MEMO: CEP 12-10a

TO: Perkins Title IC Project Directors

FROM: Debra Jones, Ed.D.,
Dean, Career Education Practices

SUBJECT: 2012-2013 Perkins IV, Title I-C Allocations

Synopsis: This memo and attachment releases the 2012-2013 Perkins Allocation under Title I, part C of the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV). The document shows your relative “share” of 2012-13 Perkins funds based on the community college system allocation. The online Local Application will be released soon with these allocations.

The 2012-13 district allocations are now available. They were developed using the system Perkins allocation and *Report 1: Categories of Unduplicated Headcounts by District and College – Final Report* dated February 22, 2012. The Department of Social Services data was available and was used for deriving these allocations. The allocations are intended for district planning and completion of the 2012-13 Perkins IV Title IC Funds – Local Application. The Online Local Application will be released, under separate cover, as soon as the allocations are loaded into the online system.

Although the official allocation letter from the U.S. Department of Education (USDE) has not been received, we are releasing these as final numbers since both the official estimated state allocation from the USDE and the formula driven split between the California Department of Education and the Chancellor's Office have been finalized.

This memo & attachment can be found on the [2012 CEP Memos](#) web page.

Please contact your Project Monitor with any questions.

Attachment: 2012-2013 Perkins IV, Title I, Part C, Final Allocation workbook
