RE: Nursing Enrollment and Retention Grant FY 2024-25 Notice of Intent to Award

This memorandum is a formal notification of the intent to award the 2024-25 Nursing Enrollment Growth and Retention program grant funding by the Chancellor's Office Workforce and Economic Development Division.

The Nursing Enrollment Growth and Retention program grants awarded to selected California Community Colleges are intended for the expansion of nursing program cohorts, reduce attrition, and increase completion. Grant award amounts are based on amounts requested in the Letter of Intent (LOI) received and the new allocation structure. The funding formula transition places colleges into one of two categories, based on the nursing program's outcomes data provided to the Chancellor's Office by colleges for the past six years. The categories are:

- 1. Retention** – any program which has a demonstrated need to address its program completion status will be required to spend their allocation to address this issue.¹
- 2. Growth** – any program that does not have issues with attrition will be invited to grow their program by from one to three cohorts. A cohort will be defined as a group of a minimum of eight (8) students to be funded for two (2) full years from the current year's funding.²
