Cost or savings to state agencies: *None*

Costs to local agencies or community college districts for which reimbursement would be required pursuant to part 7 (commencing with section 17500) of division 4, of title 2, of the Government Code: *None*

Other non-discretionary cost or savings imposed on community college districts: *For some college districts, there may be implementation costs, for example in connection with the purchase of body cameras and the storage of related data, that will place minor additional pressure on funds within the Proposition 98 guarantee. On the other hand, the local policies required by the regulations will be designed to improve public safety practices on campus that should achieve efficiencies, and reduce exposure to liability that should produce long-term costs savings.*

Cost or savings in federal funding to state agencies: *None*
