RE: Updated WEDD Regional Monitor Assignments

We would like to inform the system that the Chancellor's Office is continuing monitoring assignments by regional portfolios. These portfolios are cross-programmatic, and the assigned monitor will cover majority of Workforce and Economic Development Division (WEDD) programs in service of that region (Strong Workforce Program, Perkins, Apprenticeship, Nursing, Economic and Workforce Development, and Special Projects). The K-12 Strong Workforce Program and California Adult Education Program (CAEP) will continue to be monitored by existing consortia structures with guidance from the Chancellor's Office.

We will continue to utilize the [8-region structure](#) with splits of the Bay Area, North Far North, and Los Angeles regions. The splits of these three regions are purely internal for the Chancellor's Office operational needs to equitably distribute workloads.

We encourage you to continue using the [NOVA Help Desk](#) to submit requests if you forget who your assigned monitor is. The system will automatically route your request to the appropriate monitor.

Below are the monitor assignments and contact information. A list of the colleges and districts assigned to each region can be found on [WEDD's website](#). These monitor assignments will become effective for the filed on November 1, 2023. We also encourage you to share any staffing changes within your region with the appropriate monitor. We thank you in advance for your cooperation.
