly to community college
254 districts in the consortium. Funds apportioned directly to a community college district shall be expended for
255 the purpose of funding regionally prioritized projects and programs within the community college district that
256 meet the needs of local and regional economies, as identified in regional plans and Workforce Innovation and
257 Opportunity Act (Public Law 113-128) regional plans. As a condition of receiving direct funding, each
258 community college district shall actively participate in its consortium.

259 (d) As a condition of receipt of funds pursuant to subdivision (c), a community college district shall comply with all
260 of the following requirements:

261 (1) Be a member of a consortium.

262 (2) Participate in regional planning efforts established pursuant to the federal Workforce Innovation and
263 Opportunity Act (Public Law 113-128) and other efforts to align workforce, employment, and education
264 services.

265 (3) Work with other members of the consortium to create and submit a plan to the chancellor by January
266 31, 2017, for inclusion in the submissions of regional plans for purposes of the program and the federal
267 Workforce Innovation and Opportunity Act (Public Law 113-128).

268 (4) Provide accessible performance and labor-market data that can be used by community college districts
269 and their regional partners to support the implementation of the program and describe related efforts to
270 align regional workforce and education programming with regional labor market needs, including, but not
271 limited to, regional planning efforts established pursuant to the federal Workforce Innovation and
272 Opportunity Act (Public Law 113-128).

273 (5) Certify that the use of funds will meet the intent of the program to accomplish all of the following:

274 (A) Increase the number of students in quality career technical education courses, programs, and
275 pathways that will achieve successful workforce outcomes.

276 (B) Increase the number of quality career technical education courses, programs, and pathways
277 that lead to successful workforce outcomes, or invest in new or emerging career technical
278 education courses, programs, and pathways that may become operative in subsequent years and
279 are likely to lead to successful workforce outcomes.

280 (C) Address recommendations from the Strong Workforce Task Force, including the
281 recommended provision of student services related to career exploration, job readiness and job
282 placement, and work-based learning.

283 (e) Funds appropriated to community college districts for the program shall supplement, not supplant, existing
284 funding of community college career technical education programs. This subdivision shall not be interpreted to
285 mean that a participating community college district is prohibited from eliminating or altering existing programs,
286 but the percentage of that community college district's total full-time equivalent students enrolled in career
287 technical education courses relative to the total full-time equivalent students enrolled in the district shall not be
288 reduced from the percentage computed for the 2015–16 fiscal year.

289 (f) A consortium shall allocate funds only to community college districts.

290 **88825.**

291 (a) This section applies commencing with the 2017–18 fiscal year.

293 (b) To promote the success of community college students and the career technical education programs that serve
294 them, up to 5 percent of the funds appropriated for the program may be allocated by the Board of Governors of

295 the California Community Colleges to a community college district for statewide activities to improve and
296 administer the program, including the facilitation of system, program, and data alignment at the state and regional
297 levels and the implementation of the 25 recommendations presented to the board of governors on January 19 and
298 20, 2016, by the Strong Workforce Task Force. The chancellor's office shall consult with the California Workforce
299 Development Board and other appropriate state agencies on the development of all statewide activities that
300 would be implemented by the selected district to facilitate broader workforce and education system alignment.
301 Statewide coordination activities funded out of this allocation may include, but are not limited to, the following
302 activities:

303 (1) State-level coordination for the development of labor market analyses pertaining to economic and
304 industry trends and jobs projections for the purpose of supporting common regional planning efforts and
305 the alignment of career technical education program offerings with regional labor market dynamics.

306 (2) Research, evaluation, and technical assistance on the use of effective local and regional policies, best
307 practices, and model partnerships.

308 (3) Development and prototyping of innovative policies, practices, and coordinated services with local
309 workforce and education partners.

310 (4) Participation of community college districts in existing regional coalitions and planning efforts.

311 (5) Cross-training local program staff.

312 (6) Development and maintenance of a state-level cross-system data reporting mechanism with partners
313 formed pursuant to the federal Workforce Innovation and Opportunity Act (Public Law 113-128) for the
314 purpose of monitoring workforce program outcomes and performance accountability.

315 (7) Leveraging allocated funds with state and local partners through interagency agreements,
316 memorandums of understanding, or other appropriate mechanisms.

317 (c) (1) Forty percent of the funds apportioned for the program shall be apportioned directly to the fiscal agent of
318 the consortium for the purpose of funding regionally prioritized projects and programs that meet the needs of
319 local and regional economies, as identified in regional plans and Workforce Innovation and Opportunity Act (Public
320 Law 113-128) regional plans.

321 (2) Sixty percent of the funds apportioned for the program shall be apportioned directly to community college
322 districts in the consortium. Funds apportioned directly to a community college district shall be expended for
323 the purpose of funding regionally prioritized projects and programs within the community college district that
324 meet the needs of local and regional economies, as identified in regional plans and Workforce Innovation and
325 Opportunity Act (Public Law 113-128) regional plans. As a condition of receiving direct funding, each
326 community college district shall actively participate in its consortium.

327 (d) The allocation of funds to a consortium shall be based on a schedule determined by the chancellor's office and
328 is effective for the four years of each plan cycle. Within the four-year plan cycle, this schedule may be altered to
329 reflect changes in the statewide allocation for the program as appropriated in the annual Budget Act.

330 (e) The chancellor's office shall provide to the Department of Finance and the Legislative Analyst's Office its
331 recommendations for the allocation of funds available for each consortium no later than August 30 of each year.
332 The department shall approve the allocation plan before the release of funding.

333 (f) (1) For each four-year plan cycle, the chancellor's office shall determine the amount of funds to be allocated to
334 each consortium based on the following weighted factors in each region:

335 (A) The unemployment rate. This factor shall comprise 33 percent of the allocation formula.

336 (B) The proportion of career technical education full-time equivalent students. This factor shall
337 comprise 33 percent of the allocation formula.

338 (C) The proportion of projected job openings. This factor shall comprise 17 percent of the
339 allocation formula.

340 (D) The proportion of successful workforce outcomes as evidenced by the performance
341 accountability measures of the federal Workforce Innovation and Opportunity Act (Public Law
342 113-128). This factor shall comprise 17 percent of the allocation formula.

343 (2) For each four-year plan cycle, the chancellor's office shall determine the amount of funds to be allocated
344 directly to each community college district within a consortium based on the weighted factors, specified in
345 subparagraphs (A) to (D), inclusive, of paragraph (1), in each district within the region.

346 (g) A consortium shall allocate funds in accordance with its plan and only to community college districts. Decisions
347 governing, or relating to, the distribution of the consortium's fiscal resources shall be determined exclusively by
348 the community college districts participating in the consortium.

349 (h) As a condition of receipt of funds under this section, a participating community college district shall comply
350 with all of the following:

351 (1) Be a member of a consortium.

352 (2) Participate in regional planning efforts formed pursuant to the federal Workforce Innovation and
353 Opportunity Act (Public Law 113-128) and other efforts that align workforce, employment, and education
354 services.

355 (3) Work with other consortium members to create and submit a plan to the chancellor's office by January
356 31 of every fourth year of a four-year plan cycle.

357 (4) Provide accessible performance and labor market data that can be used by community college districts
358 and their regional partners to support the implementation of the program and any related efforts to align
359 regional workforce and education programming with regional labor market needs, including, but not
360 limited to, regional planning efforts established pursuant to the federal Workforce Innovation and
361 Opportunity Act (Public Law 113-128).

362 (5) Include interested public universities in regional planning.

363 (6) Certify that the use of funds will meet the intent of the program to accomplish all of the following:

364 (A) Increase the number of students in quality career technical education courses, programs, and
365 pathways that will achieve successful workforce outcomes.

366 (B) Increase the number of quality career technical education courses, programs, and pathways
367 that lead to successful workforce outcomes, or invest in new or emerging career technical
368 education courses, programs, and pathways that may become operative in subsequent years and
369 are likely to lead to successful workforce outcomes.

370 (C) Address recommendations from the Strong Workforce Task Force, including the
371 recommended provision of student services related to career exploration, job readiness and job
372 placement, and work-based learning.

373 (i) Funds appropriated to community college districts for the program shall supplement, not supplant, existing
374 funding of community college career technical education programs. This subdivision shall not be interpreted to
375 mean that a participating community college district is prohibited from eliminating or altering existing programs,

376 but the percentage of that community college district's total full-time equivalent students enrolled in career
377 technical education courses relative to the total full-time equivalent students enrolled in the district shall not be
378 reduced from the percentage computed for the 2015–16 fiscal year.

379 (j) Programs, courses, or instructional materials developed using funding from the program may be made available
380 to all community college districts, as appropriate, through the online clearinghouse of information created as part
381 of the Institutional Effectiveness Partnership Initiative.

382 **88826.**

383
384 (a) The chancellor's office shall implement performance accountability outcome measures for the program that
385 provide the Governor, the Legislature, and the general public with information that quantifies employer and
386 student outcomes for those participating in the program. These performance accountability measures shall, to the
387 extent possible, align with the performance accountability measures of the federal Workforce Innovation and
388 Opportunity Act (Public Law 113-128). Outcome measures shall include, to the extent possible, demographic data,
389 to allow policymakers and the general public to evaluate progress in closing equity gaps in program access and
390 completion, and earnings of underserved demographic groups.

391 (b) The chancellor's office shall post on its Internet Web site, for ease of access, all regional plans and their
392 subsequent progress plans, and solicit feedback from each consortium on recommendations they have for overall
393 program improvement.

394 (c) (1) Commencing in 2018, the chancellor's office shall submit a report on the program to the Governor and the
395 Legislature on or before the January 1 immediately subsequent to the fiscal year which the report addresses. This
396 report shall include, but is not limited to, all of the following:

397 (A) Data summarizing outcome accountability performance measures collected by the chancellor's office
398 pursuant to subdivision (a).

399 (B) A summary of recommendations for program improvement collected by the chancellor's office
400 pursuant to subdivision (b).

401 (C) Recommendations for future allocations to consortiums based upon program outcomes, including, at
402 a minimum, the number of certificates granted to, and wage increases of, students who have completed a
403 career technical education program.

404 (2) A report to be submitted pursuant to paragraph (1) shall be submitted in compliance with Section 9795 of
405 the Government Code.
