Chancellor's Office HRCC Funding Opportunity

LaCandice Ochoa, Dean

Background

- The Budget Act of FY 2021-22 allocated funds for community colleges to work with the California Workforce Development Board(CWDB) to strengthen alignment with workforce Initiatives.
- \$10M will be used for grants and technical assistance to colleges to support CWDB's High Road Construction Careers (HRCC) programs.
- The goal is to align HRCC programs with community college pathways to train and bridge students into quality jobs in industries that support California's economic recovery.

HRCC Partnership Grant Purpose & Goals

- Purpose
 - Build out the infrastructure to support awarding credit for prior learning (CPL) for North America's Building Trades Unions' (NABTU) [Multi-Craft Core Curriculum \(MC3\)](#).
- Goals
 - Develop clearly defined career pathways for construction careers that give students credit for prior work experience and industry credentials
 - Support students continuing their educational journeys when they enroll in community college degree or certificate programs while acknowledging skills brought with them

Eligibility Requirements

Applicant district or college:

- Is an existing partner or seeks to become a partner in one of the 13 existing California Workforce Development Board's High Road Construction Career partnerships, **AND**
- Has an existing construction-related Career Technical Education (CTE) program, **AND**
- Has an existing MOU with a state-approved joint labor management apprenticeship and/or pre-apprenticeship construction program or seeks to establish such an MOU, **AND**
- Commits to building the infrastructure to award credit for prior learning for completion of the NABTU MC3 or a state-approved building trades' joint labor management apprenticeship program

High Road Construction Careers Partnership Grants

The Chancellor's Office grants will support community colleges with building the infrastructure to offer educational and training programs for diverse and disproportionately impacted student populations to gain careers in the construction industry sector.

The goal is to develop clearly defined career pathways for construction careers that award students' college credit for prior work experience and industry credentials.

By leveraging the HRCC partnership, the Chancellor's Office seeks strengthen community college pathways and ensure students secure quality jobs in the construction industry.

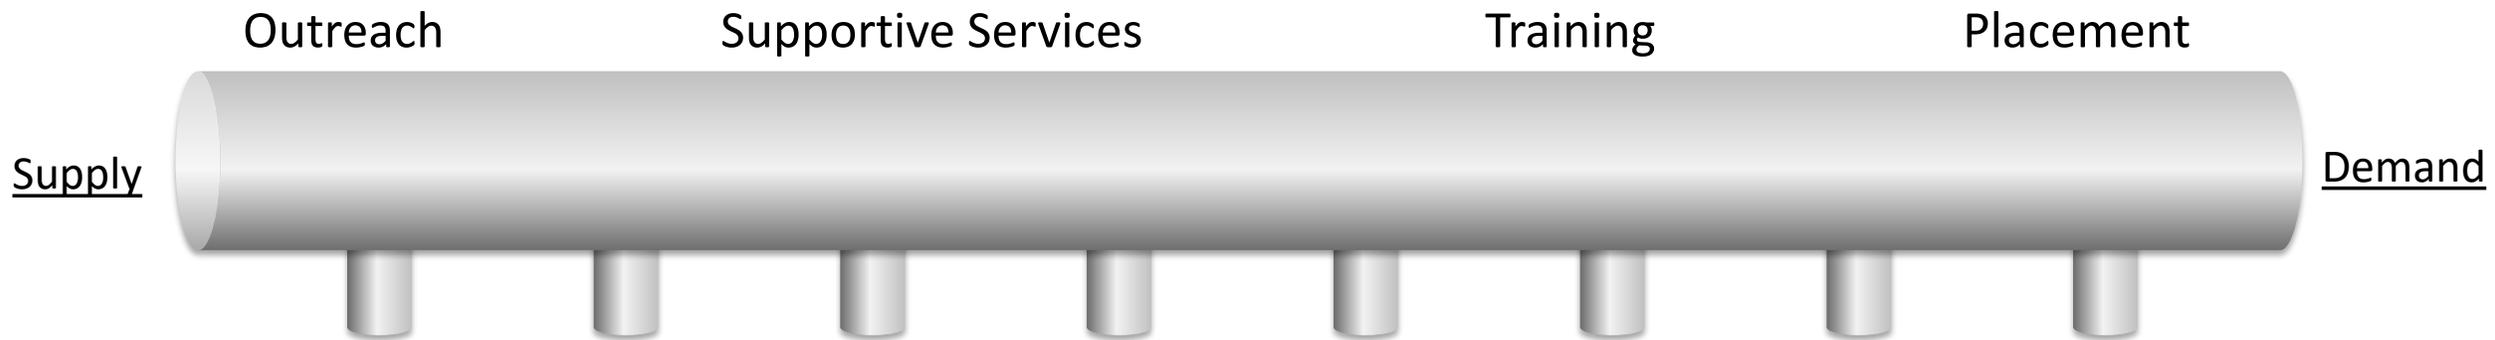

An opportunity to integrate community college priorities into the existing HRCC partnerships and improve coordination between community colleges, state-approved joint labor management apprenticeship programs, and local workforce development boards.
