Introduction

2023-2024 Compendium of Allocations and Resources

August 2023

On behalf of the entire team at the Chancellor's Office, we are pleased to release the second edition of the Compendium of Allocations and Resources – The Compendium. The 2023-24 Compendium comes on the heels of historic investments and opportunities for California's community colleges.

With the enactment of the 2023 Budget Act, Gov. Newsom and the Legislature have laid the foundation for actions in alignment with Vision 2030 - a framework for bold and thoughtful action to support our students, our communities and our planet. The framework is guided by the Vision for Success (2017), the Governor's Roadmap (2021) and current issues and future considerations. State budget resources by way of the Student Centered Funding Formula and categorical program funding provide support services to students to improve educational outcomes, reduce equity, achievement and regional gaps, to address basic needs such as food and housing insecurity, and to help increase college affordability. These investments allow California community colleges to keep pace with inflation while advancing strategies around educational equity and economic mobility.

The Compendium and the funding allocation tables contained within provide comprehensive information about ongoing and new 2023-24 funding allocations. A complete list can be found in the [Table of Contents](#). The Chancellor's Office is currently finalizing funding methodologies for other newly funded programs and will release guidance and allocations as they become available.

Data-informed Planning and Continuous Improvement

As we move forward, it is important that we collectively - as a system, districts and colleges - take an evidence-based approach to engage in local planning and continuous improvement towards advancing student outcomes and reducing equity and achievement gaps. Colleges should rely on the available system and local data (e.g., [LaunchBoard](#), [Student Centered Funding Formula Dashboard](#)), research findings, survey results, qualitative data and trends they observe to identify local equity gaps, student friction points and improvement priorities. Fundamentally, colleges should center their work on the student experience and commit to dismantling inequitable structures that create undue burdens and hinder student success. Colleges can leverage the Guided Pathways framework and engage leaders across instruction, wraparound services, budgeting and administration, and general operations in an iterative design process to maximize available resources towards priority-aligned advancements at the local level.

Student-centered Support Infrastructure and Leveraging Funding Sources

To meet the diverse needs of our students, we need to transform our service delivery from separate programs to a student-centered support infrastructure that combines equitable structural design and high touch interventions. Categorical programs are important institutional resources that support the success of special student populations. Although many of the categorical programs have spending requirements and restrictions as well as reporting requirements, where allowed, colleges should acknowledge the intersecting identities of students and consider leveraging multiple funding sources to address students' shared needs. Leveraging funding sources not only facilitates the coordinated service delivery among programs but also maximizes resources for students with the greatest need and eliminate equity gaps. Most importantly, cross-program conversations on funding and service delivery create opportunities for institutional leaders to engage in structural redesigns that focus on shifting burdens from students to institutions and reducing the negative impacts of social determinants of educational success have on student outcomes.

Budget News and Joint Analysis

Throughout the annual budget cycle, the Chancellor’s Office, Association of Chief Business Officials, Association of California Community College Administrators and the Community College League of California produce a Joint Analysis to summarize major funding proposals and budget details. This Joint Analysis is updated at the release of the governor’s proposed budget, the May revision to the budget, and after the enacted budget is signed by the governor. Updates are also published as trailer bills are finalized. You can find the most recent Joint Analysis as well as prior publications on the Chancellor’s Office [Budget News webpage](#).

Updates Featured in This Edition

Guidance and allocation information is added for the following programs:

[California Apprenticeship Initiative \(CAI\) New and Innovative Grant Program](#) – award table added

[Common Course Number \(CCN\)](#) – allocation date updated

[Equitable Placement Support and Completion Grant Program](#) – guidance added

Apportionments - Student Centered Funding Formula

State General Apportionment – Student Centered Funding Formula (SCFF)

SCFF General Background

The SCFF consists of three principal components – the base allocation, supplemental allocation and student success allocation with the following parameters:

- The base allocation relies primarily on college and center size based on prior year data and current year Full Time Equivalent Student (FTES) enrollment.
- The supplemental allocation is based on prior year data.
- The student success allocation is based on an average of three prior years of data.

Allocation	Description	Data
Base (Basic Allocation)	Colleges, State Approved & Grandparented Centers	Prior Year (PY) FTES by college and center
Base (FTES Allocation)	Credit, Incarcerated Credit, Special Admit Credit, CDCP, Noncredit Students	Current Year (CY) FTES 3-year average (PPY, PY, CY) for Credit FTES
Supplemental	AB 540 Students, California College Promise Grant Recipients, Pell Grant Recipients	PY headcount
Student Success	Associate Degrees for Transfer, Associate Degrees, Baccalaureate Degrees, Credit Certificates, Transfer Level Math and English, Transfer to a 4-year University, Nine or More CTE Units, Regional Living Wage. Additional revenue if metrics are achieved by Pell Grant or Promise Grant recipient.	3-year average (PPPY, PPY, PY) metric data

Apportionment Cycles and Payment Percentages

Generally, the Chancellor’s Office certifies apportionments three times per year with the Advance Apportionment (AD) released in July, First Principal (P1) and Recalculation (R1) in February, and Second Principal (P2) in June. Additional certification revisions are completed as necessary. The timeline and payment percentages are as follows:

Advance (AD) Apportionment and Memo - July

- Monthly Payment Percentages:
 - July 8%
 - August 8%
 - September 12%
 - October 10%
 - November 9%
 - December 5%
 - January 8%

First Principal (P1) Apportionment and Memo - February

- Monthly Payment Percentages:
 - February 8%
 - March 8%
 - April 8%
 - May 8%

Second Principal (P2) Apportionment and Memo - June

- Monthly Payment percentages:
 - June 8%

Recalculation (R1) and Memo processed with P1 – February

Overview of Apportionment Exhibits

Exhibit A: Detailed monthly payment schedule by districts which includes the total amount certified and the total monthly payment to each program.

Exhibit B4: Detailed monthly payment schedule by county which includes the total amount certified and the total monthly payment to each district.

Exhibit D: Detailed payment schedule by districts which includes the total amount certified and the total adjustment amount to each program. This exhibit is used for the Recalculation apportionment cycle only.

Exhibit C: SCFF calculation detail by district. Includes funding allocations for State General Fund, Education Protection Account (EPA), and local revenue sources. This exhibit is used for the P1, P2, and R1 apportionment periods.

Exhibit R: SCFF Total Computational Revenue and revenues summary sorted in alphabetical order by district. This exhibit is used for the AD apportionment period.

Contact

For questions regarding the SCFF please email SCFF@CCCCO.edu. For general questions regarding apportionment payments please email Apportionments@CCCCO.edu.

Additional Resources

The [Apportionment Reports](#) webpage provides the Apportionment Memo and Exhibits for each Apportionment period.

2023-24 Apportionment Memos:

[2023-24 Advance Apportionment Memo](#) was issued on July 21, 2023.

The [Student Centered Funding Formula](#) webpage provides additional information about the funding formula.

The [Student Centered Funding Formula Dashboards](#) webpage provides access to the three SCFF Dashboards. Dashboard 1, Prior Formula Comparison to SCFF, provides a comparison of SCFF funding to the prior funding formula (SB 361). Dashboard 2, Analysis of Counts and Patterns Across the SCFF, provides details and displays visual trends of student counts and funding amounts for the base, supplemental and success metrics. Dashboard 3, SCFF Resource Estimator, is an estimation tool used for budget development to facilitate consideration of budget projection scenarios.

Capital Outlay and Construction

AFFORDABLE STUDENT HOUSING

2023-24 Update to the Affordable Student Housing Program

The 2023 Budget Act revised the General Fund appropriation for the Affordable Student Housing construction grants but provides \$78.5 million ongoing General Funds to support debt service for student housing projects in 2022-23 and 2023-24 funded with lease revenue bonds. University of California (UC) and California State University (CSU) housing projects will be funded with revenue bonds issued by those systems, and community college housing projects will be funded through local revenue bonds to be issued by community college districts or as part of a state pool. SB 117 also indicates intent to reserve \$81.3 million for a future round. The Chancellor’s Office is working with state and community college leaders to clarify options and next steps on how this program will move forward, so please stay tuned for updates as details are finalized.

For 2023-24, the budget act specifies community college construction projects that have been approved for funding using local revenue bonds, listed in the table below.

2023-24 Community College Student Housing Construction Projects

District	Campus	District Requested Project Funding
Cabrillo Community College District	Cabrillo College/UC Santa Cruz	\$111,787,000
Riverside Community College District	Riverside City College/UC Riverside	\$75,000,000
Merced Community College District	Merced College/UC Merced	\$50,000,000
San Diego Community College District	San Diego City College	\$75,000,000
Cerritos Community College District	Cerritos College	\$67,995,000
San Mateo County Community College District	College of San Mateo	\$55,854,000
Redwoods Community College District	College of the Redwoods	\$28,415,000
Total Construction		\$ 464,051,000

Round three Affordable Student Housing construction proposals that were submitted in July 2023, are currently being reviewed and evaluated by the Student Housing Unit. The Student Housing Unit will recommend Affordable Student Housing construction proposals to California Legislature for their final selection.

Affordable Student Housing Program Background

As part of the 2021-22 California Budget package, the Postsecondary Education Trailer Bill, Senate Bill 169 (2021), established the Higher Education Student Housing and Capacity Expansion Grant Program as well as codified it in the California *Education Code* (EC) sections 17200-17203.5. The California Community Colleges refers to the Higher Education Student Housing program as the Affordable Student Housing Grant Program. This program was intended to support the construction of affordable student housing across the three public higher education segments and originally provided the California Community Colleges the opportunity to apply for student housing grants over a three-year period with three rounds of grant awards.

The first round of grant applications was submitted by districts to the California Department of Finance (DOF) in October 2021. The DOF subsequently reviewed these applications, and they selected 12 construction grants and 70 planning grants. These grants were awarded in the Higher Education Trailer Bill, Assembly Bill 183 (2022). California community colleges received a total of \$560 million for affordable student housing grants, \$546.6 million was awarded for construction grants and \$17.9 million for planning grants.

In addition, AB 183 transferred the administration of the Affordable Student Housing Grant Program from the DOF to the Chancellor’s Office. The Chancellor’s Office Student Housing Unit, within the Office of Institutional Supports and Success, provides program oversight. A summary of grant awards is included in Table 2 below.

Affordable Student Housing Grant Program Summary

Program	Budget Year	Funding	Notes
Construction and Intersegmental	2022-23	\$546,672,000	Twelve projects approved. Transitioned from state grants to local lease revenue bonds.
Planning	2022-23	\$17,974,000	Seventy (70) planning grants approved.
Construction and Intersegmental	2023-24	\$464,051,000	Seven (7) projects approved for local lease revenue bonds.

Field Act Exemption for Residential Housing

Effective January 2024, residential housing for students and workforce will be exempt from the Division of the State Architect (DSA) Field Act review. The Field Act required all community college facilities, broadly defined as “school buildings,” to undergo DSA Field Act review. Enacted in July 2023, Assembly Bill 358 (Addis) amended California *EC* § 81050.5 and *Government Code* (GC) § 4454.5 to exclude residential housing from the school buildings definition. Districts’ residential housing for students and workforce may still receive DSA review upon request.

Reporting Requirements

California *EC* requires districts with state approved Affordable Student Housing construction projects to annually report the following:

EC § 17201(1)(i)(B) – Requires annual reporting for state approved Affordable Student Housing construction projects from the time of the receipt of funds to completion of construction.

EC § 17201(1)(i)(C) – Requires annual reporting for state approved Affordable Student Housing construction projects from the year immediately following completion, for a five-year period.

These reports shall be reported using the statewide online facilities planning tool, Facilities Utilization, Space Inventory Option Net (FUSION).

ENROLLMENT PROJECTIONS FOR CAPITAL OUTLAY PLANNING

2023 Long-Range Enrollment and Weekly Student Contact Hours Forecasts

The 2023 Long-Range Enrollment and Weekly Student Contact Hours (WSCH) Forecasts are complete. Forecasts were provided to districts in January 2024. The deadline for district comments or appeals was February 16, 2024.

Following the review period, the Long-Range Enrollment and WSCH Forecasts data will be uploaded into FUSION. These forecast data help calculate the capacity of your district's Title 5 space types (i.e., lecture, lab, library, media, office and related space), which will be represented in districts' 2026-30 Five-Year Construction Plans that are due later this year.

The Long-Range Enrollment and WSCH Forecasts continue to be based on the Maximum Population Participation Rate (MPPR) model. The MPPR model forecasts enrollment for each district based on a combination of variables including student participation rates, in district and out of district enrollment, weekly student contact hours to enrollment ratios, and adult population projections based on Geographic Information Systems zip code data. The MPPR model was developed to smooth impacts caused by sudden enrollment changes, like those experienced since the start of the COVID-19 pandemic. The Chancellor's Office and ACBO Facilities Advisory Committee is evaluating potential improvements to the enrollment projection methodology for future years and more information will be shared as an improved methodology is finalized.

Categorical Programs

APPRENTICESHIP ALLOWANCE (RSI)

2023-24 Total Allocation

\$88,122,000 - Ongoing

Revenue Recognition

Unrestricted, 8610

2023-24 Funding Formula

The apprenticeship allowance is provided to districts as a reimbursement. Apprenticeship program sponsors (Community college districts or local education agencies) report seat time hours for each apprentice, paid at a specified hour rate effective July 1. As of July 1, 2024, the estimated rate for 2023-24 is \$9.98 per FTES.

Purpose of Funds

Funds are provided to reimburse community college districts and local education agencies for related and supplemental instruction provided to indentured apprentices that is approved by the Division of Apprenticeship Standards of the Department of Industrial Relations in accordance with Chapter 4 (commencing with Section 3070) of Division 3 of the *Labor Code*.

2023-24 Spending Guidelines

Funds are to be used to reimburse the costs of providing related and supplemental instruction. Up to 20% of reimbursement amounts may be used to support community college district and local education agency costs for program administration.

Reporting Requirements

Reporting is required in the Apprenticeship: RSI Reporting section of the NOVA reporting system, according to the following schedule:

Report Period	Required Content	Due Date (each fiscal year)
Projection	An estimate of: The hours of instruction that will be provided in the full Budget Year (the following fiscal year), broken down by apprenticeship program and occupation. The number of unduplicated apprentices to receive instruction, broken down by apprenticeship program and occupation.	October 1

Report Period	Required Content	Due Date (each fiscal year)
P1	The number of hours of instruction provided starting July 1, through December 31, broken down by apprenticeship program and occupation. The number of unduplicated apprentices that received instruction starting July 1, through December 31, broken down by apprenticeship program and occupation.	January 31
P2	The number of hours of instruction provided starting July 1, through April 30, broken down by apprenticeship program and occupation. The number of unduplicated apprentices that received instruction starting July 1, through April 30, broken down by apprenticeship program and occupation.	May 31
Recalculation (ReCalc)	The number of hours of instruction provided starting July 1, through June 30, broken down by apprenticeship program and occupation. The number of unduplicated apprentices that received instruction starting July 1, through June 30, broken down by apprenticeship program and occupation.	November 1

ASIAN AMERICAN, NATIVE HAWAIIAN AND PACIFIC ISLANDER (AANHPI) STUDENT ACHIEVEMENT PROGRAM

2023-24 Total Allocation

\$6,480,000 – Allocations to Eligible Colleges

\$1,520,000 – Support for Central Office for AANHPI Student Achievement Program

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Each of the 50 eligible colleges will receive an equal amount of \$129,600 resulting in a statewide total allocation of \$6,480,000. To be eligible for the AANHPI Student Achievement Program, a college must:

- Be eligible for the Asian American and Native Pacific Islander-Serving Institution program authorized under the federal Higher Education Act.
- Have experience providing student support services to AANHPI students and other underserved students.
- Have program staff that will coordinate with campus faculty and staff to effectively deliver support services to AANHPI students.

Purpose of Funds

The Asian American Native Hawaiian Pacific Islander Student Achievement Program (AANHPI SAP) offers an opportunity to develop integrated, culturally responsive student support services and curriculum to promote wellness and academic success of underserved AANHPI and other historically marginalized student populations. Funding is provided to support culturally responsive services to enhance student educational experiences and promote higher education success for low-income, underserved and first generation Asian American Native Hawaiian Pacific Islander (AANHPI) students and other underrepresented students. In compliance with statutory requirements, the Foundation for California Community Colleges (FCCC) continues to serve as the nonprofit organization running the Central Office for the AANHPI Student Achievement Program.

2023-24 Spending Guidelines

Expenditures of AANHPI SAP program funds should be consistent with the goals and activities of the program and colleges are urged to document expenditure plans and justification. Prohibited expenditures include gifts, stipends for students, political contributions, course delivery, and supplanting of other general or categorical funds for similar program activities in place prior to availability of AANHPI funds. AANHPI SAP expenditures should be consistent with the guidance provided for the Student Equity and

Achievement Program. Please see [Student Equity and Achievement \(SEA\) Program Expenditure Guidelines](#) for additional guidance.

Reporting Requirements

- Eligible colleges are required to submit the following reports in the AANHPI SAP Report Tool (currently in development, link will be provided at a future date)
- Program Baseline Report – due November 30, 2023
- 2024-25 Planning Document* – available January 16, 2024 and due April 30, 2024

**Planning Document Final Year is Subject to Change*

BASIC NEEDS CENTER (ONGOING)

2023-24 Total Allocation

\$43,288,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Purpose of Funds

[Education Code \(EC\) 66023.5](#) requires each California community college to establish and/or expand a Basic Needs Center and designate at least one staff person as the basic needs coordinator to provide holistic, comprehensive basic needs services and resources to students to support their successful matriculation through the California community colleges and beyond. The Basic Needs Center is intended to be a one-stop, single location and point of contact for students to more easily access and gain awareness of basic needs services and resources. The colleges shall make a reasonable effort, when feasible, to locate all on-campus basic needs services and resources at the Basic Needs Center.

2023-24 Funding Formula

The allocation funding formula includes a base amount of \$130,000 for every college. The remaining appropriation (\$28,228,000 in total) will be allocated to colleges as follows:

- 50% based on college share of total headcount; and
- 50% based on the number of students who received a Pell grant.

2023-24 Spending Guidelines

The Basic Needs Center funding is designated for colleges to maintain a centralized, basic needs center and to assign and/or hire staff to provide basic need services to students.

Reporting Requirements

Each term, colleges are required to flag students receiving basic needs services using the [SG23 data element](#) for submission into the Chancellor’s Office Management Information System. When providing basic needs related direct aid colleges should report this information to the campus financial aid office who will flag this aid using the basic needs related financial aid data element [SF GT-21](#).

Additionally, within 60 days following the close of each fiscal year colleges are required to submit annual expenditure reports into the NOVA system. Updates to the Basic Needs Services Plans will occur upon request of the Chancellor’s Office. Future allocations may be affected for failure to submit required reports by the due date.

BASIC NEEDS SERVICES – ONE-TIME PAYMENT: PHASE THREE FUNDING (FINAL PAYMENT)

Total Allocation

\$39,730,000

Revenue Recognition

Restricted 8620

Funding Formula

The allocation funding formula includes a base amount of \$150,000 for every college. The remaining appropriation is allocated to colleges based on the following:

50% of the remaining appropriation is allocated based on total headcount; and

50% of the remaining appropriation is allocated based on the number of students who received a Pell grant.

2022-23 Spending Guidelines

[Assembly Bill 132](#) (Postsecondary Trailer Bill 2021) included a one-time \$100,000,000 investment to support the provision of basic needs services to California community college students. These funds and the allocations below reflect the third and final payment of these funds.

These funds are to support students in addressing food insecurity, including meal donation programs, food pantries services, CalFresh application assistance, or other means of directly providing nutrition assistance to students. The funds are also to be used to assist homeless and housing-insecure students in securing stable housing. Additional uses of these funds include conducting needs assessment to identify students at risk experiencing basic needs insecurities, establishing data collection and evaluations infrastructure, promotion of the availability of basic needs services and direct aid to students. These funds should be used in conjunction with funds being made available for the establishment of Basic Needs Centers and staffing.

Reporting Requirements

Funding amounts may be affected for failure to submit required reports by the due date.

Reporting Deadline	Reporting Type	Activity Period
30 days after the end of term	MIS Data Reporting (SG23)	Ongoing, every term

CALIFORNIA ADULT EDUCATION PROGRAM (CAEP)

2023-24 Total Allocation

\$652,222,000 - Ongoing

Total 2023-24 Apportionment Distributed Across the 71 Regional Consortia

\$646,222,000 (*Apportionment totals include funding for noncredit community colleges and K-12 Adult Schools.)

Total 2023-24 Apportionment Disbursed to Noncredit Community Colleges

\$146,408,193

Revenue Recognition

Restricted, 8620

2023-24 Funding Formula

Each CAEP Regional Consortium receives, through the apportionment process, the same allocation for the current year as they did in the prior year plus any COLA provided for the funds. A 67% portion of the CAEP allocation is made up of Maintenance of Effort (MOE) as certified by K-12 and County Offices of Education (COEs). The remaining 33% of CAEP funding was allocated based on a regional allocation formula.

Purpose of Funds

CAEP funds were issued under AB104 legislation and are in ARTICLE 9. Adult Education Program [84900 - 84920] of the *CA Education Code (EC)*. CAEP funds are provided to support adult students who are 18 years and older, and can only be used in the seven CAEP approved program areas outlined in education code [84913](#), which include:

- Elementary and secondary basic skills, including classes required for a high school diploma or high school equivalency certificate;
- Programs for immigrants eligible for educational services in citizenship, English as a second language and workforce preparation;
- Programs for adults, including older adults, for entry or reentry into the workforce;
- Programs for adults, including older adults, to develop knowledge and skills to assist elementary and secondary school children to succeed academically;
- Programs for adults with disabilities;
- Short term career technical educational programs with high employment potential;
- Programs offering pre-apprenticeship training conducted in coordination with one or more apprenticeship programs approved by the Division of Apprenticeship Standards.

2023-24 Spending Guidelines

Funds must be used solely for the purposes for which they are provided as outlined in *EC*, there is no flexibility in spending for CAEP funds. CAEP funds are restricted to support for adult students 18 years and older, can only be used in the seven CAEP approved program areas, and must be spent in accordance with an approved regional consortium plan specific to community college noncredit programs and K12 adult education.

Reporting Requirements

Every quarter, consortium members are required to submit their expenses in NOVA. Once the member expense report is submitted, the consortium must review, approve and certify. Consortia will also report student level enrollment data and outcomes for quarterly and final reporting.

California community college districts receiving Adult Education Program funding are required to use the Chancellor’s Office Management Information System (MIS) to track adult learner progress in the seven authorized program areas and report achievements from the seven-outcome areas designated by *EC* Section [84913](#).

Contact

For questions, please contact Mayra Diaz at MDiaz@CCCCO.edu or CAEP Help Desk at CAEP@CCCCO.edu.

CALIFORNIA APPRENTICESHIP INITIATIVE (CAI) NEW AND INNOVATIVE GRANT PROGRAM

2023-24 Total Allocation

\$30,000,000 - Ongoing

Revenue Recognition

Unrestricted, 8610

2023-24 Funding Formula

The CAI New and Innovative Grant Program disburses funds through annual competitive grant awards. The 2023-24 CAI New and Innovative Grant Program funds will be disbursed starting in 2024-25 as grantees invoice, following comprehensive planning for statewide implementation.

Purpose of Funds

The CAI New and Innovative Grant Program creates new and innovative apprenticeship opportunities in priority and emerging industry sectors or areas in which apprenticeship training is not fully established or does not exist.

2023-24 Spending Guidelines

Funds may be used to support activities related to:

- Registering an apprenticeship or pre-apprenticeship program with the Division of Apprenticeship Standards.
- Program startup and initial operating costs.
- One-time costs related to expanding the annual capacity of an existing apprenticeship program and developing apprentice support service networks.

Reporting Requirements

Biannual fiscal and programmatic reporting in the Apprenticeship or CAI: New & Innovative sections of the NOVA reporting system.

CALIFORNIA COLLEGE PROMISE PROGRAM

2023-24 Total Allocation

\$91,207,000 - Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Each college allocation is equal to the 2022-23 college allocation plus a fair share of the remaining funds based on the colleges' proportionate share of total reported 2021-22 Pell and 2021-22 FTES.

Purpose of Funds

Funds are provided annually for community colleges to achieve the following goals:

- Place high school graduates directly into transfer-level math and English.
- Increase the number of students who earn associate degrees or career technical education certificates and increase the percentage of student who are subsequently employed in their chosen field of study.
- Increase the percentage of students who successfully transfer to UC or CSU and graduate with a bachelor's degree.
- Reduce or eliminate regional achievement gaps and achievement gaps for underrepresented students including low-income students, former foster youth, students with disabilities, formerly incarcerated students, undocumented students, students meeting AB 540 requirements and students who are veterans.

Additionally, to participate in the California College Promise, colleges are required to:

- Partner with LEAs to establish early commitment to college programs.
- Support and improve high school student preparation for college.
- Use evidence-based assessment and placement practices that include multiple measure of student performance including, but not limited to, overall grade point averages, course grades, and evidence-based practices to improve outcomes for underprepared students.
- Participate in the system Guided Pathways Grant Program to clarify the academic path, help students enter the path, stay on the academic path and ensure students are learning.

- Maximize student access to need-based financial aid by using the California Promise Grant, ensuring students complete the FAFSA, Cal Grant or Dream Act application and participate in the federal loan program.

Spending Guidelines

Colleges may use the funds to waive some or all the tuition fees for full-time students for up to two years. Colleges may also use their Promise allocation for other forms of direct or indirect aid to students if such usage is aligned with the goals described above.

CALWORKS

2023-24 Total Allocation

Total Proposition 98 Allocation

\$55,053,000 – Ongoing

Total TANF Allocation

\$8,000,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

- Each program is allocated a \$125,000 base amount for Proposition 98 (Program, Child Care, Work Study) and TANF funds.
- After applying the base, the remaining funds are distributed to each program using prior-prior year MIS CalWORKs enrollment data.
- Programs are guaranteed to be funded at 95% of the prior year allocation.

Purpose of Funds

CalWORKs program funds are to assist individuals receiving CalWORKs services through the county to achieve long-term self-sufficiency through coordinated student services offered at community colleges.

2023-24 Spending Guidelines

Annual allocations of funds under the CalWORKs program must be utilized for program implementation as prescribed in California Education Code, section 79200 through section 79209. CalWORKs Prop 98 (Program, Work Study and Child Care) funds may not be used for direct aid to students, including grants, gift cards, gas cards, etc. Direct aid to students may only be provided with TANF funds. There is a 25% employer match required for Work Study wages.

Reporting Requirements

- Annual final expenditure reporting is required through [Student Services Automated Reporting for Community Colleges \(SSARCC\)](#) by October 1, 2024.
- Annual MIS Reporting (please refer to the [CalWORKs Data Element Dictionary](#) for details).

Contact

For questions, please contact Nicole Alexander at NAlexander@CCCCO.edu

Additional Resources

Please refer to the CalWORKs New Directors Training located on the [Vision Resource Center](#) (Once logged in search for CalWORKs for New Directors to access the training modules).

CAMPUS CHILDCARE TAX BAILOUT

2023-24 Total Allocation

\$4,275,000 - Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Funding Stream

2023-24 Funding Formula

Funds are allocated to certain districts that levied childcare permissive override taxes in the 1977–78 fiscal year. Allocations are made in an amount proportional to the property tax revenues, tax relief subventions and state aid required to be made available by the district to its childcare and development program. Allocations include any cost-of-living adjustment granted in subsequent fiscal years. In 2023-24, an 8.22% COLA was provided for this program.

Purpose of Funds

The Childcare Tax Bailout funds are provided to support community college childcare and development programs.

2023-24 Spending Guidelines

Funds may only be used to support community college childcare and development programs. The governing board of any school district maintaining a preschool program may include in its budget the amount necessary to initiate, operate and maintain a preschool program.

CLASSIFIED EMPLOYEE SUMMER ASSISTANCE PROGRAM

2023-24 Total Available for Match to Participating Districts' Employees

\$10,000,000

Revenue Recognition

Restricted, 8650 - Reimbursable Categorical Programs

Purpose of Funds

The Classified Community College Employee Summer Assistance Program was created to provide classified employees who meet certain requirements additional assistance during the summer months, when they are typically not working or provided less work. The program provides up to a dollar-for-dollar match on amounts withheld from a participating district's classified employees' monthly paychecks. The classified employees' pay withheld, along with state match funds, will be paid by participating districts to eligible employees in the summer months following the academic year. Availability of state match funds is determined each year in the Budget Act and districts may determine whether to participate on an annual basis by January 1 of each year.

Participation

Based on district and employee participation reported to us during 2022-23, 24 districts and 128 classified employees elected to participate in the program. We estimate that \$473,121 of the \$10 million allocated in 2022-23 will be paid out as state matching funds in Summer 2023.

Spending Guidelines

Funds are restricted for purposes of the Classified Community College Employee Summer Assistance program only.

Program Eligibility

- A classified employees is eligible to participate in the program if employed by a community college district for at least one year at the time electing to participate in the program.
- A classified employee is eligible to participate in the program if employed by the community college district in the employee's regular assignment for 11 months or less within a 12-month period. A month means 20 days or four weeks of five days each, including holidays.
- When determining total months employed, any hours worked by the classified employee outside of their regular assignment should be excluded.

- For the 2023–24 and 2024–25 academic years, when determining a classified employee’s total months employed by the community college district, the employing community college district shall exclude any hours worked by the classified employee as a result of an extension of the academic year directly related to the COVID-19 pandemic, if the hours are in addition to the employee’s regular assignment and would prevent the employee from being eligible to participate in the program.
- A classified employee is not eligible for the program if their regular annual pay received directly from the community college district is more than \$62,400 for an entire academic year at the time of enrollment. When determining a classified employee’s regular annual pay, the employing community college shall exclude any pay received by the classified employee during the previous summer recess period.

Monthly Paycheck Withholdings

The community college district is required to deposit the amounts withheld from participating classified employee monthly paychecks in accordance with the choices made by each participating classified employee in a separate account. Classified employees may request from the district any pay withheld from their paycheck if: (1) the employee separates from employment or (2) due to economic or personal hardship. However, if an employee requests the funds returned, they won’t be entitled to receive any state match.

Reporting Requirements

Participation in the Classified Employee Summer Assistance Program is optional and below are some key dates:

Key Dates	Description
January 1 of each year	Participating districts notify classified employees that their districts have elected to participate in the program for the following academic year.
March 1	Classified employee should notify their district of: <ul style="list-style-type: none"> • Election to participate in the program • Amount to be withheld from their paycheck for the following academic year • Whether the payment during the summer recess period should be paid in 1 or 2 payments
April 1	Participating districts must submit Classified Community College Employee Summer Assistance Program Reporting Form to the Chancellor’s Office stating the district elects to participate in the program for the following academic year.

Key Dates	Description
May 1	Chancellor’s Office notifies participating districts of the estimated state match funding that classified employees can expect to receive.
June 1	Participating districts notifies participating classified employees of the amount of estimated state match funds that a participating classified employee can expect to receive in the subsequent academic year.
On or before July 31	Participating districts shall request payment from the Chancellor’s Office following the academic year the program was operative. The requested form will be available in June, which is the end of the academic year when the program was operative.
September 1	The Chancellor’s Office shall apportion funds to participating community college districts within 30 days of receiving a request for payment by the participating community college district for the applicable academic year.

COLLEGE SPECIFIC ALLOCATIONS

2023-24 Total Allocation

\$2,500,000

The 2023 Budget Act provided \$2.5 million one-time Proposition 98 funds to create a Small Business Entrepreneurship and Innovation Center at East Los Angeles College in the Los Angeles Community College District.

The apportionment exhibit A displays this as a ‘college specific allocation.’

Allocations for projects of regional concern are not requested by the Chancellor’s Office or included in the system budget request or capital outlay process. Districts and colleges must use the appropriated funds as specified in the Budget Act as there is no additional statutory language with further requirements. We recommend that college and district staff confer with their local administration and local Senate and Assembly representatives for additional information and background on the intended uses of these allocations.

COMMON COURSE NUMBERING (CCN)

Total Allocation

\$105,000,000

2024-25 Funding Formula

Common Course Numbering (CCN) funds will be disbursed in 2024-25, following comprehensive planning for statewide implementation.

Purpose of Funds

Assembly Bill 1111 (Berman, 2021) requires implementation of a student-facing common course numbering (CCN) system across the California Community Colleges on or before July 1, 2024, for general education and transfer pathway courses. The CCN system will assign the same course number to comparable courses across all California community colleges to “streamline transfer from two- to four-year postsecondary educational institutions and reduce excess credit accumulation.”

Project efforts began in December 2021, and since then the following notable activities have occurred:

- Completion of CCN Landscape Scan September 2022 - Identifying past and current related-practices as well as implementation requirements and implications was a critical first step in the planning process.
- Convening of CCN Task Force beginning September 2022 -Item 6870-101-0001 of Section 2.00 of the Budget Act of 2021 establishes “a workgroup that supports the development and implementation of a common course numbering system for the community college system”. The Task Force work concluded December 2023 with a [CCN Task Force Report](#).
- Based on Task Force Report recommendations, the implementation phase began early 2024 with the convening of a system-level intersegmental CCN Council, a Development Work Group and Technology and Processes Work Group. Early efforts are focused on identifying the first cluster of high-enrollment popular courses along with a model implementation methodology. The first cluster of CCN courses will be student-facing in fall 2025.

Additional Resources

Further project information, such as task force agendas, updates, charter, membership and other key information is available via a public [CCN project webpage](#).

COMMUNITY COLLEGE PATHWAY TO LAW SCHOOL INITIATIVE (CAL LAW)

Total Allocation

These grants were funded with one-time fiscal year 2020-2021 funds. Total amount awarded for Rounds 1 and 2 combined is \$2,079,000.

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Methodology

The Community College Law School (Cal Law) Initiative grants were awarded through a competitive Letter of Intent (LOI) application process. A total of eight community colleges were awarded in Round 1 and a total of 13 community colleges were awarded in Round 2 of the funding opportunity. All 21 awarded grants will end by December 31, 2024.

Purpose of Funds

The Cal LAW grants awarded to selected community colleges are intended to enhance opportunities and advancement in the legal profession for diverse populations, particularly those who traditionally have been underrepresented. At the core of this effort is expanding diversity, equity and inclusion by ensuring that all students, regardless of race, age, economic status or geography, can gain the exposure and confidence to pursue a law career pathway. These investments will provide community college students with a direct path to law school and provide those schools with a pipeline of diverse students from across the state.

Spending Guidelines

The grant funds can be used to support costs associated with the Cal LAW program implementation:

- Faculty time to engage in:
 - Providing student support in pathway advising;
 - Collaborating with both K-12 and UC/CSU colleagues to create seamless pathways for students; and
 - Attending meetings for planning and design on an initial or expanded offering to be delivered, as well as office hours with experts in the pathway planning and design process.

Offset the costs of partners engaged in this work, including K-12 partners focused on designing dual enrollment opportunities, faculty time, costs of textbooks and meeting time.

Reporting Requirements

Grantee community colleges are required to submit implementation plans and reporting in the Chancellor’s Office NOVA system on a semi-annual basis, according to the schedule outlined in the executed grant agreements.

Contact

For questions regarding the Cal LAW grant awards, please contact Dean LaCandice Ochoa at LOchoa@CCCCO.edu.

COOPERATIVE AGENCIES RESOURCE FOR EDUCATION (CARE)

2023-24 Total Allocation

\$33,478,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Funds are allocated based on the following allocation formula approved by Consultation Council in 2017:

- Each college receives a \$30,000 base.
- Remaining funds is allocated based on the unduplicated number of students served two years prior.
- Colleges are protected at 90% of their prior year allocation.

Purpose of Funds

The CARE program was established in 1982 under Assembly Bill 3103 to provide Extended Opportunity Programs and Services (EOPS) students who are single head-of-household with additional educational support. The intended outcome is to increase the number and percentage of CARE students who successfully complete their chosen educational objectives.

2023-24 Spending Guidelines

These funds are appropriated to provide services and resources to EOPS students who meet additional eligibility criteria: at least 18 years of age, single head-of-household, receiving CalWORKs or TANF cash aid for themselves or their dependent child(ren). For additional information on allowable and unallowable expenditures, please reference the CARE Implementing Guidelines.

Reporting Requirements

The reporting requirement includes the following:

- Final Expenditure Report on Student Services Automated Reporting for Community Colleges (SSARCC) is due on October 6, 2023. The signed copy of this report should be submitted to the SSARCC inbox at SSARCC-EOPS@CCCCO.edu.
- Annual MIS Reporting is due on August 1, 2023. Refer to the Data Element Dictionary for more information about the MIS data.

CORONAVIRUS STATE FISCAL RECOVERY FUND (SFRF) EMERGENCY FINANCIAL AID ASSISTANCE GRANTS

Total Allocation

\$100,000,000 – 2021-22 one-time allocation

\$150,000,000 – 2022-23 one-time allocation

Revenue Recognition

Fund 74 – Student Financial Aid Trust Fund, 8190 – Other Federal Revenue

Funding Methodology

Funding was disbursed in two phases:

Phase 1: \$100 million disbursed March 2021

The phase 1 allocation funding formula evenly divided the \$100 million into two factors: (1) 2019-20 district share of total statewide number of students exempt from paying nonresident tuition and (2) district's share of total statewide 2019-20 total Community College Promise Grant fee waivers.

Phase 2: \$150 million disbursed July 2022

Each district allocation was determined based on the district's proportional share of total statewide 2019-20 Community College Promise Grant fee waivers.

Purpose of Funds

The State Fiscal Recovery Funds (SFRF) Emergency Financial Assistance Grants program provided \$250 million one-time funds for emergency financial assistance grants for low-income students enrolled at California community colleges who were disproportionately impacted by the COVID-19 public health emergency. The grants are intended to enable students to remain enrolled and persist by addressing the immediate and emergency needs that include, but are not limited to, loss or reduction of income, medical expenses, childcare costs and technology. The emergency financial assistance grants are expected to enable students facing financial hardship because of the pandemic to remain enrolled in the current term or re-enroll in the subsequent term.

Spending Guidelines

All funds must be awarded to students by December 1, 2024, and disbursed by December 31, 2026. Any funds not awarded before June 30, 2024, may be reallocated to other districts.

Each college or district may establish awarding criteria, award amounts and procedures to ensure equitable distribution of funds to students. Districts and colleges are encouraged to proactively contact students who have unmet need with information about the availability of direct emergency aid.

Grants may be awarded to students who self-certify they meet the following conditions:

- U.S. citizens or eligible non-citizens;
- Currently enrolled in credit or noncredit courses at a California community college;
- Demonstrate an emergency financial need; and
- Qualify as low-income by meeting the requirements to receive a California College Promise Grant (CCPG).

Reporting Requirements

MIS Data Reporting

All districts must create a unique award code for SFRF Emergency Financial Assistance grants. The MIS code for annual reporting to the Chancellor's Office is: GL.

Quarterly Expenditure Reporting

Districts are required to submit quarterly reporting to the Chancellor's Office via an online survey. The Chancellor's Office in turn compiles this information and reports to the State Department of Finance. Districts are required to report current period expenditures and an unduplicated count of students awarded in the current period. For additional information on reporting requirements and deadlines, see memo [ESS 22-300-010](#).

Annual Audit Reports

Districts must include expenditures for the SFRF Emergency Financial Assistance Grants in their Schedule of Expenditures of Federal Awards (SEFA) using Federal Financial Assistance Listing Number 21.027.

COVID-19 RECOVERY BLOCK GRANT

2023-24 Spending Guidelines Update

The 2023 enacted budget includes provisions to allow community college districts more flexibility in the use of COVID-19 recovery block grant, physical plant and instructional support, and retention and enrollment outreach funds. Each of these funding sources can now be used for any of the allowable purposes for all three programs.

If a district determines that funds originally provided for the COVID-19 recovery block grant, physical plant and instructional support, or retention and enrollment outreach are to be expended for one of the other programs, a transfer between program funds should be made in the total amount of previous or intended spending, beginning with expenditures made on or after July 1, 2022. In this way, expenditures can be recorded and attributed to the program with which they most align. For example, if a district has block grant funds remaining, they can transfer those funds for use for retention and enrollment efforts or for costs related to physical plant and instructional support.

2022-23 Total Allocation

\$650,000,000 (2022-23 one-time funds)

No changes have been made to the amount or allocations provided in 2022-23.

Revenue Recognition

Restricted; 8690 – Other State Revenue.

2022-23 Funding Formula

Allocation to districts were based on actual reported FTES in the second principal apportionment for the 2021-22 fiscal year.

Purpose of Funds

The block grant funds are intended to be used on activities that directly support community college students and mitigate learning losses related to the impacts of the COVID-19 pandemic. Additional flexibility was added by the 2023 Budget Act so that COVID-19 recovery block grant funds may also be used for purposes of the physical plant and instructional support and retention and enrollment outreach programs.

Spending Guidelines

There is no legislative deadline to expend the block grant funds. The COVID-19 recovery block grant, and for any expenditures on or after July 1, 2022, from physical plant and instructional support and retention and enrollment outreach funds, can be expended for any of the following purposes:

- Support access to basic needs and mental health services for students impacted by COVID-19.
- Reengagement strategies for students who received an incomplete or failing grade in the spring 2022 due to COVID-19.
- Engagement strategies with high schools and local communities to restore broader access.
- Grants to faculty for development of online, accelerated learning modules to allow students who received an incomplete or failing grade in the spring 2022 term due to COVID-19 to make progress toward their degrees instead of retaking courses in the fall 2022 term.
- Professional development opportunities for faculty and student services professionals to continue educational instruction due to COVID-19, including supporting students impacted by learning loss and preparing and supporting faculty to develop online instructional capabilities in response to COVID-19.
- Investments in information technology infrastructure, facilitating students' access to technology to be able to access online coursework, and technology, software or other electronic instruments and materials for faculty to support courses that are difficult to teach online.
- Cleaning supplies and personal protective equipment.
- Discharge unpaid fees due or owed by a student to a community college in the district.

Other Considerations and Potential Uses

Districts have many options to use block grant funds on strategies that directly support community college students and mitigate disruptions to persistence. Below are other allowable uses that districts can also consider.

- **Increase online student service hours to evenings and weekends.** Increased availability and access to student supports on evenings and weekends, without the need to drive to campus, has been an effective strategy deployed by many districts in the last two years. Block grant funds can be used to maintain and expanded access to academic support services, including student counseling, tutoring and mental health services.
- **Help meet students' financial and basic needs.** The pandemic-era has reinforced the urgency to connect students to financial aid and basic needs supports. For students who have not completed the FAFSA or California Dream Act application (CADAA), these resources provide flexibility to directly support and connect student to all available resources. Further, expand eligibility criteria for CalFresh food assistance benefits

enables more community college students to qualify. Colleges can align FAFSA/CADAA assistance with efforts to help more students apply for CalFresh. Coupled with campus basic needs centers, these strategies provide yet another tool for holistically supporting students.

- **Professional development focused on culturally responsive campuses and classrooms.** The block grant allows colleges to invest in professional development to enhance teaching and student supports. Colleges can invest in practices that explore strategies and initiatives for incorporating students' cultural backgrounds and experiences, providing inclusive environments.
- **Provide direct emergency grants to students in need.** Like federal stimulus funds, block grant dollars may be used to provide emergency grants or learning tools (such as laptops) to students.

Reporting Requirements

Reports on Part-Time Faculty Health Insurance

As a condition of receiving these funds, districts are required to report to the Chancellor's Office metrics on their employer-sponsored health insurance for part-time faculty in 2024-25 (by March 1, 2026).

Report on Use of Funds

Districts were also required to provide information on the expenditures of the allocated COVID-19 Recovery Block Grant funds to the Chancellor's Office by December 2023. However, there is no legislative deadline to expend the funds. The report will include a description of how funds were used for each of the allowable purposes, a description of how expenditures prioritized services for underrepresented students, and an explanation of the effectiveness of services or supports provided by the funds.

CULTURALLY RESPONSIVE PEDAGOGY AND PRACTICES (CRPP) GRANTS

Total Allocation

\$17,374,279 - One-time funds

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Methodology

The CRPP Grants are awarded based on a competitive application process. Grants will be awarded for a period of two academic years, 2023-2024 and 2024-2025. All performance under this allocation must be completed by June 30, 2025. Extensions will not be granted for these awards. The first installment delivered was half of the total awarded. A total of \$8,664,770 has been delivered through apportionment or one-time payment as of May 2023. The remaining \$8,544,803 will be delivered by June 2024.

Purpose of Funds

The 2021 Budget Postsecondary Education Trailer Bill (AB 132) appropriated one-time funding for allocation to community college districts to support a systemwide effort to provide culturally competent professional development, with an emphasis on improving learning outcomes. The additional appropriation came from 2021 IEPI Specialized Training grant funds.

The funds of this grant shall be used to accomplish the intended goals of the CRPP Innovative Best Practices Grants:

1. To aid institutions in developing innovative Diversity, Equity, Inclusion and Accessibility (DEIA)-minded and culturally competent professional development training for faculty.
2. To develop DEIA-focused professional development opportunities to upskill faculty and successfully expand their capacities to serve students, improving students' experiences and outcomes.

2023-24 Spending Guidelines

Awards may be used for fees for consultants, release time for faculty, materials, and resources in alignment with proposed activities. The allowable indirect administrative cost rate is 5%. There is no match requirement. All expenditures should be used for the purposes outlined above.

Reporting Requirements

Grantees will be required to report on their proposed projects on an annual basis. The table below describes the annual reporting timeline. The Chancellor's Office may, at its discretion, institute additional reporting requirements or frequency as needed for the

improvement of the grant. A reporting template is in development and will be provided to grant recipients.

The final report must include a project evaluation and a thorough description of the progress made toward each proposed project’s outcome measure as included in the proposal.

Expenditure End Date	Reporting Due Date	Annual Expenditure and Progress Reports
June 30, 2024	August 31, 2024	1st Annual Expenditure (Year 1) and Progress Report due
June 30, 2025	August 31, 2025	Final Expenditure (Years 1-2) and Final Report including overall Project Evaluation

DISABLED STUDENT PROGRAMS AND SERVICES (DSPS)

2023-24 Total Allocation

\$157,477,155 for Disabled Student Programs and Services (DSPS)

\$9,600,000 for Deaf and Hard of Hearing (DHH)

\$1,245,000 for Access to Print (ATP)

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

This is the first year of the new DSPS funding formula. The new formula uses student headcount rather than weighted student count. There is a \$200,000 base for each college. The remaining funds are broken into headcount (90% of the funding) and expanded college effort (10% of the funding). This is year one of the five-year phased-in approach that puts into place protections and growth caps for colleges as the new funding formula is implemented.

Purpose of Funds

These funds are provided to support academic adjustments, auxiliary aids, services and/or instruction to serve students with disabilities, including deaf and hard of hearing students and access to print and electronic information funding and resources.

2023-24 Spending Guidelines

Any funds used, in whole or in part, under the authority of this subchapter must:

- not duplicate services or instruction which are otherwise available to all students;
- be directly related to the educational limitations of the verified disabilities of the students to be served;
- be directly related to the students' participation in the educational process;
- promote the maximum independence and integration of students with disabilities;
- not include any change to curriculum or course of study that is so significant that it alters the required objectives or content of the curriculum in the approved course outline, thereby causing a fundamental alteration; and
- support participation of students with disabilities in educational activities consistent with the mission of the community colleges as set forth in [Education Code section 66010.4](#).

Reporting Requirements

Annual final expenditure reporting is required through [Student Services Automated Reporting for Community Colleges \(SSARCC\) \(cccco.edu\)](#). The report is due in SSARCC each Fall. The due date for this year is October 2, 2023. In addition, colleges are required to report on Student Primary Verified Disability and Student Service Contacts in the

Chancellor’s Office Management Information System each term. The due date for the Spring, Summer, and Fall terms are based upon the [Chancellor’s Office 2023-24 Management Information System Data Submission Timeline](#) with the annual data submission due August 1st.

Contact

For questions, please contact Jennifer Tabb at JTabb@CCCCO.edu.

DREAM RESOURCE LIAISONS SUPPORT FUNDS

2023-24 Total Allocation

\$11,600,000 - Ongoing

Revenue Recognition

Restricted – 8620

Funding Formula

The program funding formula remains unchanged, \$5.8 million in base allocation + \$5.8 million proportionately distributed based on student headcount.

Purpose of Funds

Funds are provided to ensure each college has a staff person designated as a Dreamer Resource Liaison, or UndocuLiaison, who is knowledgeable in available financial aid, social services, state-funded immigration legal services, internships, externships and academic opportunities for all students meeting the requirements set forth in Section 68130.5, including undocumented students.

2023-24 Spending Guidelines

Colleges are encouraged to establish and maintain a Dream Resource Center on each of their respective campuses. Dream Resource Centers may offer support services, including, but not necessarily limited to, academic counseling, peer support services, psychological counseling, referral for social services and state-funded immigration legal services. The space in which the liaison is located may be deemed a Dream Resource Center and may be housed within existing student service or academic centers. This shall not be construed as suggesting the construction of a new or separate space for Dream Resource Centers.

Reporting Requirements

ECONOMIC & WORKFORCE DEVELOPMENT PROGRAM

Total Allocation

\$12,000,000 – Employer Engagement Grants

\$1,065,000 – Special Projects

\$7,571,100 – To be determined

Revenue Recognition

Restricted, 8690 – Other State Revenue

2023-24 Funding Formula

Economic and Workforce Development (EWD) funds were issued to the regional consortia as part of the Regional Collaboration and Coordination competitive grant process. EWD funds were allocated for two purposes, as dollar for dollar match for the Regional Consortia federal Perkins funding and to support and expand employer engagement efforts within the regions (Employer Engagement). The Employer Engagement funding portion also has a 25% match requirement.

Purpose of Funds

Economic and Workforce Development Program Employer Engagement funds are provided to assist community colleges in fostering relationships with key employers and identifying opportunities to enrich career and work-based learning opportunities and activities for students. Employer Engagement funds must be used to ensure that community colleges are expanding work-based learning opportunities, increasing student employment outcomes, and being responsive to regional employer workforce needs. The Regional Consortia hosted by a community college district must:

- Conduct the work of regional collaboration and coordination, including organizing key stakeholders and refining established governance structure that is more inclusive, and responsive to employers and partners in the regions.
- Assist colleges in their region in fostering relationships with key employers and identifying opportunities to enrich career and work-based learning opportunities and activities for students.
- Create a regional employer engagement plan that clearly articulates how resources will be structured and deployed in the region to ensure that districts/colleges are supported and assisted in expanding work-based learning, increasing student employment and being responsive to employer workforce needs, as well as stating how employer engagement will be evaluated by districts/colleges for effectiveness.

EWD dollars have a 25% match requirement. The requirement can be met with either in-kind or cash match. To count as match the resource identified must be under the direct control of the project personnel leading the program.

FY 2023-24 funds represent the third year of a five-year grant cycle. The Regional Collaboration and Coordination Grants were issued July 1, 2023.

Employer Engagement and Regional Collaboration and Coordination Grants

Two Statewide Special Projects

Southwestern and Long Beach Small Business Development Lead Centers

The purpose of the Economic and Workforce Development Program is to advance California's economic growth and global competitiveness through education, training and services that contribute to continuous workforce improvement; sustain economic growth through labor market-aligned workforce training and education services; business development; technical assistance to small businesses, advance California's global competitiveness by supporting merging business and industry clusters access to a talent pipeline. These grants would establish a statewide partnership with the California Small Business Development Centers (CA SBDC). Currently, there are only two community college-hosted Lead Centers in the state, and they have been selected for a duration of five years to provide services and support to small businesses and students.

Revenue Recognition

Restricted, 8690 – Other State Revenue

2023-24 Spending Guidelines

Funds for the California International Trade Center (CITC) Program, which focuses on domestic and global ecommerce, should be spent to provide services and support to small businesses and work-based learning opportunities to community college students. Funds may also be spent to coordinate a digital marketing program that includes a work-based learning and internship component for community college students as part of the training and advising for small to medium-sized California-based businesses.

ENGLISH LANGUAGE LEARNER (ELL) HEALTHCARE PATHWAYS

2023-24 Total Allocation

\$30,000,000

Revenue Recognition

Restricted, 8620

2023-24 Funding Methodology

The English Language Learner (ELL) Healthcare Pathways initiative invited eligible California Adult Education Program (CAEP) consortia to participate in this competitive funding through a Letter of Intent (LOI) application process. A total of 44 California Adult Education Program (CAEP) Consortium were awarded in Round One. The selection criteria identified eligible CAEP consortia for this investment by using data from state and nationally recognized sources.

Awards were determined using a two-step identification process. The first step included a flat allocation amount of \$150,000 to each eligible consortium for 2023-24. The second step of the funding process distributed the remaining funding, based on a formula that references the consortium's data and uses the following variables and weights:

- 50% ELL Students = California Adult Education Program (CAEP) students who are English language learners
- 50% ELL Resident = CA Residents who are English language learners

Purpose of Funds

Under the Governor's Care Economy Workforce Development Package, the Budget Act of 2022-23 included a one-time \$130 million appropriation of Proposition 98 funds to support a three-year program to develop healthcare-focused vocational pathways for ELLs across all levels of English proficiency through Adult Education programs. \$30 million in funding is available for 2023-24.

2023-24 Spending Guidelines

Funds may be used to support costs associated with the development of ELL Healthcare Pathways Program. Indirect costs should not exceed 5%. Grant funds may not be used for student stipends, internships, or other methods to pay students for participation in healthcare pathways. Match is not required; however, consortia and members are encouraged to show how other funds will be leveraged.

Reporting Requirements

Grantees are required to report bi-annually on expenditures in NOVA, the Chancellor’s Office grant management system. The duration of Round One funding is 24 months and expected to begin July 1, 2023, through June 30, 2025. Outlined in the below table are reporting deadlines. Dates may be subject to change.

Healthcare Pathways Reporting Schedule - 2023-24 Round One Funding

Reporting Deadline	Reporting Type	Activity Period
3-31-2024	1 st Bi-Annual Expenditure and Progress Report due	7-1-23 – 12-31-23
9-30-2024	2 nd Bi-Annual Expenditure and Progress Report due	1-1-24 – 6-30-24
3-31-2025	3 rd Bi-Annual Expenditure and Progress Report due	7-1-24 – 12-31-24
9-30-2025	4 th Bi-Annual Expenditure and Progress Report due	1-1-25 – 6-30-25
9-30-2025	Final Report due	7-1-23 – 6-30-25

EQUAL EMPLOYMENT OPPORTUNITY – INNOVATIVE BEST PRACTICES GRANTS

Total Allocation

\$5,651,806 – One-Time funds

Funding Methodology

The Equal Employment Opportunity Grants are awarded based on a competitive application process. Grants will be awarded in two installments, 50% of funds will be awarded in Round 1 prior to the 2023-2024 academic year. Round 2 funding is contingent upon successful performance toward outlined outcome measures and institutionalization of proposed interventions into the new EEO plan and will be issued prior to the 2024-2025 academic year.

The first installment delivered was half of the total awarded. A total of \$2,825,905 has been delivered through apportionment or one-time payment as of May 2023. The remaining \$2,874,080 will be delivered by June 2024.

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Purpose of Funds

The 2021 Budget Postsecondary Education Trailer Bill (AB 123) appropriated one-time funding for allocation to community college districts to aid institutions that pilot or create innovative DEIA-minded practices related to EEO in the Pre-Hiring Interventions, Post-Hiring Interventions, or Diversity Promising Interventions.

The EEO Innovative Best Practices Grants are competitive, one-time grants to aid institutions that pilot or create innovative DEIA-minded practices related to EEO in the categories listed below. Funding will also be allocated to enhance or expand existing EEO efforts that support faculty and staff diversity.

Activities proposed must result in one or more of the following intervention efforts highlighted below.

- **Pre-Hiring Interventions:** Strategies that support and equitable and inclusive environment that helps to attract and retain candidates from underrepresented groups and other nontraditional candidates.
- **Post- Hiring Interventions:** Strategies that promote development of diverse and qualified candidate pools and/or eliminate bias in hiring decisions. See below for possible interventions.

- **Diversity Promising Interventions:** Strategies that gather and utilize hiring and workforce data, support new employees, or manage and respond to EEO complaints.

2023-24 Spending Guidelines

Funds must be used to support proposed activities and allowable activities stated in the application, such as fees for consultants, release time for faculty, materials, and resources in alignment with proposed activities. There is no match requirement.

Other Allowable Expenditures

- Expenditures for third-party vendors are permitted if their roles are within the workplan's context.
- If included in the workplan, funds can be used to compensate both student interns and employee mentors in a mentorship program.
- Indirect administrative (overhead) may be charged to the grant at a rate not to exceed 5%.
- In-state travel costs are allowable as long as the expenses for transportation, lodging, subsistence, and related items are only incurred by district employees on official business relevant to accomplishing the goals and outcomes of this project. District travel and reimbursement policies apply.

Prohibited Expenditures

- Out-of-state travel costs may not be charged to Equal Employment Opportunity (EEO) Innovative Best Practices Grants.

Reporting Requirements

Grantees will be required to report on their proposed projects on an annual basis. The table below describes the annual reporting timeline. The Chancellor's Office may, at its discretion, institute additional reporting requirements or frequency as needed for the improvement of the grant. A reporting template is in development and will be provided to grant recipients.

The final report must include a project evaluation and a thorough description of the progress made toward each proposed project's outcome measure as included in the proposal.

Expenditure End Date	Reporting Due Date	Annual Expenditure and Progress Reports
March 31, 2024	April 30, 2024	1st Annual Expenditure (Year 1) and Progress Report due

Expenditure End Date	Reporting Due Date	Annual Expenditure and Progress Reports
June 30, 2025	August 31, 2025	Final Expenditure (Years 1-2) and Final Report including overall Project Evaluation

EQUITABLE PLACEMENT SUPPORT AND COMPLETION GRANT PROGRAM

2022-23 Total Allocation

\$64,000,000 (one-time funds)

Revenue Recognition

Restricted, 8690 - Other State Revenue

2023-24 Funding Formula

- (1) Thirty-four percent of funds as a base allocation to all community colleges (\$21,760,000).
- (2) Thirty-three percent of funds to community colleges with below average enrollment in transfer-level mathematics or English courses (\$21,120,000).
- (3) Thirty-three percent of these funds shall be awarded to community colleges with below average rates of students successfully completing transfer-level mathematics or English courses within one year of their first attempt in the discipline (\$21,120,000).

Purpose of Funds

Assembly Bill 183 (2022) established the California Community College Equitable Placement and Completion Grant Program and appropriated \$64 million (one-time) from the General Fund to the Board of Governors of the California Community Colleges to ensure the maximum implementation of equitable placement and completion reforms at California community colleges. These funds support AB (Assembly Bill) 1705 work and other matriculation and education planning services to increase student success.

To receive funds, colleges submitted a detailed plan documenting changes in placement practices and curricular structures to be made to reach full implementation and demonstrate continuous improvement in the overall success rates of students completing transfer-level mathematics or English courses within one year of their first attempt in the discipline.

Please also review guidance memorandum [ESS 23-08](#) which provides background and comprehensive details on the Equitable Placement, Support and Completion funding allocation and plans.

Pursuant to Education Code statute [78213.2](#), this funding is intended to ensure the full implementation of equitable placement, support and completion policies and practices. In accordance with the provisions of subdivision (b), the Chancellor's Office shall distribute funding to community colleges that satisfy the statutory requirements and any programmatic criteria and administrative guidelines developed by the Chancellor's Office to implement the funding.

2023-24 Spending Guidelines

This funding is one-time and should be used as expansion funding for developmental education reform work already underway on the campus (see the guidance provided in Chancellor's Office memorandum [ESS 23-08: Equitable Placement, Support, and](#)

[Completion](#), the [2021 improvement plans](#), along with your campus's improvement plan submission and results) and/or as seed funding to launch new efforts. The start date is May 1, 2023, when the Chancellor's Office released ESS memorandum 23-08. The end date is June 20, 2026, and was announced during the Chancellor's Office systemwide program webinar presentation (PPT and video links below). The funds must be spent by the end date.

Education Code statute [78213.2](#) describes the funding expenditure provisions as follows:

(e) A community college may use the grant to implement equitable placement and completion policies and practices for limited-term purposes, including, but not limited to, any or any combination of the following:

- (1) Faculty release time to design, implement and evaluate corequisite transfer-level mathematics/quantitative reasoning and English courses at scale.
- (2) Professional development for faculty, including subject pedagogy, classroom climate and corequisite implementation, including evaluation and iterative improvement of the effectiveness of the professional development.
- (3) Creation, implementation and evaluation of concurrent supports or support services to increase throughput rates for transfer-level mathematics/quantitative reasoning and English courses.
- (4) Faculty release time to redesign, implement, and evaluate certificate and associate degree pathways to ensure mathematics/quantitative reasoning and English courses associated with the pathways are transfer-level courses.
- (5) Any other services suggested by community colleges and approved by the chancellor's office for which there is evidence of their likelihood of improving the successful completion of transfer-level mathematics/quantitative reasoning and English courses by students within a one-year timeframe of their initial attempt in the discipline.

(f) A community college that receives the grant shall use 10% of their grant for professional development in inclusive teaching practices and subject pedagogy. All faculty are encouraged to attend the professional development and it is the Legislature's intent for community colleges to require faculty who teach remedial mathematics/quantitative reasoning or English to attend the professional development courses offered pursuant to this subdivision.

Reporting Requirements

The Chancellor's Office is required, per Education Code §78213.2 (g), to report to the Department of Finance and the Legislature a summary of the plans submitted by colleges (on or before Sept.1, 2023), and two subsequent reports presenting each community colleges' progress in implementing its plan (in 2025 and 2027).

To comply with these reporting requirements, colleges are required to submit regular updated data and progress reports on the implementation status of funding plans submitted and expenditure reports detailing how colleges utilized funding allocations across the approved funding activities. The Equitable Placement and Completion Grant Funding

Reporting Survey for implementation progress, data and fiscal expenditure reporting will be open for reporting in Feb. 2024. In each reporting cycle, the chief instructional officer or vice president of instruction of each college will receive a unique link for their institution to submit data to the Chancellor’s Office. Grantees must provide an expenditure and progress report annually throughout the life of the grant and a final executive summary report and certification. See the following Reporting Timelines summary for the reporting due dates for 2024 through 2026:

Reporting Timelines

Reports	Due Date
EPS&C implementation progress, data, and fiscal report #1 due	Aug. 30, 2024
EPS&C implementation progress, data, and fiscal report #2 due	Aug. 30, 2025
EPS&C implementation progress, data, and fiscal report #3 due	Aug. 30, 2026
Final executive summary and program evaluation with certification due	Dec. 30, 2026

Contact

Please direct inquiries regarding this allocation to the Chancellor’s Office Educational Services and Support Division at AB705@CCCCO.edu.

Additional Resources

As California community colleges continue to implement Equitable Placement, Support and Completion initiatives, colleges must do so with a continued focus on maximizing student access, support, and success, guided by local research and annual cycles of continuous improvement. Resources to help colleges engage in cycles of continuous improvement to maximize student success can be found in the Equitable Placement and Completion community in the California Community College Vision Resource Center and on the [Equitable Placement Support and Completion webpage](#).

Please see memo [ESLEI 24-13, California Community College Equitable Placement, Support and Completion Funding Allocation: Reporting Requirements and Timelines](#).

ETHNIC STUDIES

2021-22 Total Allocation

\$5,600,000 - One-time

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

The 2021-22 Budget Act appropriated \$5.6 million in one-time funds to be allocated to 115 colleges equally in the amount of \$48,695.00. Each college received this amount through the 2023-24 Advance Apportionment in July 2023.

Purpose of Funds

The primary purpose of these funds is to ensure the seamless transfer of community college students to the California State University given the ethnic studies general education requirements. Institutions may collaborate with key stakeholder groups, review regulations and standards and establish a plan for implementation. As a secondary activity, funds may be used to assist with advancing anti-racism initiatives at California community colleges.

2023-24 Spending Guidelines

For ensuring the seamless transfer of students, activities may include, but are not limited to:

- Supporting ethnic studies faculty and the supporting articulation function for submission or resubmission for Area F approval.
- Training for Articulation Officers and/or Counselors in transfer pathways using the system ethnic studies core competencies or CSU/UC ethnic studies requirements.
- Building an ethnic studies pipeline from high school to college to university.
- Creating an ethnic studies campus task force on implementation.
- Attending conferences or workshops specifically related to implementation of the new ethnic studies requirements.

For assisting with advancing anti-racism initiatives, activities may include, but are not limited to:

- Providing professional development for faculty focused on innovative equity-conscious pedagogies and online learning to improve the outcomes of students.
- Providing professional development for staff to deepen their understanding of systemic racism, unconscious bias and cultural competency.

- Support and collaborate with student-led organizations with a focus on racial equity and social justice.
- Review existing policies, procedures, and practices that may inadvertently harm disproportionately impacted low-income students and historically marginalized populations.
- Updating course syllabi, curricula, content, teaching and grading practices, communication and engagement.
- Attending conferences or workshops specifically related to advancing anti-racism initiatives.
- Regularly assessing the impact and progress of anti-racism initiatives by collecting data, measuring outcomes and identifying areas that require improvement.

Reporting Requirements

Expenditure reporting is required through the Chancellor’s Office NOVA system, by 5:00 pm., August 31, 2024.

Contact

For questions, please contact EthnicStudies@CCCCO.edu

Additional Resources

For more information, visit see the [Allocation for Implementation](#) memo on the [Chancellor’s Office Ethnic Studies website](#) or log in to the [Vision Resource Center](#) to access the Ethnic Studies community. You may also send your questions to EthnicStudies@CCCCO.edu.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)

2023-24 Total Allocation

\$182,933,000 - Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Funds were allocated based on the following allocation formula approved by Consultation Council in 2017:

- Each college receives a \$150,000 base.
- 90% of funds distributed based on students served.
- 5% of funds distributed based on growth.
- 5% of funds distributed based on college effort.
- Colleges are protected at 95% of their prior year allocation.

Purpose of Funds

The EOPS program was established statewide in 1969 through Senate Bill 164 to serve the economically and academically disadvantaged students. The intended outcome is to increase the number and percentage of EOPS students who successfully complete their chosen educational objectives.

2023-24 Spending Guidelines

These funds are appropriated to provide services and resources to participating EOPS students. Pursuant to Title 5 regulations, each college will be required to meet minimum spending obligations for direct aid to students, textbook assistance and district match. Additional information on allowable and unallowable expenditures can be found in the EOPS Implementing Guidelines.

Reporting Requirements

The reporting requirement includes the following:

- Final Expenditure Report is due on October 6, 2023. This can be completed online through Student Services Automated Reporting for Community Colleges (SSARCC). The signed copy of this report should be submitted to SSARCC inbox at SSARCC-EOPS@CCCCO.edu.
- EOPS Program Plan is due on December 8, 2023. This can be submitted to the SSARCC inbox at SSARCC-EOPS@CCCCO.edu.
- Annual MIS reporting is due on August 1, 2023. Refer to the [Data Element Dictionary](#) for more information about the MIS data.

Contact

For questions, please contact Rubindar Kaur at RKaur@CCCCO.edu.

Additional Resources

Please refer to the following information to access the training module on the Vision Resource Center:

1. Log in to the [Vision Resource Center](#) or [create an account](#).
2. Search for the training module for Extended Opportunity Programs and Services (EOPS). You can also click on the following link once you've logged in: [Extended Opportunity Programs and Services](#) (hyperlink only works once you are logged in to Vision Resource Center).

*The EOPS Student Cap is a data point used to measure program growth for allocation purposes. Colleges who serve more students than this number will be eligible for growth funds in 2025-26; there is no obligation to meet or exceed this cap.

FINANCIAL AID TECHNOLOGY

2023-24 Total Allocation

\$5,000,000

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

The 2023-24 funding formula divides the \$5,000,000 allocation evenly among three factors:

1. By college
2. By district
3. By 2021-22 fair share credit headcount

Purpose of Funds

These funds are provided to support technology advancements and innovations that enable more efficient processing of state and federal financial aid.

2023-24 Spending Guidelines

These funds may be used to support technology advancements and innovations that enable more efficient processing of state and federal financial aid. Non-allowable expenses include direct aid to students, student stipends or the cost associated with the delivery of courses.

Reporting Requirements

Annual final expenditure reporting was required through Student Services Automated Reporting for Community Colleges (SSARCC). Colleges could begin reporting in mid-September, the submission deadline was October 27, 2023.

FOSTER AND KINSHIP CARE EDUCATION (FKCE)

2023-24 Total Allocation

\$9,409,886 Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical

Restricted, 8190 - Federal

2023-24 Funding Formula

Funding is provided based on the prior-prior fiscal year unduplicated class participant count based on individual college reported data and a statewide participant rate. There is a 93% guarantee awarded when the formula allocation is lesser than the prior fiscal year allocation.

Purpose of Funds

Funds are provided for resource parent education (including tribally approved homes) as established in the California Department of Social Services Resource Family Approval program and as specified by the chancellor.

2023-24 Spending Guidelines

Spending guidelines follow State Prop 98 and Federal Title IV-E funding restrictions for expenses related to the pre-approval and annual education of resource families and tribally approved homes in the geographical area the college program is authorized to serve. Please refer to [program funding guidelines](#) for allowable and not allowable costs, including administrative caps.

Unspent State funds carry over to next fiscal year. Federal funds must be used within the same year that they are allocated.

Reporting Requirements

Program database and expenditures report are required and due 8/31/24 and reports are to be submitted via email to FKCEForms@CCCCO.edu. Future allocations may be affected for failure to submit required reports by due date.

Contact

For additional information, please contact Rina Rojas at RRojas@CCCCO.edu.

FULL-TIME FACULTY HIRING FUNDS

2023-24 Total Allocation

\$150,000,000 - Ongoing

Revenue Recognition

Unrestricted, 8690 - Other State Revenue.

Funding Formula

The initial allocation was calculated proportionally based on reported resident credit FTES at the time funds were provided in the Budget Act. Once the initial allocation is determined, the allocation remains the same amount in subsequent years. The 2021 Budget Act allocated an additional \$100 million for participating districts to the \$50 million allocated in the 2018 Budget Act, for a total ongoing allocation of \$150 million.

Purpose of Funds

Full-time faculty hiring funds are provided to districts to hire new full-time faculty to increase districts' percentage of full-time faculty toward meeting the 75% full-time faculty goal.

Spending Guidelines

Once new faculty are hired, the full-time faculty hiring funds continue to support ongoing salaries and benefits for those faculty hired using these funds. New faculty include credit, noncredit, instructional and non-instructional full-time faculty hired since 2018-19. For purposes of reporting on full-time faculty hiring funds, new full-time faculty include credit, noncredit, instructional and non-instructional full-time faculty hired beginning July 1, 2018, to date. New full-time faculty include those hired to fill vacancies with full-time faculty positions rather than assigning part-time faculty, and/or staff and support newly developed or approved academic programs, courses, and other instructional or non-instructional activities.

Reporting Requirements

Trailer bill language in 2023 added certain reporting requirements that districts must meet to be eligible to receive full-time faculty hiring funds. Education Code sections 87891 through 87893 now require districts to report to the Chancellor's Office no later than March 31 annually, their progress toward increasing the percentage of instruction by full-time faculty and increasing faculty diversity and related data, as described below. Some of the requirements outlined in trailer bill are for data that is already provided regularly to the Chancellor's Office, and some of the requirements are new and require development of a new Full-Time Faculty Hiring Report. This new report is currently under development and more information will be provided as it is finalized.

Summary of Reporting Requirements in Trailer Bill

Reporting Requirement	New or Existing Requirement	Where to Submit	Due Date
Number of full-time faculty positions filled and maintained with full-time faculty hiring funds in the prior fiscal year.	New	Full-Time Faculty Hiring Report (in development)	March 31
Percentage of full-time faculty hiring funds used in the prior fiscal year.	New	Full-Time Faculty Hiring Report (in development)	March 31
Cumulative total of full-time faculty hiring funds used and unused.	New	Full-Time Faculty Hiring Report (in development)	March 31
Number and percentage breakdown of part-time faculty who have been offered full-time positions.	New	Full-Time Faculty Hiring Report (in development)	March 31
Number and percentage breakdown of faculty who have left or retired from their positions.	New	Full-Time Faculty Hiring Report (in development)	March 31
Number of classroom student interaction hours taught by full-time faculty each week as part of their contractual load per local bargaining agreement.	New	Full-Time Faculty Hiring Report (in development)	March 31
Number and percentage of instruction taught by full-time faculty as measured by the regulatory definition and calculation of full-time equivalent faculty	Existing	Faculty Obligation Compliance Report	November 1
Number of units and FTES and percentage of units and FTES taught by full-time faculty	Existing	MIS	MIS Submission Deadlines
Number and percentage breakdown of full-time faculty disaggregated by race, ethnicity, gender, disability, and other relevant categories	Existing	MIS	MIS Submission Deadlines

Number and percentage breakdown of part-time faculty disaggregated by race, ethnicity, gender, disability, and other relevant categories.	Existing	MIS	MIS Submission Deadlines
The strategies and actions taken by the community college district to address challenges and barriers faced by the community college district in increasing full-time faculty and faculty diversity in support of student success and completion. GUIDED PATHWAYS ALLOCATION

2023-24 Total Allocation

There are no new Guided Pathways funds for academic year 2023-24.

The 2017-18 California State Budget provided \$150 million in one-time grants to seed the expansion of the Guided Pathways framework across the California Community Colleges over five years. This \$150 million grant ended at the completion of the 2021-22 fiscal year.

For the fiscal year 2021-2022, \$47.5 million one-time funds were allocated to California Community Colleges to support the continued implementation of a guided pathways program. The 2021-2022 \$47.5 million funds can be expended up until June 30, 2026.

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

With no new Guided Pathways funds for 2023-24, there is no Guided Pathways funding formula.

2023-24 Spending Guidelines

Please see [Guided Pathways \(GP\) Program Expenditure Guidelines PDF](#).

The 2021-2022 \$47.5 million allocated funds can be expended up until June 30, 2026.

Reporting Requirements

- **Guided Pathways Fiscal Report** on expenditures from the Guided Pathways funds allocated in fiscal year 2021-2022 – This Fiscal Report will be Due October 1, 2026. We encourage colleges to maintain local tracking of Guided Pathways fund expenditures each year to ensure the information is readily available for reporting in early Fall 2026.
- Other programmatic criteria as determined by the Chancellor's Office.

Contact

For questions, please contact Jenny Saechao at JSaechao@CCCCO.edu and/or Michael Tran at MTran@CCCCO.edu.

Guided Pathways Program Expenditure Guidelines

The 2017-18 California State Budget provided \$150 million in one-time grants to seed the expansion of the Guided Pathways framework across the California Community Colleges over five years. This investment supported an intensive five-year planning and implementation process at each participating college. The \$150 million grant ended at the completion of the 2021-22 fiscal year.

For the fiscal year 2021-2022, \$47.5 million one-time funds were allocated to California Community Colleges to support the continued implementation of a guided pathways program. The 2021-2022 \$47.5 million funds can be expended up until June 30, 2026.

Using the Guided Pathways framework, colleges will continue to rethink and redesign programs and services into cohesive, campus-wide strategies to achieve the outcomes expected by the state, our system, and our students. Guided Pathways allocations are to be used to directly support the implementation of the Guided Pathways framework.

Reasonable and Justifiable

All expenditures should be reasonable and justifiable. “Reasonable” means expenditures are prudent and every effort is made to utilize funds efficiently. “Justifiable” means expenditures are consistent with goals and activities related to Guided Pathways implementation. Colleges are strongly urged to develop policies and procedures to document and justify Guided Pathways expenditures. Developing written documentation prior to the time of expenditure is recommended. This documentation should clearly establish the link between a given expenditure and Guided Pathways goals and objectives.

Ultimate Responsibility

Colleges and districts are ultimately responsible for expenditure decisions. This responsibility cannot be delegated. It is expected that district-contracted auditors annually audit expenditures. Audits may also be conducted by the California Bureau of State Audits, the Chancellor's Office, or other government agencies with a lawful interest in the expenditure of funds.

Non-Allowable Expenditures

The Chancellor's Office has identified the following non-allowable expenditures:

1. Gifts -- Public funds may not be used for gifts or monetary awards of any kind. Expenditures for a public purpose are not considered a gift of public funds.
2. Stipends for students -- funds cannot be used to pay stipends to students for participation in program or classroom activities.
3. Political Contributions.
4. Courses -- funds may not be used to pay for the delivery of courses that generate FTES.
5. Supplanting – Any funds spent on these programs should supplement, not replace, general or state categorical (restricted) district funds expended on similar program activities prior to the availability of program funding. This restriction applies to categorical programs and any other federal, state, and county programs.

In general, the Chancellor's Office will not provide an exhaustive list of allowable and non-allowable expenditures, as decisions for each expenditure must be made locally according to program objectives and activities, and the "reasonable and justifiable" criteria as outlined above.

HIRE UP PILOT PROGRAM

2023-24 Total Allocation

\$30,000,000

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Each district will receive an allocation based on their percentage of formerly incarcerated students, former foster youth, CalWORKS recipients and students that completed transfer level math and English.

Purpose of Funds

Higher Education Trailer Bill, Assembly Bill 183, established the Hire UP pilot program to provide stipends to formerly incarcerated students, CalWORKs recipients and former foster youth to help them meet the true cost of college attendance, and gain clear access to credential programs and workforce support needed to enter, participate and succeed in California's economy.

The Chancellor's Office will enter into one-time agreements with up to 10 community college districts for a five-year pilot program to provide funding for stipends for eligible students.

2023-24 Spending Guidelines

Colleges will use the funds to provide stipends to students at least once a month, each stipend is based on California state minimum wage for each enrollment level of hours. Stipends are estimated financial assistance.

Reporting Requirements

Districts will report annually using an ad-hoc survey, with a reporting date to be determined.

Participating districts will be required to collect and report the following information to the Chancellor's Office annually:

1. The number of students receiving a stipend.
2. The enrollment level and total stipend amount for each student.
3. Whether the student is formerly incarcerated, a CalWORKs recipient and/or former foster youth.
4. Number of units completed for each student while active in program.
5. The degree or training program each stipend recipient has completed or is participating in.

6. The outcomes for all participants, including completion, persistence, employment, additional education or business startups/entrepreneurship.
 - a. This information must be collected directly from students.
7. The percentage of students employed in the field in which they received a degree or completed training.
8. The number of staff hours and estimated salary dedicated to administering the program

Contact

For questions, please contact Mario Garza at MGarza@cccco.edu.

HOMELESS AND HOUSING INSECURITY PROGRAM (RAPID REHOUSING)

2023-24 Total Allocation

The 2023-24 Budget Act provided \$20,562,000 for this program. Of this amount, \$18,830,314 has been allocated to colleges and the remaining amount will be allocated as more colleges begin participation in the program.

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Methodology

There are currently two cohorts of colleges participating in the Homeless and Housing Insecurity Program (HHIP). The Chancellor's Office employed a statewide data driven identification process including analysis of county and college data to establish participating cohorts. Expansion of the program, beyond the existing two colleges cohorts, will be contingent on the availability of additional legislative resources. Funding to HHIP Cohort #1 was distributed based on size determination of participating institutions. Funding to HHIP Cohort #2 includes a base amount of \$150,000 per college, with the remaining balance being distributed based on total head count, across the participating colleges.

Purpose of Funds

[Per Senate Bill 101](#) (Budget Act 2023) these funds are provided to support services and resources for students who have identified as being homeless or to students at eminent risk of becoming homeless.

2023-24 Spending Guidelines

HHIP funds should be used to provide services to students who have identified as being homeless or to students at eminent risk of becoming homeless. Services include, but are not limited to academic support, case management services, housing identification and placement services, emergency aid and rent/move in assistance. Please reach out to the contacts listed below with questions regarding allowable services.

Reporting Requirements

Future allocations may be affected for failure to submit required reports. Colleges participating in the HHIP program must submit unitary student data into the Chancellor's Office [HHIP web reporting portal](#). Additionally, per [Assembly Bill 977](#), colleges must also partner with their local housing agency to submit required quarterly data into the local Homeless Management Information System (HMIS). HMIS reporting portals are county maintained and participating colleges will need to engage with their housing partners to fulfill this statutory requirement. Colleges are also required to submit final annual expenditure reports. Final

annual expenditure report templates are provided by the Chancellor’s Office and due annually the last Friday in September.

Contact

For questions, please contact Colleen Ganley at CGanley@CCCCO.edu or Mackenzie Grass at MGrass@CCCCO.edu.

For technical assistance regarding AB977 reporting requirements please contact AB977_TA@abtassoc.com.

LGBTQ+

2023-24 Total Allocation

\$10,000,000 - One-Time

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Purpose of Funds

The 2023 Budget Act appropriates \$10 million in one-time funding for allocation by the Chancellor’s Office community college districts to support LGBTQ+ students. The purpose of the funds is to continue the momentum that participating community college districts established to provide support for LGBTQ+ students. Maximum funding a participating community college district can receive has been increased to \$900,000.

This allocation intends to provide additional funding to support LGBTQ+ students; districts and colleges shall not use this funding to replace or reimburse any current funding sources or existing efforts without meaningfully increasing direct support for LGBTQ+ students. Due to the one-time nature of this funding, districts are encouraged to focus on the sustainability of LGBTQ+ student support efforts by ensuring student-centered redesign with LGBTQ+ students in mind, prioritizing the build out of critical service delivery infrastructure that addresses the unique needs of LGBTQ+ students, and identifying additional funding sources to sustain the momentum of LGBTQ+ student support in the long term.

2023-24 Funding Formula

The allocation funding formula includes a base amount of \$20,000 for every college. The remaining appropriation (\$7,700,000 in total) will be allocated to colleges based on the following:

- 75% of the remaining appropriation will be allocated based on total headcount; and
- 25% of the remaining appropriation will be allocated based on the number of students who received a Pell grant.

2023-24 Spending Guidelines

Community college districts shall use this funding to provide needed services, based on evidence-based practices, to LGBTQ+ students. They may include:

- LGBTQ+ centers
- Professional development and training on serving LGBTQ+ students
- Mental health services
- Housing insecurity services

- LGBTQ+ learning communities
- Support for gay and straight alliance clubs
- LGBTQ+ curriculum development
- Lavender graduation
- Workshops or speaker series
- Other proven initiatives.

LOCAL AND SYSTEMWIDE TECHNOLOGY DATA SECURITY FUNDING

2023-24 Total District Allocation

\$12,600,000 - Ongoing

Revenue Recognition

Restricted, 8620

Funding Allocation

The 2023 Budget Act authorizes \$25 million ongoing funds for local and systemwide technology funding. Of this amount, \$12,600,000 will be provided to districts in the amount of \$175,000 per district annually to hire local cybersecurity staff, support technology modernization and the protection of sensitive data.

The remaining \$12,400,000 will fund annual ongoing support of key information security initiatives, including, but not limited to subscriptions/licenses, regional team support, development of a systemwide Security Operations Center (SOC), and other relevant oversight.

The 2022 Budget Act also provided \$75 million in one-time funds which have been used to support district cybersecurity self-assessments in 2022 and to implement other measures that support improved oversight of fraud mitigation and cybersecurity efforts. Future investments of one-time funds will include, but are not limited to, purchase of a multi-year Microsoft A5 license, regional implementation teams, ID proofing in CCCApply, and development of regional support teams.

Purpose of Funds

The 2023 Budget Act provides these funds for districts to implement local and systemwide technology and data security measures and hire local cybersecurity staff to support improved oversight of fraud mitigation, online learning quality, and cybersecurity efforts. Funds are also provided for statewide measure that benefit all community colleges including, but not limited to, security upgrades for CCCApply and education technology platforms and the establishment of systemwide cybersecurity teams.

Spending Guidelines

Ongoing Technology and Data Security funds are intended to support districts' efforts to mature and maintain an information security program in alignment with the system's information technology priorities, as well as to support any applicable information security compliance requirements.

Requirements to Receive Funds

As a condition of receiving ongoing technology and data security funds, districts must:

- Complete an annual cybersecurity self-assessment of their information technology infrastructure.

Participate in the following regularly scheduled cybersecurity reporting:

- Submit remediation updates twice per year, for the fall and spring semester terms, on vulnerability and other issues identified in the previous self-assessment or triennial assessment.
- Submit detailed after-action reports of all cybersecurity incidents that either lead to a breach of personally identifiable information or lead to the disruption of services, including, but not limited to, a breach of student identification numbers, distributed denial-of-service attacks, and ransomware.
- The total number of admission applications received from CCCApply that are determined to be fraudulent, including applications marked as “likely fraud” within CCCApply, on an annual basis.
- Information requested on suspected fraudulent enrollments, and fraudulent receipt of financial aid, on an annual basis.

Contact

For questions, please contact Valerie Lundy-Wagner, Vice Chancellor of Digital Innovation and Infrastructure, at VLundyWagner@CCCCO.edu, or 916-322-1928.

MAINTENANCE ALLOWANCE

2023-24 Total Available for Reimbursement to Districts

\$100,000

Revenue Recognition

Restricted, 8650 - Reimbursement Categorical Programs

Allocation of Funds

Title 5, section 54200 requires a maintenance allowance to be paid by community college districts for certain students that reside in a territory not included within any district. Districts are subsequently reimbursed through the apportionment process for the amount paid to the students. The reimbursement of maintenance allowance paid to students is shown annually on Exhibit D at the Recalculation Apportionment in February. The 2023-24 Budget Act appropriated \$100,000 for this program.

Program Guidelines

Not all districts will have students who qualify for this program. In order to be eligible for the Maintenance Allowance program, a student must reside in specific parts of Modoc County, Mono County, and Siskiyou County and meet other eligibility criteria as stated in our [Maintenance Allowance webpage](#). The Chancellor's Office determines the amount for reimbursement by using the daily rate and the amount of days eligible student are enrolled full time in credit classes. Such period includes Saturdays, Sundays, holidays and spring break, but excludes breaks between terms when the students are not enrolled.

The daily rate may be increased by the Implicit Price Deflator for State and Local Government Purchase of Goods and Services if circumstances warrant. A proration will be made if the total claims exceed \$100,000, the maximum amount available for this purpose. After the calculation is made and notification made to districts of the daily rate, no additional claims will be accepted.

Purpose of Funds

Maintenance Allowance funds are provided to alleviate the financial burden of students who reside outside of community college district boundaries regarding the student's transportation costs to and from school or the cost of relocation if they were to move closer to the school.

2023-24 Spending Guidelines

Funds are restricted for the purposes of the Maintenance Allowance program only.

Reporting Requirements

Districts must complete a CCFS-355 form by listing eligible students and their respective eligible days for the just completed fiscal year. The form is submitted and signed by superintendent of schools of the county of residency for the official verification and signature. The form is due to the Chancellor's Office by August 15.

Districts must pay eligible student(s) prior to September 30, per title 5. They will be provided a certification of payment and they are required to complete and sign the document before providing it to the Chancellor's Office.

Districts with no eligible students are not required to complete the CCFS-355 form.

Summary of Key Dates

Key Dates	Description
By July 15	During the fiscal year, request the superintendent of schools of the county of residence to preliminarily determine eligibility of students as they apply for the allowance.
By August 1	Complete the CCFS-355 form by listing eligible students and their respective eligible days for the just completed fiscal year. Submit it to the superintendent of schools of the county of residence for the official verification and signature.
By August 15	Submit the completed and signed electronic copy of the CCFS-355 form to the Chancellor's Office at AttendanceAcct@CCCCO.edu .
By September 30	District must pay eligible student prior to September 30, per T5. The reimbursement of Maintenance Allowance paid to students will be included on Exhibit D of the Recalculation in February.
By October 15	Districts must complete and sign the certification of payment. The signed electronic copy should be submitted to the AttendanceAcct@CCCCO.edu inbox.

MENTAL HEALTH PROGRAM

2023-24 Total Allocation

\$32,466,000 – Ongoing

Revenue Recognition

Restricted, 8620 - General Categorical Programs

2023-24 Funding Formula

The allocation funding formula includes a base amount of \$65,000 for every college. The remaining appropriation (\$24,991,000 in total) will be allocated to colleges based on the following:

- Seventy-five percent of the remaining appropriation will be allocated based on total headcount; and
- Twenty-five percent of the remaining appropriation will be allocated based on the number of students who received a Pell grant.

Purpose of Funds

Mental health funds are provided for colleges to expand mental health resources for students.

2023-24 Spending Guidelines

Funds are to be used for mental health support services including, but not limited to:

- Engaging in student-centered design process to establish and strengthen structures to enable and streamline the delivery of holistic support for students across the continuum, including mental health promotion, prevention, crisis / acute treatment, post-acute care and recovery;
- Providing campus-based training to faculty, staff and students regarding early identification, intervention and referral of students with mental health needs;
- Ensuring students receive all applicable internal and external support services because of the close linkage between mental health and other social determinants of educational success,
- Establishing partnership(s) with local county behavioral health departments, subcontractors of county behavioral health departments or community-based organizations, with the goal of establishing appropriate referral processes for students in need of clinically appropriate mental health supports;
- Leveraging other community-based mental health resources, where available.

Reporting Requirements

Annual reporting due in NOVA in the Fall of 2024.

NATIVE AMERICAN STUDENT SUPPORT & SUCCESS PROGRAM (NASSSP)

2023-24 Total Allocation

\$30,000,000 - One-Time

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

The Chancellor’s Office will allocate program investment in two phases. In Phase 1, every grantee college received \$600,000 each in June 2023. In Phase 2, every eligible grantee college will receive \$900,000 each in January 2024.

Purpose of Funds

One-time funds for the Native American Student Support and Success Program (NASSSP) are provided to: (1) strengthen K-12 pathways to and through the California Community Colleges for Native American students; (2) ensure the educational success of Native American students; (3) develop Native American leaders; and (4) increase the number of Native American mentors to empower future generations. The NASSSP is further described in [Ed Code 79520](#).

2023-24 Spending Guidelines

Grant funds are to be spent for the purpose of developing local Native American student support and success programs and delivering the services described in Section 78212 to Native American Students. Specifically, funds should be spent to:

- Establish a full-time program coordinator and tribal liaison position for the purpose of implementing the services described in this article. The coordinator shall also act as a liaison between the community college and local Native American tribes for the creation and implementation of the program. In hiring this position, preference shall be given to qualified candidates of Native American or Alaska Native heritage in a manner similar to preference provided in the federal Indian Preference Act of 1990.
- Integrate peer mentorship with other student success services.
- Develop clearly structured, coherent course-specific cohorts.
- Build capacity for counseling and wraparound student services offering culturally responsive resources.
- Develop and integrate faculty and staff professional development training.
- Provide additional services to Native American students, including program outreach and recruitment, program consultation and eligibility verification, career development, basic need service coordination, offering culturally responsive resources, transfer and career counseling, book and supply grants, tutoring and other related services to ensure the educational success of Native American students.

NEXTUP

2023-24 Total Allocation

\$53,860,000 – Ongoing Funds

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

College allocations include a base amount plus \$4,250 per student served. The per college incremental base is aligned with the number of students served:

- 1-60: \$75,000
- 61-90: \$100,000
- 91-120: \$125,000
- 121+: \$150,000

Based on the above formula, college allocations remain relatively consistent with the 2022-2023 allocations with adjustments based on the number of students served at each college.

Purpose of Funds

The NextUp program shall increase participation in the number of current, and former foster youth who attend community college and help youth realize and achieve their educational and career goals. It is the intent of the legislation, per [Education Code 79220–79228](#), to provide services eligible for current, and former foster youth.

2023-24 Spending Guidelines

Services and resources can include, but are not limited to, outreach and recruitment services, counseling, book and supply grants, tutoring, independent living, financial literacy skills support, frequent in-person contact, career guidance, transfer counseling, childcare and transportation assistance, and referrals to health services, mental health services, housing assistance and other related services. Additional information regarding services and expenditures can be found in [California Code of Regulations 56400-56416](#).

Reporting Requirements

Each term colleges are required to flag students receiving NextUp services and support using the [SG11 data element](#) for submission into the Chancellor’s Office Management Information System. Colleges are also required to report on the [SG03 data element](#) and properly code foster youth community college students.

In addition, future allocations may be affected for failure to submit required final expenditure reports by September 30, 2024.

NURSING ENROLLMENT GROWTH AND RETENTION PROGRAM GRANT (NURSING EDUCATION)

2023-24 Total Allocation

\$12,918,794

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

2023-24 is the first year of implementation of a new funding formula for this program. To reduce disruption to current nursing program funding levels, colleges will not experience reductions of more than 15% from their prior year allocation. Therefore, some colleges may have been allocated additional funding above the amounts calculated as described below.

The new funding formula puts colleges into one of two categories based on the nursing program's recent past performance. The categories are:

- **Retention** – any program which has a demonstrated need to address its program completion status will be mandated to spend funding to address this issue [Education Code Section 78261(d)(1)]. The base allocation is \$2,430.00 per student.
- **Growth** – any program that does not have issues with retention or equity will be invited to grow their program by from one to three cohorts [Education Code Section 78261(b) and (d)]. A cohort is a group of a minimum of eight students to be funded for two full years from the current year's funding. The base allocation is \$91,200 per cohort.

The new funding model will gradually adjust to be in full effect by approximately 2028. For additional details, see [Letter of Intent](#).

Purpose of Funds

Funds are provided for diagnostic and support services, pre-entry coursework, alternative program delivery model development, and other services to reduce student attrition in nursing programs. For colleges to qualify for nursing grant funding, they must reduce the student attrition rate to 15%, increase completion, and expand nursing program enrollment.

Expenditure Guidelines

Funds shall be used only for expanding enrollment, providing diagnostic assessments, developing and offering pre-entry coursework to prospective nursing students, and the offering of diagnostic assessments and supportive services to enrolled nursing students.

Supportive services may include, but are not limited to, tutoring, case management, mentoring, and counseling services. Funds may also be used to develop alternative delivery models such as part-time, evening, weekend and summer program offerings. [Education Code, Section 78261]

Reporting Requirements

Grantees must report project and expenditure data to the state via the NOVA system in a timely, thorough, and accurate manner. Grantees will report expenditures and provide a progress report to the Chancellor’s Office on a quarterly basis each year. A Final Report Narrative and a Final Report of Expenditures will be required each year on August 31 based on the legislation.

Grantees are expected to fulfill legislative requirements by maintaining and reporting required data. [Education Code Section 78261(g)(1-8) and (h) (1-2)]

PART-TIME FACULTY COMPENSATION

2023-24 Total Allocation

\$26,542,000

Revenue Recognition

Unrestricted, 8610 - General Apportionments

Funding Formula

Each district qualifying as a small college district receives a \$50,000 base allocation. The remaining funds are allocated to all districts, including small college districts, based on their proportionate share of prior year total FTES, as reported on the CCFS-320 at the second principal apportionment cycle (P2), including any approved emergency conditions allowances. Funds do not revert and there is no deadline to expend or encumber.

Purpose of Funds

Part-time faculty compensation funds are provided to make part-time faculty salaries more comparable to full-time salaries for similar work, as determined through collective bargaining.

Spending Guidelines

Funds are to be spent on part-time faculty salaries. However, if a district achieves parity, its allocation may be used for any other educational purpose.

Reporting Requirements

Whenever a labor contract is settled that covers part-time faculty, districts must report to the Chancellor's Office, on the CCFS-311Q- Quarterly Financial Status Update, whether parity has been achieved.

PART-TIME FACULTY HEALTH INSURANCE

2023-24 Total Available for Reimbursement

\$200,490,000

Revenue Recognition

Unrestricted, 8610 - General Apportionments

Reimbursement Methodology

The Part-Time Faculty Health Insurance Program provides reimbursements to districts that establish a part-time faculty health insurance program. The first portion of the reimbursement allocation covers up to 50% of the districts' costs of the individual premiums paid to the health insurance coverage of participating part-time faculty, multidistrict part-time faculty, and their dependents. After the initial allocation of up to 50% of costs, any remaining funds will be allocated to districts who meet the criteria for up to 100% reimbursement listed in the Eligibility Guidelines section below. In any year where funds provided in the budget are insufficient to cover the total cost of all claims submitted, each district will receive a proportionate share of the available funds. Any funds remaining after all participating district claims have been reimbursed revert to the State general fund each year.

Purpose of Funds

This program was established with Education Code section 87860 – 87868 for the purpose of providing a state incentive program to encourage community college districts to offer health insurance to part-time faculty.

Eligibility Guidelines

The program does not cover the cost of dental or vision premiums. Districts that establish a program must negotiate with the exclusive bargaining representative the share of the premium payments not covered by the state.

For this program the following definitions apply:

- Part-Time Faculty are those with assignments equal to or greater than 40% of a full-time assignment.
- Multidistrict part-time faculty are those with total teaching assignments at two or more community college districts equal to or greater than 40% of a full-time assignment.

Districts can receive reimbursement for up to 100% of the total cost of health insurance provided to part-time faculty, multidistrict part-time faculty, and their dependents meeting the following requirements, up to the total cost of the individual premiums paid:

- Offers health insurance coverage to all eligible part-time faculty.

- Offers part-time faculty the same health insurance benefits provided to full-time faculty.
- Only if a district is unable to identify an insurance carrier that will provide the same plan structure and option(s) offered to full-time faculty, can they seek different carrier options that offer the same cost share, quality and benefits.
- Limits individual premiums (i.e., employee contributions) paid by part-time faculty to no more than the actual individual premium (employee contribution) paid by full-time faculty in that district.
- Offers health insurance coverage, through a reimbursement plan, to all eligible multidistrict part-time faculty.
- Districts can reimburse multidistrict part-time faculty who individually purchase health insurance benefits, up to a proportionate share of the district's most commonly subscribed family coverage plan.
- If a participating district is seeking 100% reimbursement of their costs, then they must reimburse multidistrict part-time faculty who individually purchase health insurance benefits, up to a proportionate share of the district's most commonly subscribed family coverage plan.

Reporting Requirements

Education Code requires districts to submit a Part-Time Faculty Health Insurance claim form to the Chancellor's Office by June 1 annually. Claims are available on the Chancellor's Office Part-Time Faculty Health Insurance Program webpage.

Additional Resources

[Part-Time Faculty Health Insurance Program webpage](#)

[Fiscal Memo FS 22-14](#)

2022-23 Participation Summary

In 2022-23, 36 districts participated in the Part-Time Faculty Health Insurance Program. A total of 4,046 part-time faculty and 115 multidistrict part-time faculty participated in the program. Six districts offered multidistrict part-time faculty reimbursements. Districts reported a total of \$22.6 million in eligible reimbursements.

PART-TIME FACULTY OFFICE HOURS

2023-24 Total Available for Reimbursement

\$23,626,000 – 2023 appropriation

\$23,626,000 – 2022 appropriation remaining balance

\$57,744,796 – 2021 one-time appropriation remaining balance

\$104,996,796 – total available for reimbursement in 2023-24

Revenue Recognition

Unrestricted, 8610 - General Apportionments

Reimbursement Methodology

The Part-Time Faculty Office Hours program provides a reimbursement of no more than 50% of a district's total cost for part-time faculty office hours compensation. When funds provided in the budget are insufficient to cover 50% of all claims submitted, each district is provided a proportionate share of the available funds.

The 2023 Budget Act appropriated \$23.6 million for this program, and funds remain from the one-time \$90 million provided in the 2021 Budget Act. Due to the substantial recent investments made by the Legislature, we expect that claims submitted in June 2024 will receive a full 50% reimbursement for the total part-time faculty office hour compensation.

Purpose of Funds

This program was established with Education Code sections 87880 - 87885 for the purpose of providing community college students equal access to academic advice and assistance and to encourage community college districts to provide opportunities by compensating part-time faculty who hold office hours related to their teaching load.

Eligibility Guidelines

To establish a program, a district must negotiate with the exclusive bargaining representative or with faculty, if there is no bargaining unit. Part-time faculty participating in the program must be compensated for at least one office hour for every two or more classes taught per week or 40% of the district-defined full-time load. Part-time faculty may receive office time compensation for each 20% of the district-defined full-time faculty load.

Reporting Requirements

Education Code requires districts to submit a Part-Time Faculty Office Hours claim form to the Chancellor's Office by June 1 annually. Districts participating in the program report the number of eligible part-time faculty, number of eligible office hours, and total compensation for the office hours. Claims are available on the Chancellor's Office Part-Time Faculty Office Hours Program webpage.

2022-23 Participation Summary

In 2022-23, fifty districts participated in the Part-Time Faculty Office Hours program. A total of 27,510 part-time faculty participants worked a total of 716,605 office hours. Districts reported a total of \$28.6 million in eligible reimbursements, which were funded completely from the remaining 2021 one-time appropriation.

PERKINS V: 1B-REGIONAL CONSORTIA ALLOCATIONS

2023-24 Total Allocation

\$2,570,000

Revenue Recognition

Federal Reimbursement: Vocational Education

2023-24 Funding Formula

The Regional Collaboration and Coordination grants were issued through a competitive Request for Application process.

Purpose of Funds

The purpose of the grants are to support regional infrastructure and operations to provide leadership and coordination of workforce and career education programs within each region and facilitate collaboration and support of the region's member colleges in improving student success and employment outcomes to meet Vision 2030 Goals.

2023-24 Spending Guidelines

The Carl D. Perkins Career and Technical Education Act (Perkins Act) is the primary Federal law aimed at developing and supporting career and technical education (CTE) programs for secondary and postsecondary students. Districts must obligate all funds by June 30, 2024. In addition, under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) at 2 CFR §200.344 (b), grantees must liquidate obligations within 60 days of the end of the funding period, unless an extension is approved by the State office. Each grantee is responsible for accounting for the expenditure of the 12-month grant allocation. Federal Perkins V funds cannot be carried into the following fiscal year.

Reporting Requirements

Required reporting is submitted within the Chancellor's Office grant management system NOVA:

2023-24 Total Allocation

\$52,762,156

Revenue Recognition

Federal Reimbursement: Vocational Education

2023-24 Funding Formula

Perkins Title IC funds are distributed to eligible community college districts based on their share of unduplicated headcount of disadvantaged students who are enrolled in career technical education (CTE) programs.

Purpose of Funds

The purpose of these funds are to prepare special populations' student groups for high-skill, high-wage, or in-demand industry sectors or occupations that will lead to self-sufficiency; prepare CTE participants for non-traditional fields; provide equal access for special populations to CTE courses, programs and programs of study; and ensure that members of special populations will not be discriminated against on the basis of their status as members of special populations.

Special populations' student groups mean individuals with disabilities; individuals from economically disadvantaged families, including low-income youth and adults; individuals preparing for non-traditional fields; single parents, including single pregnant women; out-of-workforce individuals; English learners; homeless individuals; youth who are in or have aged out of the foster care system; and youth with a parent who is a member of the armed forces and who is on active duty.

2023-24 Spending Guidelines

Districts must obligate all funds by June 30, 2024. In addition, under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) at 2 CFR § 200.344 (b), grantees must liquidate obligations within 60 days of the end of the funding period, unless an extension is approved by the Chancellor's Office. Each district is responsible for accounting for the expenditure of the 12-month grant allocation. Perkins V funds cannot be carried into the following fiscal year.

PHYSICAL PLANT AND INSTRUCTIONAL SUPPORT

2023-24 Total Allocation

The 2022 Budget Act included \$840,655,000 in one-time funds for 2022-23 to address deferred maintenance and energy efficiency projects across the system. The 2023 Budget Act reduces that appropriation for 2022-23 by \$500,013,000 to \$340,642,000 but appropriates \$5,732,000 one-time for the 2023-24 fiscal year. These changes result in a net allocation over the two years of \$346,374,000.

2023-24 Funding Formula

The reduction in 2022-23 funding and the 2023-24 allocation is applied proportionally based on the district's share of the original total 2022-23 allocation. For details on the reduction for each district, see the Physical Plant and Instructional Support - Summary of Revised Allocation table at the end of this section.

2023-24 Spending Guidelines

Encumbrance of Funds

The Higher Education Trailer Bill (SB 117, SEC. 20, 2023) requires the funds for Physical Plant and Instructional Support provided in 2022-23 and in 2023-24 to be encumbered or expended by June 30, 2027.

Flexibility Between Funds

The 2023 enacted budget includes provisions to allow community college districts more flexibility in the use of COVID-19 Recovery Block Grant, Physical Plant and Instructional Support, and Retention and Enrollment Outreach funds. Each of these funding sources can now be used for any of the allowable purposes for all three programs.

If a district determines that funds originally provided for the COVID-19 recovery block grant, physical plant and instructional support, or retention and enrollment outreach are to be expended for one of the other programs, a transfer between program funds should be made in the total amount of previous or intended spending, beginning with expenditures made on or after July 1, 2022. In this way, expenditures can be recorded and attributed to the program with which they most align. For example, if a district has block grant funds remaining, they can transfer those funds for use for retention and enrollment efforts or for costs related to physical plant and instructional support.

Certification Process

For the 2023-24 fiscal year, districts are required to submit a certification form containing districts' reallocation on the revised 2022-23 block grant allocation, the 2023-24 block grant allocation, and any amounts transferred from the COVID-19 Recovery Block Grant or the Retention and Enrollment Outreach funds. The sum of these funds will total the 2022-23 Project Funding Proposal (PFP) funding. The 2022-23 PFPs will be submitted with the

district's 2023-24 Scheduled Maintenance Five Year Plan within FUSION. To assist with the Physical Plant and Instructional Support certification process, please use the [Physical Plant and Instructional Support Block Grants Certification form](#). The certification form documents how districts plan to distribute their funds between physical plant and instructional support as outlined below.

- Physical Plant
- Scheduled maintenance and special repairs
- Architectural barrier removal
- Hazardous substances abatement
- Seismic retrofit
- Water conservation
- Energy efficiency
- Instructional Support
- Instructional equipment
- Library materials

For the revised 2022-23 block grants, 2023-24 block grants, and other fund sources, districts are not required to match their state Physical Plant and Instructional Support allocations with local resources.

Project Funding Proposals and Scheduled Maintenance Five-Year Plan

With the updated district block grant allocations, it is recommended districts revise the 2022-23 PFPs as needed. Districts should submit any new PFPs to the Chancellor's Office for review. Districts shall also complete and submit the 2022-23 PFPs with the 2023-24 Scheduled Maintenance 5-Year Plan via FUSION. This plan is comprised of information on fiscal year 2023-24 and a four-year planning horizon that ends in 2027-28.

Districts' Scheduled Maintenance Five-Year Plans demonstrate long-term physical plant needs. The Chancellor's Office uses districts' physical plant data to advocate for state funding. For more information about the Physical Plant and Instructional Support program, project eligibility, or information about how to enter projects into FUSION, please use the [Physical Plant and Instructional Support Guidelines](#).

Project Funding Proposal Funding Limits

Architectural Barrier Removal and Seismic Retrofit projects have a maximum funding limit of \$929,000. All other project categories do not have funding limits. For permits and fees,

the maximum funding percentage is 25%. For contingency, the maximum funding percentage is 14%.

Instructional Support

The Chancellor’s Office requests that districts provide information about local instructional support needs through the submission of the Instructional Support Five-Year Plan. The Instructional Support Five-Year Plan should include your district’s purchases using the revised 2022-23 funds and planned purchases for 2023-24, along with a five-year projection (2024-25 to 2028-29) of instructional support need. Please use the [Instructional Support 5 Year Plan Template](#).

Reporting Requirements

Please submit the following items by their specified deadlines:

- Email the Physical Plant and Instructional Support Block Grants Certification form, signed by your district’s Chief Executive Officer to Druv Bhat at DBhat@CCCCO.edu by October 30, 2023.
- Submit the revised 2022-23 PFPs and the 2023-24 Scheduled Maintenance Five-Year Plan (2023-24 to 2027-28) via FUSION by October 30, 2023.
- Email the 2023-24 Instructional Support Five-Year Plan to Druv Bhat at DBhat@CCCCO.edu by December 1, 2023.

Contact

Please contact Druv Bhat at DBhat@CCCCO.edu or (925) 998-4431 for assistance with the Physical Plant and Instructional Support certification process or with questions related to the program.

REGIONAL EQUITY AND RECOVERY PARTNERSHIPS GRANTS

Total Allocation

These grants were funded with one-time fiscal year 2020-2021 funds. Total amount awarded was \$9,500,000.

Revenue Recognition

Restricted, 8690 – Other State Revenue

Funding Methodology

The Chancellor's Office Regional Equity and Recovery Partnership (RERP) grants were awarded to community colleges identified as partners in the local workforce development board funding applications submitted to the California Workforce Development Board (CWDB). A total of 75 community college grants were issued in January 2023 and all awarded grants will end by September 30, 2025.

Purpose of Funds

The purpose of these investments is for community colleges to establish a Regional Equity and Recovery Partnership (RERP) with a local workforce development board Regional Planning Unit (RPU) of the California Workforce Development Board. The partnership will connect workers most impacted by the COVID-19 pandemic to high-quality jobs in target and growth industry sectors. The grant funding will support educational programming by the recipient college for disproportionately impacted students (participants) identified by the RPU. The educational program includes credit for prior learning, work-based learning opportunities, academic and career supports, and the award of industry valued credentials or degrees, consistent with Assembly Bill 132 (Chapter 144, Statutes of 2021).

Spending Guidelines

The grant funds can be used to support costs associated with establishing a RERPR with a local workforce development board and educational programming:

- Personnel costs for employer engagement and partnership management activities;
- Program outreach and recruitment activities;
- Costs of program customization and development, program materials, instruction, student job placement, coaching, and support activities;
- Instruction and training costs;
- Participant fees;
- Reasonable program operations costs; and
- Indirect costs not to exceed 4%.

Reporting Requirements

Grantee community colleges are required to submit implementation plans and reporting in the Chancellor’s Office NOVA system on a semi-annual basis as follows:

Payment Date	Milestone Payment	Milestone Requirement/Verification
January 1, 2023	40%	Execution of grant agreement; submittal & approval of workplan & budget
July 20, 2023	10%	Q4 Fiscal Report & Reporting Outcomes (1/23/23 – 6/30/23) submittal & approval in NOVA
January 19, 2024	10%	Q2 Fiscal Report & Reporting Outcomes (7/1/23 – 12/31/23) submittal & approval in NOVA
July 19, 2024	10%	Q4 Fiscal Report & Reporting Outcomes (1/1/24 – 6/30/24) submittal & approval in NOVA
January 20, 2025	10%	Q2 Fiscal Report & Reporting Outcomes (7/1/24 – 12/31/24) submittal & approval in NOVA
July 18, 2025	10%	Q4 Fiscal Report & Reporting Outcomes (1/1/25 – 6/30/25) submittal & approval in NOVA
September 20, 2025	10%	Final Fiscal Report & Reporting Outcomes (7/1/25 – 9/30/25) submittal & approval in NOVA

RETENTION AND ENROLLMENT OUTREACH

2023-24 Total Allocation

The 2023 Budget Act reduce the 2022-23 allocation of \$135,000,000 by \$55,357,000 but appropriates \$50,000,000 one-time for 2023-24. These changes result in a net allocation over the two years of \$129,643,000.

Revenue Recognition

State Revenue, 8620 General Categorical Programs

2023-24 Funding Formula

The reduction in 2022-23 funding and the 2023-24 allocation is applied proportionally based on the district's share of the original total 2022-23 allocation. For details of the reduction for each district, see the *Retention and Enrollment Outreach - Summary of Revised Allocation* table at the end of this section.

Purpose of Funds

Funds are provided to support enrollment and retention at community colleges as they face enrollment challenges caused by the COVID-19 pandemic.

2023-24 Spending Guidelines

Districts should use these funds primarily to engage former community college students that may have withdrawn from college due to the impact of the pandemic, current students that may be hesitant to remain in college, and prospective students that may be hesitant to enroll in a community college due to COVID-19. Funds may be used to provide a fiscal incentive for former or prospective students to enroll.

Flexibility Between Funds

The 2023 enacted budget includes provisions to allow community college districts more flexibility in the use of COVID-19 Recovery Block Grant, Physical Plant and Instructional Support, and Retention and Enrollment Outreach funds. Each of these funding sources can now be used for any of the allowable purposes for all three programs.

If a district determines that funds originally provided for the COVID-19 recovery block grant, physical plant and instructional support, or retention and enrollment outreach are to be expended for one of the other programs, a transfer between program funds should be made in the total amount of previous or intended spending, beginning with expenditures made on or after July 1, 2022. In this way, expenditures can be recorded and attributed to the program with which they most align. For example, if a district has COVID-19 recovery block grant funds remaining, they can transfer those funds for use for

retention and enrollment efforts or for costs related to physical plant and instructional support.

Reporting Requirements

By June 30, 2025, districts must report on how much funding each college has expended for each purpose described in the spending guidelines above, a breakdown of the amount expended per activity, a narrative description of enrollment and retention trends across colleges, and conclusions based on this analysis. The conclusions should describe the best practices that campuses used for recruitment, engagement, enrollment, and reenrollment, culturally relevant strategies to target Black, Latina/o, Native American, Asian American, Native Hawaiian and Pacific Islander students, and any student outcomes associated with these funds.

RETURN TO TITLE IV REIMBURSEMENT

Total Allocation

\$500,000

Revenue Recognition

Unrestricted, 8610

2023-24 Funding Formula

Colleges may receive up to 98% of the amount they are required to return to the Title IV federal student financial aid programs for the most recently completed award year. Colleges may only receive reimbursement for students who: (1) withdrew prior to census AND (2) were eligible for a Community College Promise Grant (CCPG). The final reimbursement amount is based on the number of colleges submitting claims.

2022-23 Spending Guidelines

There are no restrictions for the use of these funds.

STRONG WORKFORCE PROGRAM

2023-24 Total Allocation

\$275,880,000

Revenue Recognition

Restricted, 8620-General Categorical Programs

2023-24 Funding Formula

The Strong Workforce Program (SWP) funding formula is outlined in [Education Code section 88825](#). Proportional formula factors for the fiscal year (FY) 2023-24 SWP allocation calculations include: Career Technical Education Full Time Equivalent Students (CTE FTES), regional job openings, regional unemployment rates, and incentive funding based on SWP metrics:

- CTE FTES (1/3 proportion of SWP Funds)
- Regional Job Openings (1/6 proportion of SWP Funds)
- Regional Unemployment Rate (1/3 proportion of SWP Funds)
- 17% Incentive Funding (1/6 proportion of SWP Funds)

Purpose of Funds

SWP funding allocations should be used to accomplish the following:

- Increase the number of students in quality career technical education courses, programs, and pathways that will achieve successful workforce outcomes; and
- Increase the number of quality career technical education courses, programs, and pathways that lead to successful workforce outcomes, or invest in new or emerging career technical education courses, programs, and pathways that may become operative in subsequent years and are likely to lead to successful workforce outcomes.

2023-24 Spending Guidelines

The Fiscal Year 2023 – 2024 enacted State budget included expanded uses of SWP funding as outlined in [Education Code section 88825](#). SWP funds apportioned directly to a community college district may also be used for all of the following:

- Providing funds for student grants to cover fees for third-party certification and licensing;
- Enhancing student services to support retention, work experience and job placement; and

- Providing students with an integrated educational program that connects academic curricula to applied and experiential learning in the workplace, including, but not limited to, work-based learning programs and models.

The Chancellor’s Office will be issuing additional guidance for community districts about the expanded uses of SWP funding.

Reminder About Hold Back of Funds

As a reminder for Fiscal Year 2023-24, the Chancellor’s Office will continue to hold back funds allocated for districts that have 50% or more of prior Round 1 - 5 unallocated balances as of July 1, 2023. The Chancellor’s Office has allowed districts to expend expired Round 1 – 5 funding for a period of up to 12 months as approved by the Regional Monitor within the NOVA system.

For additional information regarding the hold back of funds, please reference [the Chancellor’s Office’s January 5, 2021 memo: Close Out of Strong Workforce Program 1st Four Year Cycle](#).

Reporting Requirements

Districts, colleges and Regional Consortia are required to submit expenditure plans, programmatic and fiscal reports within the Chancellor’s Office NOVA system.

SWP plans for Fiscal Year 2023-24 must have been submitted and certified in NOVA by no later than 5:00 p.m. on October 31, 2023. Please ensure that your local plans approval process was completed by the above deadline. Colleges will have 24 months to expend 2023-24 allocation funding and are expected to report their expenditures and activities for the 2023-24 allocation on the following dates:

Report Number	Reporting Period	Due Date	Reporting Due
1	July 1 – December 31, 2023	February 15, 2024	Fiscal and Programmatic
2	January 1 – June 30, 2024	August 15, 2024	Fiscal and Programmatic
3	July 1 – December 31, 2024	February 15, 2025	Fiscal and Programmatic
4	January 1 – June 30, 2025	August 15, 2025	Fiscal and Programmatic

Contact

For questions about the Strong Workforce Program, please contact Dean LaCandice Ochoa: LOchoa@CCCCO.edu. For questions about expenditure plans, programmatic and fiscal reporting, please contact your [Chancellor's Office Regional Monitor](#).

STUDENT EQUITY AND ACHIEVEMENT PROGRAM

2023-24 Total Allocation

\$497,781,950

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Per [EDC 78222 \(c\) \(1\)](#), Student Equity and Achievement (SEA) Program funds are allocated based on the total amount allocated to colleges in FY 2017-18 for the Student Success and Support Program (SSSP), Student Equity Plans, and the Student Success for Basic Skills program. Appropriations above the 2017-18 level are allocated to districts proportionally.

Purpose of Funds

The Student Equity and Achievement Program supports the California Community Colleges in advancing the systemwide goal to boost achievement for all students with an emphasis on eliminating achievement gaps for students from traditionally underrepresented groups. Per [Education Code 78222](#), Student Equity and Achievement Program funds support all of the following:

- Implementing activities and practices pursuant to the California Community College Guided Pathways Grant Program. [Ed Code 88921](#)
- Ensuring students complete their educational goals and a defined course of study.
- Providing quality curriculum, instruction, and support services to students who enter college deficient in English and mathematics to ensure these students complete a course of study in a timely manner.

2023-24 Spending Guidelines

Expenditures of SEA program funds should be consistent with the goals and activities of the SEA program and colleges are urged to document expenditure plans and justification. Prohibited expenditures include gifts, stipends for students, political contributions, course delivery and supplanting of other general or categorical funds for similar program activities in place prior to availability of SEA funds. Please refer to the [Student Equity and Achievement \(SEA\) Program Expenditure Guidelines](#) for additional guidance.

Reporting Requirements

The reporting requirements are as follows:

Report Type	Due Date
SEA Program Expenditure Report	October 1 Annually.

Report Type	Due Date
SEA Program Annual Report	January 1 Annually.
Student Equity Plan	Every three years (current plan is for 2022-25). Next plan is due June 30, 2025.

Please refer to [ED Code 78220](#) for details of required items for Student Equity Plans.

Contact

For questions, please contact Jenny Saechao at JSaechao@CCCCO.edu and/or Michael Tran at MTran@CCCCO.edu.

Additional Resources

Please refer to the following resources for more information on the Student Equity and Achievement Program:

STUDENT FINANCIAL AID ADMINISTRATION (SFAA) & BOARD FINANCIAL AID PROGRAM (BFAP 2%)

2023-24 Total Allocation

SFAA: \$56,632,000 – Ongoing

- \$45,200,000 – Capacity
- \$11,432,000 – Base

BFAP: \$11,557,000 - Ongoing

Revenue Recognition

SFAA: Restricted, 8620 – General Categorical Programs 2023-24 Funding Formula.

BFAP 2%: Unrestricted, 8620 – General Categorical Programs 2023-24 Funding Formula.

2023-24 Funding Formula

The allocation is calculated based on the most recent fiscal year reconciled MIS financial aid data identifying unduplicated Community College Promise Grant (CCPG) recipients and FTES by college.

Purpose of Funds

SFAA:

Funds are for CCPG awards and direct contact with potential and current financial aid applicants. Funds allocated to a community college district are meant to supplement, not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 or 2006–07 fiscal year, whichever is greater.

BFAP 2%:

Provides reimbursement of 2% of total waiver value to community college districts for providing California College Promise Grants.

2023-24 Spending Guidelines

SFAA allowable expenditures:

- Financial aid professional, technical, clerical or temporary help (including student help) who report in a direct line to the Financial Aid Director. However, funds may not be used for personnel at the Financial Aid Manager or Director level or above.
- Computer hardware or software necessary for and solely dedicated to the delivery of student financial aid.
- Expenses associated with staff training.
- The development and production of financial aid outreach materials.

Reporting Requirements

Districts were required to submit a SSARCC Final Expenditures Report by October 27, 2023.

As a result of the Chancellor’s Office granting authority to colleges to carryover unspent 2022-23 SFAA-BFAP funding into the 2023-24 fiscal year. The extended deadline provided for a spending authority period of July 1, 2023 through September 30, 2023 since all colleges had to report Final 2022-23 SFAA-BFAP expenditures – including carryover – in SSARCC by October 27, 2023.

STUDENT SUCCESS COMPLETION GRANT (SSCG)

2023-24 Total Allocation

\$376,602,000 - Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Allocations are calculated using recent full year reconciled MIS financial aid data identifying unduplicated SSCG recipients by college:

- 12 to 14.99 units SSCG recipients.
- 15+ units SSCG recipients.

Purpose of Funds

It is the intent of the Student Success Completion Grant program (SSCG) to support student persistence, retention and success by providing students additional assistance who are attending at a 12 to 15 plus units per term or 24 to 30 plus units per academic year or quarterly unit equivalent and/or complete their programs in scheduled full-time timeframes and to offset the total cost of community college attendance.

2023-24 Spending Guidelines

This funding is for direct aid to students. No expenditures outside of SSCG awards to students are permitted. For additional information, please see the [Implementation Guidelines](#) and [FAQ document](#).

Reporting Requirements

Annual MIS Reporting.

Contact

For questions, please contact Ruby Nieto at RNieto@CCCCO.edu.

STUDENT TRANSFER ACHIEVEMENT REFORM ACT OF 2021 (AB 928)

2023-24 Total Allocation

\$64,999,955 (one-time funding)

Revenue Recognition

Restricted, 8620 – General Categorical Programs

2023-24 Funding Formula

Each brick-and-mortar college with a transfer program will receive an equal portion of \$565,217 in February 2024, at the first principal apportionment (P1) for 2023-24.

Purpose of Funds

Student Transfer Achievement Reform Act Funds are provided to support colleges in their efforts to auto-enroll students on an Associate Degree for Transfer (ADT) pathway when a student declares a goal for transfer on their mandatory education plans, as required by AB 928 (Berman, 2021). The goal of this new procedure is to maximize the probability that students will transfer into a four-year post-secondary educational institution and earn a degree in their chosen field of study in a timely manner with minimal accrual of excess units.

2023-24 Spending Guidelines

Colleges must spend their funds to implement the provisions in California Education Code, section 66749.8. This may include augmenting staff or making required technological additions, modification, and/or updates. Funding may provide resources for collaboration and coordination to help implement those cited expectations:

- Student placement onto an Associate Degree for Transfer (ADT) where ADTs for major pathways exist, if the student declares a goal of transfer;
- Determination of any cited exception for adjustments from this action;
- Corresponding notation of these actions on the student’s mandatory education plans;
- Integration of California General Education Transfer Curriculum (CalGETC) into all transfer materials, communications, and publications;
- Revision and verification of all Transfer Model Curriculum Templates (TMCs) for the approved ADTs with the new single general education pattern, CalGETC; and
- Appropriate programming within the college’s enterprise system to automate these requirements as feasible.

Reporting Requirements

Districts will also be required to report information on expenditure of funds by **June 2025**. Colleges will report how funds were used for each of the allowable purposes and provide

an explanation of the effectiveness of their implementation efforts. This report will be administered through an online survey and can be accessed directly [here](#).

Contact

For questions, please contact transfer@CCCCO.edu.

VETERANS RESOURCE CENTER

2023-24 Total Allocation

\$10,822,000 – ongoing

Revenue Recognition

Restricted - 8620

2023-24 Funding Formula

Each district receives \$2 million in base funding + \$8 million distributed proportionately based on student certifications + 8.22% COLA for 2023-24.

Purpose of Funds

Funds are provided for colleges to establish and maintain high functioning, student-centered Veterans Resource Centers (VRC).

2023-24 Spending Guidelines

Annual allocations of funds under this program may only be used toward meeting or making progress toward meeting the [VRC Minimum Standards](#) established by the Chancellor's Office. The VRC Minimum Standards include required and recommended standards to ensure colleges receiving VRC funds are maintaining a high-functioning and student-centered VRC. Standards are categorized to include structure, services, and staffing minimum levels.

Reporting Requirements

Annual MIS Reporting [SG01](#) and [SG02](#)

Annual submission of certifications – Veterans Resource Centers/Colleges will receive the Certifications form and submission instructions annually in December. The form will be sent out on the vet-all listserv. Colleges are to report the number of students certified for Veterans Affairs (VA) Education benefits for the previous academic year. Student certifications for 2022-23 will be due December 31, 2024. To be added to the vet-all list serve, [follow the instructions](#) here.

ZERO TEXTBOOK COST DEGREE GRANT PROGRAM

Total Allocation

\$23,000,000 – one-time planning and implementation grants

\$88,550,000 – available for ZTC acceleration grants

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

All colleges received \$20,000 for the Planning grant in June 2022 and \$180,000 for the Implementation grant in March 2023 for development and implementation of at least one ZTC degree or CTE certificate program pathway. Additional ZTC Acceleration grants of up to \$200,000 can be awarded to colleges that apply in Fall 2023 (see memo [ESS 23-37](#) for guidance) and meet legislative requirements.

Purpose of Funds

ZTC funds are provided for community colleges to develop and implement zero-textbook-cost degrees and CTE certificates that are non-duplicative, sustainable and reduce the overall cost of education for students and decrease the time it takes students to complete degree and CTE certificate programs.

2023-24 Spending Guidelines

ZTC funds may only be used to develop and implement a minimum of one ZTC degree or CTE certificate pathway for each grant received. Each degree developed and implemented must be clearly identified in college catalogs and in class schedules. Grant recipients may use funds to obtain professional development and technical assistance to assist in the development of degrees. Funds cannot be used toward activities outside the development and implementation of ZTC program pathways; however, indirect costs that are reasonable and justifiable to support grant operations are allowable.

Reporting Requirements

ZTC Acceleration Grant program plans were submitted in NOVA through October 31, 2023. Colleges must have submitted a program plan in NOVA to be considered for ZTC Acceleration Grant funds. Annual progress reports and fiscal reports for ZTC Implementation grants and ZTC Acceleration grants are due December 31, 2024, December 31, 2025, and the final reports are due December 31, 2026 in NOVA.

Course level data will be due 30 days after the Summer, Fall, & Winter/Spring Term ends for each college: [MIS Reporting XB-12](#)

Summary of Key Reporting Dates

Key Dates	Description
October 31, 2023	ZTC Acceleration Grant program plans are due in NOVA.
December 31, 2024	Annual progress and fiscal reports are due in NOVA for ZTC Implementation and Acceleration Grants.
December 31, 2025	Annual progress and fiscal reports are due in NOVA for ZTC Implementation and Acceleration Grants.
December 31, 2026	Final reports are due in NOVA for ZTC Implementation and Acceleration Grants.
30 days after end of each Summer, Fall, Winter, and Spring Term	Course level data for each college is due to MIS: MIS Reporting XB-12

Appendices

APPENDIX A: EFFECTIVE USE OF PROPOSITION 98 FUNDS AND IMPACT TO CATEGORICAL FUNDS

This section describes the Chancellor’s Office’s policy regarding the spend down of Proposition 98 funds at the local level. For Proposition 98 funds without specific statutory or programmatic expenditure deadlines issued by the Chancellor’s Office, districts are not required to spend down Proposition 98 funds within the same year of allocation. In such cases, colleges no longer need to make carryover requests for unspent funds from year to year to the Chancellor’s Office.

The Chancellor’s Office will inform districts via guidance when expenditure deadlines apply. For example, the Chancellor’s Office issued guidance memos for certain grants and Workforce and Economic Development programs, including details such as expenditure deadlines. Additionally, for grants funded by the Chancellor’s Office, unless otherwise specified, colleges may request for grant extensions where applicable, via their program monitors.

This policy change reaffirms the Chancellor’s Office’s commitment to subsidiarity and providing colleges with maximum flexibility to support student success. At the same time, it is important to note that the Chancellor’s Office has an obligation and responsibility to provide oversight for all encumbered Proposition 98 funds. It must and will continue to ensure colleges are spending funds in a reasonable amount of time and doing all possible to address student and local needs with these dollars. As a result, the Chancellor’s Office strongly encourages and requests college districts to apply the following principles when making decisions on Proposition 98 funds allocated to them:

- Colleges should do all possible to spend down funds within the same year allocated to advance the intended purposes of the respective programs, even if not specifically required.
- If funds are not fully expended within the same year of allocation, the remaining funds should be the first funds expended in the following year.
- Funds should be prioritized to maximize services to students, including, where allowable, in the form of direct aid to students.

The Chancellor’s Office will closely monitor colleges’ spending and reach out to college program contacts to discuss options if funds are not fully expended within a reasonable amount of time. It reserves the right to take actions, including holding back subsequent year allocations, to avoid the unreasonable accumulation of funds.

This policy change does not impact the spend down rules of any non-Proposition 98 funds or statutorily required spend down rules. It also does not impact any program specific

reporting and other deadlines. The Chancellor’s Office is committed to supporting the field in its implementation of this updated policy and will provide additional guidance and technical assistance. Please feel free to contact your Chancellor’s Office program representative with any questions.

Program directors are encouraged to work with their district and college business office to ensure that prior year funding is expended before current fiscal year allocations. Please see the chart below for more detail on categorical programs with specific expenditure guidelines.

Prop 98 Categorical Programs Expenditure Guidelines

Categorical programs with specific expenditure deadlines called out in statute are described below.

Program	Impact
Basic Needs Center	If funds are not fully expended after two years from the initial allocation date, the Chancellor’s Office may request a budget plan of action to ensure funds are fully utilized.
Basic Needs Services – One-Time Payment: Phase Two Funding	If funds are not fully expended after two years from the initial allocation date, the Chancellor’s Office may request a budget plan of action to ensure funds are fully utilized.
California College Promise (AB 19)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are utilized to support students. Promise funds may be used as direct aid to students, so colleges should assess and address any unmet needs of their current students.

Program	Impact
CalWORKs	CalWORKs funding consists of Proposition 98 funds and federal TANF funds. If Proposition 98 funds are not fully expended by the end of the second year of the allocation, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Federal TANF funds cannot be carried into the following fiscal year and must be spent in the fiscal year in which they are allocated. Proposition 98 Work Study funds from your college's original allocation that are carried into the following fiscal year cannot be transferred and must remain in Work Study. Year-end expenditure reports will still be due annually.
Campus Childcare Tax Bailout	Funds shall be used only for the purpose of community college childcare and development programs and should be maximized each year to meet the childcare needs of current students.
CARE (Cooperative Agencies Resources for Education)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Year-end expenditure reports will still be due annually.
COVID Recovery Block Grant	There is no legislative deadline to expend the funds; however, districts must report on use of funds to the Chancellor's Office by December 2023.
DSPS (Disabled Student Programs and Services)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. College effort will continue to be considered as an annual contribution based on the fiscal year in which funds are allocated. ATP funds spent in the second fiscal year must still be applied to applicable allowable expenditures. DHH funds spent in the second fiscal year must still apply to DHH allowable expenditures with a 4:1 match. Year-end expenditure reports will still be due annually.
Dream Resource Liaison Support Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are fully utilized to support undocumented students.

Program	Impact
EOPS (Extended Opportunity Program and Services)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Colleges must meet minimum obligations for district match, category C, and textbook expenditures within the fiscal year the funds are allocated. Year-end expenditure reports will still be due annually.
Financial Aid Technology Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Colleges are still required to report final expenditure annually in SSARCC.
FKCE (Foster and Kinship Care Education)	FKCE funding consists of Proposition 98 funds and Federal Title IV-E funds. If Proposition 98 are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Federal Title IV-E funds cannot be carried into the following fiscal year.
HHIP (California Community Colleges Homeless and Housing Insecurity Pilot)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Final year-end expenditure information will still be due annually on year-end reports.
Mental Health Program	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are utilized. If after three years fiscal years, there are remaining funds, the Chancellor's Office may pull back funds to re-distribute systemwide.

Program	Impact
NextUp	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support foster youth. Final year-end expenditure reports will still be due annually. NextUp coordinators are encouraged to work with their district/college business office to ensure that prior year funding is expended before current fiscal year allocations.
Part-Time Faculty Compensation	If a district achieves parity, its allocation may be used for any other educational purpose.
Physical Plant and Instructional Support	The 2022 Higher Education Trailer Bill (AB 183, SEC. 55, 2022) requires the funds for Physical Plant and Instructional Support to be encumbered or expended by June 30, 2027.
Retention and Enrollment Outreach	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are fully utilized.
SEA (Student Equity and Achievement) Program	The existing two-year expenditure cycle for the SEA Program annual allocations will remain unchanged. Expenditures will continue to be reported in NOVA for term-end expenditure reporting and the SEA Annual Report.
SFAA-BFAP (Student Financial Aid Administration – Board Financial Aid Program)	If funds are not fully expended within the same year of allocation, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support financial aid office administration. Colleges are still required to maintain a minimum Maintenance of Effort (MOE) financial aid administrative annual spending level as specified in the budget act. Any college that fails to meet the MOE in any fiscal year is subject to a dollar-for-dollar penalty against the college's BFAP 2% funding (unrestricted) in current and future years. Annual reporting of final expenditures in SSARCC is required.

Program	Impact
SSCG (Student Success Completion Grant)	Colleges are expected to award and disburse SSCG funds to all eligible Cal Grant B and C students during the year funds are allocated. At the end of the award year, colleges should reevaluate student eligibility to determine if students are eligible for the maximum SSCG award amount based on the number of units completed. In the case where there are more funds than eligible students, colleges are expected to spend all funds within two years from the year in which SSCG funds are allocated. If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may reallocate undisbursed funds or request a budget plan of action to ensure funds are fully utilized to support students.
VRC (Veteran Resource Centers) Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support veteran students.

The Chancellor’s Office is committed to supporting the field in its implementation of this updated policy and will provide additional guidance and technical assistance as needed. Please feel free to contact your Chancellor’s Office program representative with any questions.

APPENDIX B: SUMMARY OF CATEGORICAL PROGRAM ACCOUNTING

Categorical Program Accounting Summary 2022-2023

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Access to Print and Electronic Information	Jennifer Tabb JTabb@CCCCO.edu (916) 324-6073	Ongoing	Restricted 8620	Calculation was made by giving each college \$10K then splitting the rest based on overall student count from prior-prior MIS data.	N/A	N/A	Year-end expenditure reporting due each fall. Reported through SSARCC.
Adult Education	Gary Adams, GAdams@CCCCO.edu , (916) 322-7079	Ongoing	Restricted 8620	Funds distributed based on the region's share of the statewide need for adult education, to support activities listed in their approved annual adult education three-year plan.	N/A	N/A	Consortium certified quarterly fiscal reporting into NOVA, student data reporting (quarterly or semester based), annual allocations, annual governance structure, various plan submissions: including long range (every 3 years), annual, district level work plan and budget.
Affordable Student Housing Grants – Construction Grants	Ronnie Slimp; RSlimp@CCCCO.edu ; (916) 327-4415	Ongoing	Capital Outlay 6000	Individual appropriations as approved by Legislature.	N/A	TBD	TBD
Affordable Student Housing Grants – Planning Grants	Ronnie Slimp; RSlimp@CCCCO.edu ; (916) 327-4415	Ongoing	Restricted 8620 or Capital Outlay 6000	Individual appropriations as approved by Legislature.	N/A	TBD	TBD

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Apprenticeship Allowance (RSI)	Sean McCobb, SMcCobb@CCCCO.edu , (916) 322-9048	Ongoing	Unrestricted 8610	Reimbursement-based system through which apprenticeship program sponsors (Community College Districts or Local Education Agencies) report seat time hours for each apprentice, paid at a specified hour rate effective July 1.	N/A	N/A	Quarterly and annual fiscal and programmatic reporting.
Asian American, Native Hawaiian, and Pacific Islander Student Achievement Program (AANHPI SAP)	Julie Olson JOlson@CCCCO.edu (916) 327-8421	Ongoing	Restricted 8620	Each of the 50 eligible colleges will receive an equal amount of \$129,600.	N/A	N/A	Program Baseline report – due late Fall 2023. 2024-25 Planning Document – available January 2024 and due April 2024.
Basic Needs Center	Colleen Ganley, CGanley@CCCCO.edu , (916) 323-3865 Mia Keeley, MKeeley@CCCCO.edu , (916) 327-5898	Ongoing	Restricted 8620	Each college receives \$130k, then 50% allocated on share of total headcount and 50% allocated on share of Pell recipients.	N/A	N/A	Term reporting in MIS Program Plan updates as requested by CO
Basic Needs Services One-Time (Phase Three Funding)	Colleen Ganley CGanley@CCCCO.edu (916) 323-3865	One-Time	Restricted 8620	Each college receives \$150k, then 50% allocated on share of total headcount and 50% allocated on share of Pell recipients.	N/A	N/A	Term reporting in MIS Program Plan updates as requested by CO.

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Board Financial Aid Program (BFAP)	Ruby Nieto, RNieto@CCCCO.edu , (916) 322-4200	Ongoing	Unrestricted 8620	Allocation calculated based on recent full year reconciled MIS financial aid data identifying unduplicated CCPG recipients by college. See Allocation Methodology for details.	Yes. See Maintenance of Effort (MOE).		BFAP-SFAA Form 2: Mid-Year Report for P2 adjustments. BFAP-SFAA Form 3: Annual Report – This is a Final Expenditures Report in SSARCC.
CalFresh Outreach	Colleen Ganley, CGanley@CCCCO.edu , (916) 323-3865	Ongoing	Restricted 8620	Each district receives \$25,000 with the remaining amount evenly divided by the number of students exempt from paying nonresident tuition and the number of CCPG fee waivers at each district.	N/A	N/A	Expenditure Report due November 15, 2021.
California Apprenticeship Initiative (CAI) New and Innovative Grant Programs	Sean McCobb, SMcCobb@CCCCO.edu , (916) 322-9048	Ongoing	Unrestricted 8610	Competitive grant award.	N/A	N/A	Biannual fiscal and programmatic reporting

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
California College Promise Program	Billy Wagner, MWagner@CCCCO.edu , (916) 322-0833	Ongoing	Restricted 8620	Based on 1) Number of first-time, full-time non-California College Promise Grant students from the prior-prior year and the prior-prior-prior year. For example, for 2020-21, data from 2018-19 and 2017-18 is used. If there are remaining funds after (1) is calculated then, the remainder is split between (2) Pell Grant (90%) and (3) FTEs (10%). APPENDIX C: ACCOUNTING ADVISORY: SPENDING FLEXIBILITY AND REDUCTIONS TO PHYSICAL PLANT AND INSTRUCTIONAL SUPPORT AND RETENTION AND ENROLLMENT OUTREACH FUNDS

The purpose of this accounting advisory is to provide information to districts related to flexibility in expenditures within certain funds and the reduction to 2022-23 physical plant and instructional support and retention and enrollment outreach allocations.

Flexibility in the Use of Funds

The 2023 enacted budget includes provisions to allow community college districts more flexibility in the use of remaining one-time funds for the COVID-19 recovery block grant, retention and enrollment outreach, and the physical plant and instructional support program (sometimes referred to as the deferred maintenance program). In the context of the material reduction in the physical plant and instructional support program, remaining one-time funds provided to districts for retention and enrollment outreach, the COVID-19 Recovery Block Grant, and physical plant and instructional support programs can be used for any of these purposes. The amount remaining is roughly \$1.1 billion.

Physical Plant and Instructional Support Reduction

The 2022 Budget Act included \$840.7 million in one-time funds for 2022-23 to address deferred maintenance and energy efficiency projects across the system. The 2023 Budget Act reduces that appropriation for 2022-23 by \$500 million to \$340.7 million but appropriates \$5.7 million one-time for the 2023-24 fiscal year, resulting in a total of \$346.4 million available across 2022-23 and 2023-24.

The reduction in 2022-23 funding and the 2023-24 allocation will be applied proportionally based on the district's share of the original total 2022-23 allocation. For details on the reduction for each district, please refer to the table: [Physical Plant and Instructional Support – Summary of Revised Allocation](#).

Retention and Enrollment Outreach Fund Reduction

The 2022 Budget Act included \$150 million in one-time funds for student retention and recruitment activities, of which \$15 million is set-aside for systemwide efforts through a district agreement. The 2023 Budget Act reduces that appropriation for 2022-23 by \$55.4 million to \$94.6 million but appropriates \$50 million one-time for 2023-24 to continue college efforts to increase student retention rates and enrollment. The reduction in 2022-

23 funding and the 2023-24 allocation will be applied proportionally based on the district's share of the original total 2022-23 allocation. For details on the reduction for each district, please refer to the table: [Retention and Enrollment Outreach – Summary of Revised Allocation](#).

Financial Reporting Considerations

If a district determines that funds originally provided for the COVID-19 recovery block grant, physical plant and instructional support, or retention and enrollment outreach are to be expended for one of the other programs, a transfer between program funds should be made in the total amount of previous or intended spending, beginning with expenditures made on or after July 1, 2022. In this way, expenditures can be recorded and attributed to the program with which they most align. For example, if a district has COVID-19 recovery block grant funds remaining, they can transfer those funds for use for retention and enrollment efforts or for costs related to physical plant and instructional support.

Districts should consult their local accounting policies and confer with their contracted audit team to determine the appropriate treatment of the revenue reductions in their general ledger and for their 2022-23 financial statements. The net reduction in funds should be considered a payable to the Chancellor's Office.

2022-23 (Prior-Year) Allocation Reduction Methodology

The Chancellor's Office will adjust the 2022-23 program allocations to account for the reduction of 2022-23 funds and the additional funds from the 2023 enacted budget. The changes will be reflected in Apportionment Exhibit A as a Prior Year Categorical Adjustment at the revised 2023-24 Advance Apportionment in September or October 2023. We are currently working with the State Controller's Office to verify both the timing of the initial certification of the reductions and the number of months over which we can spread the resulting pull back of funds. Our goal is to reduce the burden on district cash flow as much as possible while working within state policy and operational parameters.
