

TO: Chief Student Services Officers
Chief Instructional Officers
Rising Scholars Network

FROM: Gina Browne, Assistant Vice Chancellor of Educational Services and Support

RE: [UPDATED] Expansion of Rising Scholars Network (RSN) Technical Assistance

The California Community Colleges Chancellor's Office has partnered with the Foundation for California Community Colleges to expand the technical assistance and professional development opportunities for Rising Scholar Network (RSN) colleges. The Rising Scholars Network Technical Assistance Providers (RSN TAP) team will support RSN colleges by identifying opportunities to enhance the technical assistance experience for colleges and developing promising practices based on data collected through targeted outreach and individualized college support. The RSN TAP team will help colleges identify creative service delivery methods to build and scale holistic, enrollment-to-completion opportunities for colleges to ensure justice-impacted students reach their academic goals.

The RSN TAP team comprises subject-matter experts and regional coordinators who are available to support colleges by identifying knowledge gaps and providing technical assistance in the development and implementation of local workplans, goals, and outcomes. This support includes hosting and facilitating regular engagement opportunities—such as regional convenings and monthly Office Hours—to foster thought partnership, collaboration on regional planning, and data-informed discussions on current and emerging RSN initiatives.

In addition, the RSN TAP team will build and strengthen relationships with both new and existing partners, including community-based and regional organizations, to support shared learning, address barriers, and promote scalable practices aligned with Vision 2030 student equity goals. They will also collaborate to identify, document, and share actionable data and insights that elevate promising practices and inform statewide strategies to advance equity and student success. The list below contains regional coordinator contact information and will be updated as needed.

As a reminder, the Chancellor's Office RSN program staff provide guidance and technical assistance in areas such as grant and fund management, policy and procedure interpretation,

equity-centered strategies that support program development, stakeholder engagement, and partnership building at both the college and system levels.

If you have any questions, please contact Lisa Gallardo at LGallardo@CCCCO.edu.
