Subject: Strong Workforce Program
Web Viewing of How Local and Regional Shares Were Invested

The CCCCO Workforce & Economic Development Division would like to thank all parties for their hard work and vision during the first year of Strong Workforce Program implementation. All uses of Regional Share and Local Share dollars to advance 'more and better' career technical education were successfully submitted on January 31.

The rollout paved new processes for our colleges and its partners, and created an opportunity for my staff to think differently in the design of tools and technical assistance in support of the field. Consistent with Strong Workforce Task Force "workforce outcomes and data" [Recommendation #6](#), we are pleased to present the following analytics and plans for public viewing. Please feel free to forward links to your campus and to your partners.

We are soliciting feedback on how to improve the rollout process and technical assistance in preparation for the 2017-18 round of \$200M. Please give us your feedback at: <https://www.surveymonkey.com/r/StrongWorkforceProgram>.

Please do not hesitate to contact Matthew Roberts, Ed.D. Dean of Field Operations at mroberts@cccco.edu or me at vtquinlivan@cccco.edu with any questions. Again, thank you for a very successful year one rollout.
