---

The California Community Colleges Chancellor's Office announces the organization selected to receive an award to support the Rising Scholars Network – Juvenile Justice Evaluation.

The Rising Scholars Network (RSN) is an initiative by the California Community Colleges aimed at expanding access to higher education for justice-involved individuals, including those currently or formerly incarcerated. The Rising Scholars Network – Juvenile Justice Program is just one of several initiatives aligned with the *Vision 2030* goals. Its overarching objective is to increase participation and success among juvenile justice-involved students in community colleges.

The purpose of the RFP is to select an organization to conduct a comprehensive five-year program evaluation of the currently funded 45 colleges serving juvenile justice-impacted students.

The Chancellor's Office received 11 proposals and appreciates and acknowledges the efforts of all organizations that submitted a proposal. The proposal awarded can be found in Table 1.
