2017-18 Article I

The updated Article I includes the new term of agreement No. 8, which is titled: *Lobbying federal, state, or local officials*. This term of agreement exclusively pertains to a grantees ability to lobby when using their title as a Key Talent (e.g., Sector Navigator) and grant funding.

The attached Appendix A for Article II supersedes the Article II in Appendix A communicated by the memo dated March 21, 2017, which had the subject line: *2017-18 Renewal Applications*. The updated Article II Standard Legal Terms and Conditions includes the revised date (Revision 5/15/14).

Strong Workforce Program Metrics

Senate Bill (SB) 66 of 2016 amended §88650 of the Education Code to read as follows:

The chancellor shall implement performance accountability outcome measures for the economic and workforce development program that provide the Governor, Legislature, and general public with information that quantifies employer and student outcomes for those participating in the program. These performance accountability measures should, to the extent possible, align with the performance accountability measures of the federal Workforce Innovation and Opportunity Act (Public Law 113-128).

In response to SB 66, and as part of the Strong Workforce Program implementation, the Chancellor's Office developed new Strong Workforce Program Metrics that closely align with the Workforce Innovation and Opportunity Act (WIOA). The April 27th technical assistance webinar will provide additional guidance on how grantees should address these metrics in their work plans.

At this point in the State of California's WIOA implementation process, the WIOA metrics for employer engagement have not yet been finalized. The Chancellor's Office is in communication with the California Workforce Development Board about the adoption of employer-focused measures and will provide further guidance as more information becomes available.
