ADT Submission Form for Physics CCC Major or
Area of Emphasis: Physics
TOP Code: 190200
UC Major(s): Physics
Total Units: 40 *(all units are semester units)*

Form # 0001 Original:
08/02/2019

This template is for the UC Transfer Pathway in Physics; it is not subject to the limitations set forth by SB 1440/ SB 440. The template guarantees admission into the University of California system in a Physics program for students who meet the minimum 3.5 GPA in the major.

In the four columns to the right under the **College Program Requirements**, enter the college's course identifier, title and the number of units comparable to the course indicated for the form. If the course may be double-counted with either CSU-GE or IGETC, enter the GE Area to which the course is articulated. To review the GE Areas and associated unit requirements, please go to Chancellor's Office Academic Affairs page. This template's general education requirements presume completion of two courses in Area 3 and two courses in Area 4 after transfer to the University of California to complete an entire IGETC pattern. This represents typical course taking patterns for the discipline.

The units indicated in the template are the **minimum** semester units required for the prescribed course or list. All courses must be UC transferable. ***All courses must be submitted to C-ID prior to completing the proposal for Chancellor's Office approval.***

Note: Narrative needs to explain two deferred courses in Area 3 and two deferred courses in Area 4.
