Launching a California Community College Baccalaureate Degree

Presented by:
Erin Larson, Dean, Educational Services and Support
Leslie LeBlanc, Community College Specialist, Ed. Services and Support

August 10, 2023
Agenda

• Why CCBs?
• BDP Approval Process and Criteria
• Before you begin – Are you Ready
• The Dreaded “D” Word - Duplication
• Evidence of Workforce Need/Sufficient Demand
• The Administrative/Funding Plan
• Program Quality/Curriculum Design
Goal: To increase the number of Bachelor’s Degrees in high-demand workforce industries.

Community College Bachelor's Degrees are another pathway/access point for students.

We are filling a workforce need that the CSU and UCs are unable to fill.

We can do it at a fraction of the costs to students.

Students choose it-51% of graduates would not have pursued a Bachelor degree if not for the CCB program.
BDP Approval Process

1. Colleges submit applications
2. CO validates submissions and commences program review
3. CO sends Program Description forms to 4-year segments
4. CO informs colleges of provisional program approval decisions
5. CO analyzes CSU & UC program duplication objections
6. CO convenes objecting segment(s) with applicants
7. Written agreements are prepared (if necessary)
8. CO sends recommended programs for BOG approval
9. CO notifies colleges of final approval decisions
Approval Criteria

The Chancellor’s Office will review and rank all of the following components:

**Verified by CCCC (not scored)**
- Pre-Application Certification of Statutory Compliance and Readiness

**Researched and scored by CCCC**
- Institutional Financial Stability
- Equitable Student Outcomes

**Readers’ Scoring Criteria**
- Pre-Application Non-Duplication Analysis
- Workforce Need/Evidence of Sufficient Demand
- Program Quality and Curriculum Design
- Institutional Capacity
Before You Begin --

Is Your Campus Ready to Support a Four-Year Program??

- Conduct detailed research of similar statewide programs
- Survey students and industry partners to determine need
- Ensure student outcome data for current associate degree program justify need for the proposed program
- Update college mission
- Update systems for upper division records and reporting
- Update financial aid policies
- Ensure you have the campus-wide expertise and resources to offer a quality BDP
- Ensure all district financial and audit reports have been timely submitted and the district maintains 2 months general fund reserves
Dreaded Duplication

Anticipate potential objections by CSU regardless of their location

CIP/SOC Code Alignment

• Do your program outcomes align to chosen CIP Code?
• Compare and identify any related SOC Codes

Prepare side-by-side analysis for each program that could potentially be duplicative

For each program identified, provide side-by-side comparison of all similar courses and learning outcomes
**Duplication Analysis**

Workforce Need/Sufficient Demand

Evidence Must Demonstrate Workforce Need, Higher Wages, and Student/Employer Demand

- Is your program necessary to fill a workforce need?
- Does your completer data support the need?
- Do you have strong student interest?
- Do employers require/prefer a bachelor degree?
- Are employers willing to pay more?
- Does the degree lead to high-wage job opportunities?
- Does your LMI evidence support all of the above?
# Program Quality/ Curriculum Design

**Shared with CSU/UC/AICCU**

The Administrative and Funding Plan

Aligned with the ACCJC Application

- Describe the systemwide planning process
- Identify plan for faculty, staff, and administration
- Describe the upper division faculty qualifications
- Describe how student services, learning support services, library etc. are tailored specifically to BDP students
- Describe the impact to technology, equipment, physical resources
- Provide estimated costs to students and a budget demonstrating your district has the capacity to start and maintain the proposed program
