RE: Apprenticeship Pathways Demonstration Project Grants - Notice of Intent to Award

This memorandum is a formal notification of the intent to award the Apprenticeship Demonstration Pathways Project (APDP) Round 1 grants by the Chancellor's Office Workforce and Economic Development Division.

The Apprenticeship Pathways Demonstration Project seeks to support, coordinate, and track the efforts of an initial cohort of community college apprenticeship programs across the state as they seek to convert existing apprenticeship programs into for-credit pathways culminating in a new community college baccalaureate degree.

This initiative seeks to:

- Provide community college credit for apprenticeship classroom instruction and for prior learning experiences through credit for on-the-job training.

December 15, 2023

- Encourage these apprentices to continue their educational journey in community colleges from pre-apprenticeship in enhanced noncredit earning a certificate on to credit programs offering associate degrees on to the new community college baccalaureate degree in career technical education or applied learning.
- Invest in the State's economic growth and global competitiveness through enhanced pathways for individuals participating in apprenticeship programs, particularly as an engine for economic and career mobility for low-income adults.
- Expand diversity, equity, and inclusion by ensuring all students, regardless of race, age, economic status, or geography, gain exposure and confidence to pursue any degree pathway that aligns with their chosen apprenticeship field.

Grant Awards

All grantees were required to submit a Letter of Intent (LOI) via the NOVA system and meet specific eligibility requirements. Outlined in Table 1 are grant awards by region, college and funding status:

- "Funded" indicates colleges that submitted LOI and meet eligibility requirements.
- "Not Funded" indicates that a college submitted a LOI but did not meet eligibility requirements.

Appeals

Applicants have ten (10) business days from the day this memorandum is distributed and posted online to submit an appeal. If an appeal is submitted during this period, the grants affected will not be awarded until the appeal is resolved. The appeal must specify the grounds of appeal and must be based on the process and/or procedures used in the review and recommendation of application for awards. The appeal must be emailed to the Dean of the program responsible for funding the project: gadams@cccoco.edu.

Next Steps

Before the execution of a grant agreement, Chancellor's Office staff will contact institutions receiving funding to request clarifications, adjustments, and/or modifications to the proposal and/or budget.

For questions regarding the APDP grant awards, please contact Dean Gary Adams at gadams@cccco.edu.
