

Regional Collaboration and Coordination Grant

Frequently Asked Questions

The following questions were gathered from the most recent Regional Consortia Office Hours. If you have a question not covered by this document, please email Perkinssupport@cccco.edu.

Budget Questions

1. How should the RC&C Grant budget be planned?

Regions should plan their 6-month budget from January 1, 2022 to June 30, 2022. Then, plan a four-year budget starting each July 1st for FY 22-23 and continuing for FY 23-24, FY24-25, and FY25-26.

2. Is the award amount the same each fiscal year?

Yes, except, the first year is only a 6-month budget plan.

3. Are the Regional Consortia expected to write EWD sub budgets for salaries?

The Regional Consortia and their host district are responsible for the entire budget, including sub-agreements. The Chancellor's Office is interested in seeing the main budget. The budget narrative should explain the sub agreements and how those dollars will be spent.

Funding Questions

4. How will the Perkins and EWD funds be sent to the host district?

A grant agreement and facesheet will be issued. Then, expenditures will be reimbursed, included those for EWD because they are a match.

Reporting Questions

5. How will the host districts report plans and fiscal reports?

Districts shall report in the NOVA platform. Invoices, however, will be submitted quarterly to accountspayable@cccco.edu with a cc to the project monitor.

6. When reporting match, is the match considered included in the total amount?

Yes, the match is included into the total amount.
