Message from the Chancellor

On behalf of the California Community Colleges Chancellor's Office (Chancellor's Office), we are pleased to present the 2026–27 *Compendium of Allocations and Resources* (the Compendium). This year's Compendium reflects a more stable fiscal outlook following the Governor's May Revision, including increased Proposition 98 funding and continued investments in California community colleges, while maintaining a focus on long-term fiscal prudence.

Consistent with prior years, the budget prioritizes stability in core programs that support student success. Ongoing funding for the Student Centered Funding Formula (SCFF), cost-of-living adjustments, and modest enrollment growth provide colleges with a reliable foundation for planning, even as the state prepares for future economic uncertainties. The improved revenue picture creates opportunities for targeted investments while reinforcing the need for careful, coordinated use of resources.

This Compendium serves as a centralized reference for 2026–27 fiscal information, supporting transparent, strategic decision-making. Every funding decision is an opportunity to advance student success. A student-centered, equity-driven approach to resource alignment helps ensure that investments reflect the needs of our students and communities. Colleges should ground planning and budgeting decisions in data and evidence, leveraging tools such as [DataVista](#), the [SCFF Dashboard](#), and local research to better understand outcomes, identify disparities, and target resources where they can make the greatest difference.

Our work continues to be guided by **Vision 2030**, which calls on our system to expand access, strengthen outcomes, and provide students with the supports and services they need to succeed. Anchored in **equity in success, access, and support**, Vision 2030 challenges colleges to align planning with strategies that promote economic mobility and community impact. This includes advancing the system's three strategic directions:

- Equitable Baccalaureate Attainment
- Equitable Workforce and Economic Development
- Generative Artificial Intelligence (GenAI) and the Future of Learning.

The 2026–27 Compendium is designed to support thoughtful planning as colleges plan the year ahead. Even in a more stable fiscal climate, thoughtful planning, collaboration, and a sustained focus on equity remain critical. We encourage colleges to use this resource to guide local decision-making and continue building an integrated, student-centered system that supports success for every learner.

Every investment we make reflects our shared commitment to students and to California's future. Thank you for your leadership, partnership, and dedication as we continue advancing Vision 2030 together.

Budget News and Joint Analysis

Throughout the annual budget cycle, the Chancellor's Office, Association of Chief Business Officials, Association of California Community College Administrators and the Community College League of California produce a Joint Analysis to summarize major funding proposals and budget details. This Joint Analysis is updated at the release of the governor's proposed budget, the May revision to the budget and after the enacted budget is signed by the governor. Updates are also published as trailer bills are finalized. You can find the most recent Joint Analysis as well as prior publications on the Chancellor's Office [Budget News webpage](#).

Apportionments – Student Centered Funding Formula

APPORTIONMENT PAYMENTS

Apportionment Process

Apportionment is the process by which the California Community Colleges Chancellor's Office administers, allocates, and distributes state, federal, and other funds authorized in the annual Budget Act and/or Trailer Bills to community college districts. These payments provide community college districts with the financial resources necessary to support instruction, student services, administrative operations, and educational programs throughout the fiscal year.

Apportionment Cycles and Payment Percentages

Generally, the Chancellor's Office certifies apportionments three times per year with the Advance Apportionment (AD) released in July, First Principal (P1) and Recalculation (R1) in February, and Second Principal (P2) in June. Additional certification revisions are completed as necessary. The timeline and payment percentages are as follows:

Advance (AD) Apportionment and Memo – July

- Monthly Payment Percentages:
 - July 8%
 - August 8%
 - September 12%
 - October 10%
 - November 9%
 - December 5%
 - January 8%

During the Advance Apportionment period, payments issued in July and August are based on estimated funding because the Budget Act and Trailer Bills may not be enacted in sufficient time to meet the administrative and payment-processing deadlines for the initial July apportionment payment. Once the Budget Act and Trailer Bills are enacted and the State Controller's Office (SCO) finalizes funding amounts, apportionment payments are updated, and any resulting payment adjustments are generally reflected in the September Revision for the Advance Apportionment period.

First Principal (P1) Apportionment and Memo – February

- Monthly Payment Percentages:
 - February 8%
 - March 8%
 - April 8%

- May 8%

Second Principal (P2) Apportionment and Memo – June

- Monthly Payment percentages:
 - June 8%

Recalculation (R1) and Memo processed with P1 – February

Overview of Apportionment Exhibits

Exhibit A: Detailed monthly payment schedule by districts which includes the total amount certified and the total monthly payment to each program.

Exhibit B4: Detailed monthly payment schedule by county which includes the total amount certified and the total monthly payment to each district.

Exhibit D: Detailed payment schedule by districts which includes the total amount certified and the total adjustment amount to each program. This exhibit is used for the Recalculation apportionment cycle only.

Exhibit C: SCFF calculation detail by district. Includes funding allocations for State General Fund, Education Protection Account (EPA) and local revenue sources. This exhibit is used for the P1, P2 and R1 apportionment periods.

Exhibit R: SCFF Total Computational Revenue and revenues summary sorted in alphabetical order by district. This exhibit is used for the AD apportionment period.

For general questions regarding apportionment payments, please email Apportionments@CCCCO.edu.

Additional Resources

The [Apportionment Reports](#) webpage provides the Apportionment Memo and Exhibits for each Apportionment period.

STATE GENERAL APPORTIONMENT – STUDENT CENTERED FUNDING FORMULA

Student Centered Funding Formula General Background

The Student Centered Funding Formula (SCFF) consists of three principal components – the base allocation, supplemental allocation and student success allocation with the following parameters:

- The base allocation: consisting of 1) the basic allocation which relies on college and center size based on prior year data, and 2) the Full Time Equivalent Student (FTES) allocation which is based on current year FTES enrollment and a three-year average for credit FTES.
- The supplemental allocation is based on prior year data.
- The student success allocation is based on an average of three prior years of data.

Allocation	Description	Data
Base (Basic Allocation)	Colleges, State Approved & Grandparented Centers	Prior Year (PY) FTES by college and center
Base (FTES Allocation)	Credit, Incarcerated Credit, Special Admit Credit, CDCP, Noncredit Students	Current Year (CY) FTES 3-year average (PPY, PY, CY) for Credit FTES
Supplemental	AB 540 Students, California College Promise Grant Recipients, Pell Grant Recipients	PY headcount
Student Success	Associate Degrees for Transfer, Associate Degrees, Baccalaureate Degrees, Credit Certificates, Transfer Level Math and English, Transfer to a 4-year University, 9 or More CTE Units, Regional Living Wage. Additional revenue if metrics are achieved by Pell Grant or Promise Grant recipient.	3-year average (PPPY, PPY, PY) metric data

Contact

For questions regarding the SCFF, please email SCFF@CCCCO.edu.

Additional Resources

The [Student Centered Funding Formula Dashboards](#) webpage provides access to the SCFF Dashboards: SCFF Data Trends and Insights and SCFF Resource Estimator which allows a user to modify assumptions regarding SCFF data to generate projections of SCFF funding levels in future years.

The [Student Centered Funding Formula](#) webpage provides additional information and resources related to the funding formula.

Capital Outlay and Construction

AFFORDABLE STUDENT HOUSING AND STUDENT HOUSING

2026–27 Update to the Affordable Student Housing Program

As part of the 2024 California Budget Act package, Senate Bill 155 (2024) (SB 155) established a Statewide Lease Revenue Bond (SLRB) financing framework to support select affordable student housing projects. SB 155 authorized the California State Public Works Board to issue \$804.7 million through the SLRB for 13 student housing projects that were approved in 2022–23 and 2023–24 budgets (see table below). The provisions of SB 155 are codified in Government Code § 15820.200 et seq.

Government Code sections 15820.200 through 15820.206 detail the roles of the State Public Works Board, the California Community Colleges Board of Governors, and participating colleges. It also defines the operating agreements between these entities for each project.

In 2026–27, the Chancellor’s Office continues to work with state and community college leaders to implement the SLRB financing framework. This includes supporting the transition from the former State General Fund-supported grant program to the SLRB, preparing for bond issuance, securing interim financing, finalizing operating agreements, and ensuring bond compliance. Additional guidance and updates will be provided as implementation progresses and details continue to be established.

Annual Affordable Student Housing Construction Applications

The Chancellor’s Office accepts Affordable Student Housing construction applications annually through [FUSION](#). The Student Housing Unit provides formal notice of the application cycle, including guidance, submission instructions, and deadlines, on an annual basis. Applications are due July 1 each year.

Annual Student Housing Legislative Report

The annual student housing legislative report will include housing stock information and, when applicable, project-specific information for districts with state-supported affordable student housing projects. Project status and post-completion public benefit information that was previously due by July 1 will now be due by Feb. 1 as part of the annual legislative reporting process. The Student Housing Unit will issue guidance explaining reporting timelines, required data elements, and applicability under Education Code § 66014.6 and § 17201.

Statewide Student Housing Monitoring

In response to California State Auditor Report 2024-111, the Chancellor’s Office established a statewide policy framework, effective September 2026, addressing student housing affordability and housing-related information. For state-funded Affordable Student Housing facilities, districts must submit an annual affordability certification by

Feb. 1, and the Chancellor’s Office will publish county affordability reference rates by June each year or the soonest possible date following the annual release of Area Medium Income rates.

Separate requirements apply to all districts and colleges operating student housing, regardless of funding source, as well as colleges providing meal plans or publishing related cost-of-attendance information. The Chancellor’s Office will review applicable disclosures annually by March 1. Colleges offering housing assistance programs must also maintain current, publicly accessible program information.

No New Affordable Student Housing Projects Approved in 2026–27 California Budget Act

The 2026–27 California Budget Act did not approve new funding for the Affordable Student Housing projects.

Affordable Student Housing Program Background

SB 169 (2021) established the Higher Education Student Housing and Capacity Expansion Grant Program, codified in Education Code § 17200 et seq. The California Community Colleges refer to this program as the Affordable Student Housing Program. In 2022–23, Assembly Bill 183 (2022) (AB 183) provided the California Community Colleges \$564.5 million, including \$546.6 million for 12 construction projects and \$17.9 million for 70 planning grants, and transferred program administration from the Department of Finance (DOF) to the Chancellor’s Office.

The 2023–24 Budget Act, through SB 117 (2023), shifted Affordable Student Housing construction funding away from the General Fund. Subsequent legislation, including SB 104 (2023) and SB 142 (2023), provided ongoing rental subsidies for approved community college projects and committed the state to develop a statewide financing approach.

SB 155 (2024) established the Statewide Lease Revenue Bond (SLRB) financing framework for approved community college projects, now codified in Government Code § 15820.200 et seq. Under this framework, the Chancellor’s Office coordinates with the DOF, the State Public Works Board, participating districts, and bond counsel on real-property due diligence, required agreements, financing, and project implementation. Napa Valley College and Santa Rosa Junior College received state funding separately due to the advanced status of their projects and are not included in the SLRB.

Field Act Exemption for Residential Housing and SB 155

Effective January 2024, residential housing for students and workforce will be exempt from the Division of the State Architect (DSA) Field Act review. The Field Act required all community college facilities, broadly defined as “school buildings,” to undergo DSA Field Act review. Enacted in July 2023, AB 358 (2023) amended Education Code § 81050.5 and Government Code § 4454.5 to exclude residential housing from the school buildings

definition. Districts' residential housing for students and workforce may still receive DSA review upon request. In alignment with AB 358, SB 155 denotes DSA plan review as optional and State Fire Marshal review is required. For more information, please also see DSA's policy language for Community College Student Housing Projects Submitted to DSA, PL 24-01.

California Environmental Quality Act (CEQA)

Affordable Student Housing projects must complete applicable CEQA review as part of project planning and real-property due diligence. For projects financed under SB 155, the participating college serves as the CEQA lead agency pursuant to Government Code § 15820.202(g). Separately, SB 886 (Public Resources Code § 21080.58) provides a statutory CEQA exemption for qualifying community college housing projects developed outside the state-funded Affordable Student Housing/SB 155 framework, such as locally funded student, faculty, or staff housing, subject to specified statutory requirements.

Reporting and Program Requirements

Education Code (EDC) requires districts with state approved Affordable Student Housing construction projects to annually report the information linked below. In addition, please see the documentation requirements associated with SB 155 SLRB in Government Code (GOV).

[EDC § 17201\(1\)\(i\)\(B\)](#) – Requires annual reporting for state approved Affordable Student Housing construction projects from the time of the receipt of funds to completion of construction. Please see the [Annual Student Housing Legislative Report](#) section above, for information regarding the change in reporting timeline.

[EDC § 17201\(1\)\(i\)\(C\)](#) – Requires annual reporting for state approved Affordable Student Housing construction projects from the year immediately following completion, for a five-year period. Please see the [Annual Student Housing Legislative Report](#) section above, for information regarding the change in reporting timeline.

[EDC § 66014.6](#) – Each campus that provides campus-owned, campus-operated, or campus-affiliated student housing is required to publicly post the following information on both its external and internal internet websites at least twice each academic year: current housing stock information and student veterans housing data. This requirement applies to all colleges with student housing, state-supported Affordable Student Housing and locally supported student housing. In addition to these public posting requirements, please see the information above in the [Statewide Student Housing Monitoring](#) section.

[GOV § 15820.200. et seq.](#) – Requires each district with a college that participates in the Affordable Student Housing SLRB to complete the following agreements:

- Project Delivery and Construction Agreement

- Restrictive Covenant
- Ground Lease
- Site Lease
- Facility Lease
- Facility Sublease

If districts have questions regarding the SLRB agreements, they should contact the Student Housing Program at StudentHousing@CCCCO.edu.

For annual legislative reporting, the Chancellor's Office Student Housing Unit will request the information from the districts and colleges required to report. Districts and colleges will be provided with guidance on data to be reported, as well as a link to a survey for data submission.

Contact

For questions, please contact the Student Housing Program at StudentHousing@CCCCO.edu, and/or Ronnie Slimp, Director of Student Housing, at RSlimp@CCCCO.edu.

Ventura County	2022–23	Ventura College	\$62,923,000
Total			\$734,496,000

*Both College of the Canyons and San Diego City College have withdrawn from the Student Housing Program.

Program Allocations

APPRENTICESHIP ALLOWANCE RELATED AND SUPPLEMENTAL INSTRUCTION (RSI)

2026–27 Total Allocation

\$100,864,000 – Ongoing

\$16,000,000 – One-Time Reimbursement for 2024–25 and 2025–26 Shortfalls

Revenue Recognition

Unrestricted, 8610 – General Apportionments

Funding Formula

The apprenticeship allowance is provided to districts as a reimbursement. Apprenticeship local educational agencies (LEAs), consisting of both California community colleges and K–12 institutions, report seat time hours for each apprentice, paid at a specified hourly rate. Effective July 1, 2026, the hourly rate for 2026–27 is \$10.61 per RSI hour.

Initial allocations include \$36,623,000 to community college districts and \$64,241,000 to K–12 institutions. There will be a final funding adjustment following the 2026–27 Recalculations.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Funds are provided to reimburse LEAs for RSI. The [Initial Allocation memo](#) (WED 26-50) was released in July 2026. These funds cover classroom costs for indentured apprentices that are approved by the Division of Apprenticeship Standards of the Department of Industrial Relations, in accordance with Chapter 9 (commencing with Section 79140) of Division 7 of Title 3 of the [Education Code](#).

Spending Guidelines

Funds are to be used to reimburse the costs of providing RSI. Up to 20% of reimbursement amounts may be used to support LEA costs for program administration.

Reporting Requirements

Reporting is required in the Apprenticeship: RSI Reporting section of the NOVA reporting system, according to the following schedule:

Report Period	Required Content	Due Date (each fiscal year)
Projection	An estimate of: - The hours of instruction that will be provided in the full budget year (the following fiscal year), broken down by apprenticeship program and occupation. - The number of unduplicated apprentices to receive instruction, broken down by apprenticeship program and occupation.	Oct. 1
January Report	- The number of hours of instruction provided starting July 1 through Dec. 31, broken down by apprenticeship program and occupation. - The number of unduplicated apprentices that received instruction starting July 1 through Dec. 31, broken down by apprenticeship program and occupation.	Jan. 31
May Report	- The number of hours of instruction provided starting July 1 through April 30, broken down by apprenticeship program and occupation. - The number of unduplicated apprentices that received instruction starting July 1 through April 30, broken down by apprenticeship program and occupation.	May 31
Recalculation (ReCalc)	- The number of hours of instruction provided starting July 1 through June 30, broken down by apprenticeship program and occupation. - The number of unduplicated apprentices that received instruction starting July 1 through June 30, broken down by apprenticeship program and occupation.	Nov. 1

Yosemite Community College District	2,372	\$25,167
Total	3,451,744	\$36,623,000

*These amounts are subject to change following the 2026–27 recalculations. K–12 institution funding is not listed.

ASIAN AMERICAN, NATIVE HAWAIIAN AND PACIFIC ISLANDER (AANHPI) STUDENT ACHIEVEMENT PROGRAM (SAP)

2026–27 Total Allocation

\$6,480,000 – Allocations to Eligible Colleges

\$1,520,000 – Support for Central Office for AANHPI SAP

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Requirements and Formula

To be eligible for the AANHPI SAP, a college must:

- Be eligible for the AANHPI-Serving Institution program authorized under the federal Higher Education Act.
- Have experience providing student support services to AANHPI students and other underserved students.
- Have program staff that will coordinate with campus faculty and staff to effectively deliver support services to AANHPI students.

Each of the 51 currently eligible colleges will receive an equal baseline amount of \$100,000. The remaining \$1,380,000 is allocated to colleges based on the following:

- 75% is based on each college's share of total AANHPI headcount; and
- 25% is based on the number of each college's total AANHPI students who received a Pell Grant.

Funding Distribution Method

Funds are disbursed to districts through the apportionments process.

Purpose of Funds

AANHPI SAP funding supports the development of integrated, culturally responsive student support services and curriculum to enhance student educational experiences and to promote wellness and academic success of low-income, underserved, and first-generation AANHPI students and other underrepresented students. In compliance with statutory requirements, the Foundation for California Community Colleges continues to serve as the nonprofit organization running the Central Office for the AANHPI SAP.

Spending Guidelines

Expenditures of AANHPI SAP funds should be consistent with the goals and activities of the program, and colleges are urged to document expenditure plans and justification. Prohibited expenditures include gifts, stipends for students, political contributions, course delivery, and supplanting of other general or categorical funds for similar program activities that are in place prior to availability of AANHPI funds. AANHPI SAP expenditures should be consistent with the guidance provided for the Student Equity and Achievement (SEA) Program. Please see [SEA Program Expenditure Guidelines](#) for additional guidance.

Reporting Requirements

Eligible colleges are required to submit the following reports:

- Program Plan submitted to the Central Office each academic year.
 - The Central Office will communicate with program personnel regarding deadlines and reporting requirements.
- Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Contact

For questions, please contact the Central Office at AANHPISAP@FoundationCCC.org or contact Michael Tran at MTran@CCCCO.edu.

Total		\$6,480,000

BASIC NEEDS CENTER

2026–27 Total Allocation

\$43,288,000 – Ongoing Basic Needs Center and Coordinator Support Funds

\$8,000,000 – Per Year for Classified Employee Food Pantry Access Pilot Program

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

In addition to the standard annual allocation, colleges will also receive a supplemental allocation to support expanded access to food security services for classified employees.

The annual Basic Needs Center and Coordinator Support funds are distributed based on an allocation formula that includes a base amount of \$130,000 for every college. The remaining appropriation (\$28,338,000 in total) will be allocated to colleges based on the following:

- 50% based on college share of total headcount; and
- 50% based on the number of students who received a Pell Grant.

Supplemental funds, designated to expand food security services to classified employees, are distributed based on the following variables:

- 50% based on college share of total headcount; and
- 50% based on the number of students who received a Pell Grant.

Please see the spending guidelines below and Chancellor’s Office memo [ESS 26-41](#) for more information.

Funding Distribution Method

Funds are disbursed through apportionments.

Colleges are expected to receive supplemental funding for the two-year pilot program during the Advance September Revision, consistent with the enacted 2026 Budget Act.

Purpose of Funds

[Education Code 66023.5](#) requires each California community college campus to establish and/or expand a Basic Needs Center and designate at least one staff person as the basic needs coordinator to provide holistic, comprehensive basic needs services and resources to students to support their successful matriculation through the California Community Colleges and beyond. The Basic Needs Center is intended to be a one-stop, single location and point of contact for students to more easily access and gain awareness of basic needs

services and resources. The colleges must make a reasonable effort, when feasible, to locate all on-campus basic needs services and resources at the Basic Needs Center.

[Assembly Bill \(AB\) 148 \(2025–26 Higher Education Budget Trailer Bill\)](#) establishes a two-year pilot program during fiscal years 2026–27 and 2027–28, to provide California community college classified employees with access to campus-based food pantry and/or food security services.

Spending Guidelines

The Basic Needs Center funding is designated for colleges to maintain a centralized, basic needs center and to assign and/or hire staff to provide basic needs services to students. Services, resources and expectations regarding expenditures are further outlined in [Education Code 66023.5](#).

During the two-year pilot program to expand food security services to classified employees, colleges are required to provide food security resources that may include, but are not limited to, access to the college’s permanent food pantry or food lockers, food distribution events, grocery store vendor cards and/or on-campus meal vouchers.

Colleges are not required to provide any specific type of food security service to classified employees. Rather, colleges have the flexibility to determine the approach that best meets the requirements established in AB 148 while ensuring that students remain the primary beneficiaries of campus food pantry services.

Colleges should determine the scope and level of services offered to classified employees based on both the funding allocated for this purpose and the capacity of existing basic needs staff, programs, and infrastructure.

Reporting Requirements

Each term, colleges are required to flag students receiving basic needs services using the [SG23 data element](#) for submission into the Chancellor’s Office Management Information System (MIS). When providing basic needs related direct aid, colleges should report this information to the campus financial aid office who will flag this aid using the basic needs related financial aid data element [SF GT-21](#).

Starting in fall 2026, colleges will begin reporting on basic needs services and activities in the Vision-Aligned Reporting (VAR) platform, using MIS data that is submitted 30 days following the end of each term. Annual VAR for Basic Needs Center is due Dec. 17, 2027.

For the pilot program expanding access to food security services to classified employees, colleges will be required to report the unduplicated number of classified employees who access campus food pantries or receive alternative food security resources. Colleges must establish a methodology for tracking the total number of unique classified employees who access food pantry and food security resources during each fiscal year of the pilot

program. The Chancellor’s Office will administer a brief annual survey following the end of each academic year of the pilot to collect this information. Colleges will **not** be required to report services provided to classified employees through the VAR platform.

Additionally, colleges are required to submit final expenditure reports into the NOVA system by Sept. 22, annually. Future allocations may be affected for failure to submit required reports by the due date.

Reporting Deadline	Reporting Type	Activity Period
Annually, 30 days following the end of each term	MIS SG23 Term data due 30 days following the end of each term	July 1, 2026–June 30, 2027
Annually, at the end of the academic year	Pilot Program Survey issued by the Chancellor’s Office	July 1, 2026–June 30, 2027
Annually, 30 days following the end of each term	Vision Aligned Reporting (VAR) MIS data	July 1, 2026–June 30, 2027
Sept. 22, 2027	Fiscal Expenditure Reports via NOVA	July 1, 2026–June 30, 2027
Dec. 17, 2027	VAR Annual report	July 1, 2026–June 30, 2027

CALIFORNIA ADULT EDUCATION PROGRAM (CAEP)

2026–27 Total Allocation

\$687,335,000 – Ongoing

- Total allocation includes funding for community colleges with noncredit programs and K–12 adult schools.
- Of the total allocation, the amount disbursed to noncredit community colleges is \$155,772,649.

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The 2026 Budget Act provided a \$19.2 million Proposition 98 increase to support a 2.87% cost-of-living adjustment for CAEP. The CAEP baseline allocation total for 2026–27 is \$687,335,000.

Sixty-seven percent of the CAEP allocation is made up of Maintenance of Effort (MOE) funds. The MOE certification process and original baseline amount and distribution ratio were determined from 2012–13 adult education related expenses as certified by K–12 and County Offices of Education. The funding amount does not change unless funding criteria as specified in [Education Code Section 84914 \(b\)](#) are met.

The remaining 33% of CAEP funding was allocated based on a regional allocation formula.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

CAEP funds were issued under AB104 legislation(2015–16) under the California Adult Education Block Grant in Article 9 [84900–84920] of the California Education Code. CAEP funds are provided to support adult education programs for students who are 18 years and older and can only be used in the seven CAEP-approved program areas as outlined in [Education Code 84913](#). [Education Code 84914](#) defines funding guidelines for CAEP Consortia and their members.

Spending Guidelines

Funds must be used solely for the purposes for which they are provided as outlined in [Education Code 84913](#). There is no flexibility in spending CAEP funds. They are restricted to support programs for adult students 18 years and older, can only be used in the seven CAEP-approved program areas, and must be spent in accordance with an approved

regional consortium plan specific to community college noncredit programs and K–12 adult education ([Education Code 84906](#)).

Reporting Requirements

Every quarter, consortium members are required to submit their expenses in NOVA. Once the member expense report is submitted, the consortium must review, approve, and certify. Consortia will also report student-level enrollment data and outcomes for quarterly and final reporting. Expense report submission and certification schedule:

Reporting Deadline	Reporting Activity
Sept. 1	Member Expense Report due in NOVA (Q4) - prior year
Sept. 30	Member Expense Report certified by Consortia in NOVA (Q4)/prior
Dec. 1	Member Expense Report due in NOVA (Q1)
Dec. 31	Member Expense Report certified by Consortia in NOVA (Q1)
March 1	Member Expense Report due in NOVA (Q2) Close out of prior-prior year Member Funds due in NOVA
March 31	Member Expense Report certified by Consortia in NOVA (Q2) Close out of prior-prior year Member funds in NOVA certified by Consortia in NOVA
June 1	Member Expense Report due in NOVA (Q3)
June 30	Member Expense Report certified by Consortia in NOVA (Q3) End of (Q3)

California community college districts receiving Adult Education Program funding are required to use the Chancellor’s Office Management Information System to track adult learner progress in the seven authorized program areas and report achievements from the seven-outcome areas designated by [Education Code 84913](#).

Contact

For questions, please contact Mayra Diaz at MDiaz@CCCCO.edu or the CAEP Help Desk at CAEP@CCCCO.edu.

CALIFORNIA COLLEGE PROMISE PROGRAM

2026–27 Total Allocation

\$91,207,000

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The California College Promise Program was established in 2017 through Assembly Bill (AB) 19 and AB 2 to support college affordability and increase student success at California community colleges. The program allows colleges to use funds to waive fees and provide other support services for first-time, full-time, and returning students who do not receive a California College Promise Grant fee waiver and meet other eligibility criteria.

Beginning with the 2026–27 fiscal year, Factor A of the formula will be adjusted to better align with requirements of AB 2 to include the amount needed to waive fees for first time, full-time students as well as returning students with no enrollment breaks.

The allocation formula consists of the following components:

Factor A	Factor B	Factor C	Allocation
Amount required to waive fees for two years	Fair share of Pell Grant recipients (90% of remaining funds after Factor A)	Fair share of Full-Time equivalent (FTE) enrollment (10% of remaining funds after Factor A)	Sum of Factors A, B, and C

Implementation of the updated allocation methodology will occur through a phased three-year approach:

- Year 1: Each campus will receive two-thirds (67%) of its 2025–26 allocation amount, with the remaining one-third (33%) allocated using the updated funding formula.
- Year 2: Each campus will receive one-third (33%) of its 2025–26 allocation amount, with the remaining two-thirds (67%) allocated using the updated formula.
- Year 3: Funding will fully transition to the updated funding formula.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Funds are provided annually for community colleges to achieve goals established in [Education Code Section 76396.1](#), while meeting the participation requirements in [Section 76396.2](#).

Spending Guidelines

Colleges may use the funds to waive tuition fees for full-time students for up to two years. Colleges may also use their Promise allocation for other forms of direct or indirect aid to students as long as such usage is aligned with the [California College Promise goals](#).

Reporting Requirements

Annual MIS Reporting

Annual Vision-Aligned Reporting (VAR) is due Dec. 17, 2027.

CALWORKS

2026–27 Total Allocation

Total Proposition 98 (Prop 98) Allocation

\$58,556,000 – Ongoing

Total Temporary Assistance for Needy Families (TANF) Allocation

\$8,000,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Restricted, 8140 – TANF

Funding Formula

- Each program is allocated a \$125,000 base amount for Prop 98 (program, child care, work-study) and TANF funds.
- After applying the base, the remaining funds are distributed to each program using prior-prior year California Community Colleges Chancellor’s Office Management Information Systems (MIS) CalWORKs enrollment data.
- Programs are guaranteed at 95% of the prior year allocation.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

CalWORKs program funds are for the purpose of assisting individuals receiving CalWORKs services through the county to achieve economic mobility through coordinated student services offered at community colleges.

Spending Guidelines

Annual allocations of funds under the CalWORKs program must be utilized for program implementation as prescribed in California [Education Code 79200–79209](#). CalWORKs Prop 98 (program, work-study, and child care) funds may not be used for direct aid to students, including grants, gift cards, gas cards, etc. Direct aid to students may only be provided with TANF funds. There is a 25% employer match required for work-study wages.

Reporting Requirements

Reporting Deadline	Reporting Type	Activity Period

CAMPUS CHILDCARE TAX BAILOUT

2026–27 Total Allocation

\$4,547,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Funds are allocated to certain districts that levied childcare permissive override taxes in the 1977–78 fiscal year. Allocations are made in an amount proportional to the property tax revenues, tax relief subventions, and state aid required. These funds will be made available by the district to its childcare and development program. Allocations include any cost-of-living adjustment (COLA) granted in subsequent fiscal years. COLA is included for this program for 2026–27. The July Advance was based on estimates. Refer to the allocation table below for revised allocation amounts.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The Childcare Tax Bailout funds are provided to support community college childcare and development programs.

Spending Guidelines

Funds may only be used to support community college childcare and development programs. The governing board of any school district maintaining a preschool program may include in its budget the amount necessary to initiate, operate, and maintain a preschool program.

CLASSIFIED EMPLOYEE SUMMER ASSISTANCE PROGRAM

2026–27 Total Available for Match to Participating Districts’ Employees
\$2,000,000

Revenue Recognition

Restricted, 8650 – Reimbursement Categorical Programs

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The Classified Community College Employee Summer Assistance Program was created to provide classified employees who meet certain requirements additional assistance during the summer months, when they are typically not working or provided less work. The program provides up to a dollar-for-dollar match on amounts withheld from a participating district’s classified employees’ monthly paychecks. The classified employees’ pay withheld, along with state match funds, will be paid by participating districts to eligible employees in the summer months following the academic year. Availability of state match funds is determined each year in the Budget Act and districts may determine whether to participate on an annual basis by Jan. 1 of each year.

Spending Guidelines

Funds are restricted for purposes of the Classified Community College Employee Summer Assistance Program only.

The budget year funds are used for the next academic year. For example, the 2026–27 budget year funds will be used for the 2027–28 academic year.

The 2026 Budget Act reduced the program’s total allocation from \$10 million to \$2 million to expand food pantries for classified employees. Due to the timeline of the program, the reduction will be seen after the conclusion of the 2027–28 academic year.

Based on previously reported expenditures, the program has consistently maintained sufficient funding to meet its intended purposes. Historical spending shows that available resources have been more than adequate to provide a full dollar-for-dollar match for all eligible participants.

- \$10 million is still available from the 2024 Budget Act to be used for the 2025–26 academic year.
- \$10 million is still available from the 2025 Budget Act to be used for the 2026–27 academic year.

Program Eligibility

- The classified employee's district elected to participate in the program.
- A classified employee is eligible to participate in the program if employed by a community college district for at least one year at the time of electing to participate in the program.
- A classified employee is eligible to participate in the program if employed by the community college district in the employee's regular assignment for 11 months or less within a 12-month period. A month means 20 days or four weeks of five days each, including holidays.
- When determining total months employed, any hours worked by the classified employee outside of their regular assignment should be excluded.
- A classified employee is not eligible for the program if their regular annual pay received directly from the community college district is more than \$62,400 for an entire academic year at the time of enrollment. When determining a classified employee's regular annual pay, the employing community college must exclude any pay received by the classified employee during the previous summer recess period.

Monthly Paycheck Withholdings

The community college district is required to deposit the amounts withheld from participating classified employee monthly paychecks in accordance with the choices made by each participating classified employee in a separate account. Classified employees may request from the district any pay withheld from their paycheck if: (1) the employee separates from employment or (2) due to economic or personal hardship. However, if an employee requests the funds returned, they won't be entitled to receive any state match.

Reporting Requirements

Participation in the Classified Employee Summer Assistance Program is optional and below are some key dates:

Key Dates	Description
Jan. 1 of each year	Participating districts notify classified employees that their districts have elected to participate in the program for the following academic year.

Key Dates	Description
March 1	Classified employee should notify their district of: • Election to participate in the program • Amount to be withheld from their paycheck for the following academic year • Whether the payment during the summer recess period should be paid in one or two payments
April 1	Participating districts must submit Classified Community College Employee Summer Assistance Program Reporting Form to the Chancellor's Office stating the district elects to participate in the program for the following academic year.
May 1	Chancellor's Office notifies participating districts of the estimated state match funding that classified employees can expect to receive.
June 1	Participating districts notify participating classified employees of the amount of estimated state match funds that a participating classified employee can expect to receive in the subsequent academic year.
On or before July 31	Participating districts must request payment from the Chancellor's Office following the academic year the program was operative. The requested form will be available in June, which is the end of the academic year when the program was operative.
Sept. 1	The Chancellor's Office will apportion funds to participating community college districts within 30 days of receiving a request for payment by the participating community college district for the applicable academic year.

COMMUNITY COLLEGE MANDATED PROGRAMS BLOCK GRANT

2026–27 Total Allocation

\$40,899,000 – Ongoing

Revenue Recognition

Restricted, 8685 – State Mandated Costs

Funding Formula

The funds appropriated for the Mandated Programs Block Grant are distributed to community college districts that elect to participate in the block grant on the basis of funded full-time equivalent students (FTES) calculated as of the second principal apportionment from the previous fiscal year multiplied by the current rate of \$37.51 per FTES. Community college districts were required to submit a letter to the Chancellor's Office Fiscal Services team by Aug. 28, 2026 to request the funding, which will be disbursed in November to all districts that elected to participate.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Pursuant to Government Code, Section 17581.7, the Mandated Programs Block Grant is provided to community colleges to reimburse the costs of state mandates which are included in the statutes and executive orders.

Spending Guidelines

The Mandated Programs Block Grant funding is specifically intended to fund the costs of the programs below that are outlined in [Government Code, Section 17581.7 \(f\)](#).

- Agency Fee Arrangements;
- Cal Grants;
- California State Teachers' Retirement System;
- Collective Bargaining and Collective Bargaining Agreement Disclosure;
- Discrimination Complaint Procedures;
- Enrollment Fee Collection and Waivers;
- Health Fee Elimination;
- Minimum Conditions for State Aid;
- Prevailing Wage Rate;

- Public Contracts;
- Reporting Improper Governmental Activities;
- Threats Against Peace Officers; and
- Tuition Fee Waivers.

If a community college district elects to receive the Mandated Programs Block Grant funds in a given fiscal year, the district will not be eligible to submit claims to the State Controller's Office for reimbursement costs of any of the state mandate programs for the same year.

COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)

2026–27 Total Allocation

\$35,607,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Allocations were calculated using the standing CARE funding formula approved by the Consultation Council in 2017. The funding formula includes the following components:

- Each college receives a \$30,000 base allocation.
- Remaining funds are allocated based on the unduplicated number of students served two years prior.
- Colleges are protected at 90% of their prior year allocation.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The CARE program was established in 1982 under Assembly Bill 3103 to provide Extended Opportunity Programs and Services (EOPS) students who are single head-of-household with additional educational support. The intended outcome is to increase the number and percentage of CARE students who successfully complete their chosen educational objectives.

Spending Guidelines

These funds are appropriated to provide services and resources to EOPS students who meet additional eligibility criteria: at least 18 years of age, single head-of-household, receiving CalWORKs or TANF cash aid for themselves or their dependent child(ren).

Reporting Requirements

- Annual Student Services Automated Reporting for Community Colleges (SSARCC) Final Expenditures Reporting is due on Sept. 15, 2026.
- Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Contact

For questions, please contact Carina Gillis at CGillis@CCCCO.edu.

DISABLED STUDENT PROGRAMS AND SERVICES (DSPS)

2026–27 Total Allocation

\$168,426,000 for Disabled Student Programs and Services (DSPS)

\$9,600,000 for Deaf and Hard of Hearing (DHH)

\$1,245,000 for Access to Print (ATP)

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

This is year four of the five-year phased-in approach that puts into place protections and growth caps for colleges as the new funding formula is implemented. The funding formula uses student headcount rather than weighted student count. There is a \$200,000 base for each college. The remaining funds are broken into headcount (90% of the funding) and expanded college effort (10% of the funding).

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

These funds are provided to support academic adjustments, auxiliary aids, services, and/or instruction to serve students with disabilities, including deaf and hard of hearing students and access to print and electronic information funding and resources.

Spending Guidelines

DSPS fund expenditures must:

- Not duplicate services or instruction which are otherwise available to all students;
- Be directly related to the educational limitations of the verified disabilities of the students to be served;
- Be directly related to the students' participation in the educational process;
- Promote the maximum independence and integration of students with disabilities;
- Not include any change to curriculum or course of study that is so significant that it alters the required objectives or content of the curriculum in the approved course outline, thereby causing a fundamental alteration; and
- Support participation of students with disabilities in educational activities consistent with the mission of the community colleges as set forth in Education Code 66010.4.

Reporting Requirements

Annual final expenditure reporting is required through Student Services Automated Reporting for Community Colleges (SSARCC).

Colleges are also required to report on Student Primary Verified Disability and Student Service Contacts in the Chancellor's Office Management Information System (MIS) each term.

Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Contact

For questions, please contact Jennifer Tabb at JTabb@CCCCO.edu.

DREAM RESOURCE LIAISONS SUPPORT FUNDS (UNDOCULIAISON)

2026–27 Total Allocation

\$11,600,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The program funding formula remains unchanged from the 2025–26 program allocations.

- **50% Base Allocation:** Half of the total funds are distributed as a base allocation, with each college receiving an equal base amount.
- **50% Proportional Allocation:** The remaining half is distributed proportionally based on each college's share of total student headcount.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Funds are provided to ensure each college has a staff person designated as a Dream Resource Liaison, or UndocuLiaison, who is knowledgeable in available financial aid, social services, state-funded immigration legal services, internships, externships, and academic opportunities for all students meeting the requirements set forth in Section 68130.5, including undocumented students.

Spending Guidelines

Colleges are encouraged to establish a Dream Resource Center on each of their respective campuses. Dream Resource Centers may offer support services, including, but not necessarily limited to, academic counseling, peer support services, psychological counseling, referral for social services, and state-funded immigration legal services. The space in which the liaison is located may be deemed a Dream Resource Center and may be housed within existing student service or academic centers. This must not be construed as suggesting the construction of a new or separate space for Dream Resource Centers.

Reporting Requirements

To help ensure consistent statewide data and continuous program improvements, the Chancellor's Office requires a brief report summarizing expenditures, aggregate participant counts, and the activities and services provided during the 2026–27 academic year. The report is due to the Chancellor's Office on Dec. 1, 2027. Additional reporting

details, including the reporting platform and a sample report, will be shared with colleges in advance.

Contact

For questions related to Dream Resource Centers, please contact AB540@CCCCO.edu or Haley Dillon at HDillon@CCCCO.edu.

Additional Resources

Please ensure the Dream Resource Liaison or UndocuLiaison contact is updated on the Chancellor’s Office [Find A College](#) webtool. To view the contact, check the box “Show Undocumented Student Resources” in the filter search bar. To make changes, please complete this [form](#). The webtool will be updated quarterly.

ECONOMIC AND WORKFORCE DEVELOPMENT PROGRAM – CENTERS OF EXCELLENCE

2026–27 Total Allocation

\$7,400,000 – Ongoing

Revenue Recognition

Restricted, 8690 – Other State Revenue

Funding Formula

Economic and Workforce Development (EWD) funds were issued through a competitive Request for Applications to fund one Statewide Career Mobility Accelerator Center and eight Regional Centers of Excellence (COE) over a five-year performance period.

Funding Distribution Method

Funds are disbursed through the invoicing process.

Purpose of Funds

The primary function of the Statewide Career Mobility Accelerator Center is to provide leadership of the regional network of eight regional COEs located across California. The goal of the eight regional COEs is to provide leadership and create opportunities to help colleges understand and contextualize labor market data and to support workforce training needs.

Spending Guidelines

The primary function of each regional COE is to support inclusive, equity-centered regional economic growth; help communities accomplish their goals related to community college student and adult learner retention, completion, and transition to the workforce; and address employer and employee needs, including facilitation of career mobility opportunities for employees. This work requires extensive use of labor market information, data analytics, and data storytelling, which allows the colleges and workforce education providers in the regions to be more responsive to the needs of students and local employers and industry. Additionally, the COEs aim to be equipped to support the realization of the Chancellor’s Office Vision 2030 and Career Mobility goals by providing support to the region related to Chancellor’s Office communications, and implementation of its new initiatives and policy regulations.

California [Education Code Section 88600](#) outlines the Economic Development Program, which aims to foster collaboration between educational institutions, businesses, and communities to support economic development. The spending guidelines under this code

focus on ensuring that funds are used effectively to achieve these goals. Below is an overview of the spending guidelines:

1. **Alignment with Program Goals:** Expenditures must align with the primary objectives of the Economic Development Program, which include workforce development, job creation, and improving the competitiveness of local businesses.
2. **Use of Funds:** Funds can be used for activities such as:
 - a. Developing or expanding educational programs that respond to local labor market needs.
 - b. Supporting partnerships between community colleges and local industries.
 - c. Providing training and re-training programs for current and future workforce needs.
 - d. Enhancing business development and job creation efforts in the community.
3. **Accountability and Reporting:** Institutions receiving funds must track and report how the money is spent. This includes demonstrating how expenditures contribute to meeting the economic development goals specified in the program.
4. **Budgetary Controls:** There must be clear budgetary controls and approval processes in place to ensure that spending is consistent with the program's purpose and that funds are not misused.
5. **Prohibited Expenditures:** Funds should not be used for activities unrelated to economic development, such as general administrative expenses, personal gains, or unrelated capital improvements.
6. **Match Funding and Indirect Costs:** Institutions are encouraged to seek additional funding sources to supplement the state funds and maximize the impact of the program. This could include partnerships with local businesses, grants, and other community resources. There is a 25% match requirement for these funds. There are two kinds of cost sharing permitted for this application: cash and in-kind.
 - a. Cash matching includes cash spent for project-related costs. The allowable cash match must include costs that are “necessary, reasonable, and allowable under this program.”
 - b. In-kind matching includes, but is not limited to, the valuation of non-cash contributions provided by a college, organization, employer, or other related third party. An in-kind match may be in the form of services, supplies, real property, and equipment. The value of the service may be used for the matching requirements. The services must be necessary, reasonable and allowable under the program.

- c. Indirect costs should not exceed 4% and should be calculated as follows: Grant Amount ÷ 1.04 = Grant Operating Budget × 4% = Indirect Costs

7. Evaluation and Outcome Measurement: Spending should be linked to measurable outcomes, such as job placements, business growth, or the successful development of new training programs. Regular evaluations are required to assess the effectiveness of the spending in achieving the program's goals.

These guidelines ensure that the funds are used strategically to support economic development initiatives that benefit both the local community and the broader economy. Additionally, here are specifications and additional guidelines for the COE program.

Reporting Requirements

Reporting Deadline	Reporting Type
Jan. 31, 2027	Report for Quarter in NOVA
March 31, 2029	Final Report

State Center Community College District	\$800,000
Total	\$7,400,000

EQUAL EMPLOYMENT OPPORTUNITY (EEO)

2026–27 Total Allocation

\$10,000,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Each district is eligible to receive a total of \$138,888 in EEO funding, minus any deductions for non-compliance with the requirements outlined in the EEO [Annual Certification Form](#).

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The Budget Act language specifies that from the total EEO Fund, \$10 million should be allocated to community college districts, to support the continued implementation of equal employment opportunity plans and to enable campuses to engage in sustainable practices to diversify faculty, staff, and administrators, including the continued use of best practices and tools identified by the California Community Colleges Chancellor's Office Equal Employment Opportunity and Diversity Advisory Committee.

Spending Guidelines

EEO funds may be used to promote equal employment opportunities in hiring and promotion at community college districts, including:

1. Outreach and recruitment;
2. In-service training on equal employment opportunity;
3. Accommodations for applicants and employees with disabilities, consistent with Title 5, Section 53025; and
4. Other activities to promote equal employment opportunity.

Opportunity Webpage](#)

EQUAL EMPLOYMENT OPPORTUNITY (EEO) – INNOVATIVE BEST PRACTICES GRANTS

2026–28 Total Allocation

\$1,400,000 – One-Time Funds

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

EEO Innovative Best Practices Grant recipients were selected through a competitive application process. Grant funding is distributed in two installments. Round 1 funding, representing 50% of the \$1.4 million allocation, was disbursed prior to the 2026–27 academic year. The remaining funds will be disbursed in Round 2 before the 2027–28 academic year and are contingent on demonstrated progress toward the proposed outcome measures.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The goals of the EEO Innovative Best Practices Grants are twofold:

1. Support districts in implementing innovative employment strategies that promote fair and inclusive hiring practices in pre-hiring, post-hiring, and retention.
2. Enhance and expand existing EEO efforts that promote equal access to employment, professional development opportunities, and faculty and staff diversity, consistent with applicable law.

Spending Guidelines

Funds must be used to support activities outlined in the application. All expenses should align with proposed activities. For information regarding in-state travel, out-of-state travel, and administrative indirect cost rate, refer to the [EEO Innovative Best Practices Grants Request for Applications](#).

Reporting Requirements

Grantees must report on their proposed projects. The table below describes the reporting timeline. The Chancellor’s Office may, at its discretion, institute additional reporting requirements or frequency as needed for the improvement of the grant. The final report must include a project evaluation, a detailed description of progress made toward each outcome measure, and a full account of all program expenditures.

Expenditure End Date	Reporting Deadline	Annual Expenditure and Progress Reports
March 31, 2027	April 30, 2027	1st Annual Expenditure (Year 1) and Progress Report
June 30, 2028	Aug. 31, 2028	Final Expenditure (Years 1–2) and Final Report including overall Project Evaluation

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)

2026–27 Total Allocation

\$194,581,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Allocations were calculated using the standing EOPS funding formula approved by the Consultation Council in 2017. The funding formula includes the following components:

- Each college receives a \$150,000 base allocation.
- Of the remaining funds:
 - 90% is distributed based on students served.
 - 5% is distributed based on growth.
 - 5% is distributed based on college effort.
- Colleges are protected at 95% of their prior year allocation.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The EOPS program was established statewide in 1969 through Senate Bill 164 to serve economically and academically disadvantaged students. The intended outcome is to increase the number and percentage of EOPS students who successfully complete their chosen educational objectives.

Spending Guidelines

These funds are appropriated to provide services and resources to participating EOPS students. Pursuant to [Title 5 regulations](#), each college will be required to meet minimum spending obligations for direct aid to students (Category C), textbook assistance, and district match. Additional information on allowable and unallowable expenditures can be found in the Title 5 regulations.

Reporting Requirements

Annual Student Services Automated Reporting for Community Colleges (SSARCC) Final Expenditures Reporting is due on Sept. 15, 2026.

Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Contact

For questions, please contact Carina Gillis at CGillis@CCCCO.edu.

FINANCIAL AID TECHNOLOGY

2026–27 Total Allocation

\$5,000,000

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The 2026–27 funding formula divides the \$5 million allocation evenly among three factors:

1. By college
2. By district
3. By 2024–25 fair share of total credit headcount

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

These funds are provided to support technology advancements and innovations that enable more efficient processing of state and federal financial aid.

Spending Guidelines

Financial Aid Technology funds may not be used for direct aid to students, student stipends, or the cost associated with the delivery of courses.

Reporting Requirements

Annual final expenditure reporting is required through Student Services Automated Reporting for Community Colleges (SSARCC). Each year, colleges can begin reporting in mid-September, with a submission deadline of Oct. 30.

Contact

For questions, please contact Mario Garza at MGarza@CCCCO.edu.

FIRE AND FORESTRY PATHWAYS GRANT PROGRAM

Total Allocation

\$5,400,000 – 3-year grant

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The Fire and Forestry grants were awarded non-competitively to California community colleges with existing fire and forestry programs and Accredited Regional Training Centers.

Grant recipients will receive a total amount of \$300,000 over the course of three academic years: 2025–26, 2026–27, and 2027–28. All performance under this allocation must be completed by June 30, 2028.

Grant funds are disbursed according to the following schedule:

- \$150,000 payable within 60 days of grant agreement execution, upon submission of the project workplan.
- \$50,000 payable on Aug. 15, 2026, upon completion of the 1st Annual Report.
- \$50,000 payable on Aug. 15, 2027, upon completion of the 2nd Annual Report.
- \$50,000 payable on Aug. 15, 2028, upon submission of the Final Report.

Funding Distribution Method

Funds are disbursed through the invoicing process.

Purpose of Funds

The Fire and Forestry Grants' funding allocations are intended to accomplish the following:

- Enhance the capacity of California community colleges to provide economic opportunities for students pursuing careers in the growing fields of fire and forestry, which includes fire management, logging, fuels treatments, prescribed fire, right-of-way clearing, and other forest-industry support services.
- Create or expand regional partnerships that include colleges, employers, California Department of Forestry and Fire Protection (CAL FIRE), and other partner agencies to support comprehensive regional plans to expand workforce training pathways and increase the number of learners advancing their career.

- Strengthen the ability of California community colleges to develop well-defined fire and forestry career pathways by leveraging existing credential and degree programs, developing or expanding apprenticeship opportunities, and regional collaboration to ensure students have access to training facilities statewide.

Spending Guidelines

The funding is intended to support the expansion or enhancement of existing programs and infrastructure while fostering innovation, inclusion, and sustainability in fire and forestry workforce training statewide. Grant recipients will design and implement innovative educational programs that align with local and regional labor market demand, support the development of clear and stackable career pathways, and connect learners to employment opportunities that offer living wages and upward mobility in fire management, forestry, and related fields. The work will also emphasize regional collaboration, employer engagement, credit for prior learning, and inclusion of K–12 outreach as part of a broader program development strategy.

Reporting Requirements

Colleges are expected to report their expenditures and progress annually in [NOVA](#) on the following dates:

Reporting Deadline	Reporting Type	Activity Period
Aug. 15, 2026	First Annual Report	July 1, 2025–June 30, 2026
Aug. 15, 2027	Second Annual Report	July 1, 2026–June 30, 2027
Aug. 15, 2028	Final Report	July 1, 2027–June 30, 2028

Contact

For questions about the Fire and Forestry Pathways Grant Program, please contact the Fire and Forestry Grant Team at CAS@CCCCO.edu.

FOSTER AND KINSHIP CARE EDUCATION (FKCE)

2026–27 Total Allocation

\$9,302,343 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Restricted, 8190 – Other Federal Revenues

Funding Formula

Funding is provided based on the prior-prior fiscal year unduplicated class participant count per college reported data and statewide participant rate. To provide program stability while we implement a new funding formula, for 2026–27, there is a 100% guarantee awarded when the formula allocation is lesser than the prior fiscal year allocation. The regional coordination allocation is part of the federal revenues and is for programs that have a regional coordinator.

Funding Distribution Method

State Allocation Funds are disbursed through apportionments.

Federal Match and Regional Coordination Funds were previously disbursed through the Fi\$Cal Accounting System via vouchers and may be disbursed through apportionments this fiscal year. Please review future editions of the Compendium for updates.

Purpose of Funds

Funds are exclusively for Resource Parent and Tribally Approved Homes education as established in the California Department of Social Services Resource Family Approval program and as specified by the chancellor.

Spending Guidelines

Spending guidelines follow State Prop 98 and Federal Title IV-E funding restrictions for expenses related to the pre-approval and annual education of resource families and tribally approved homes in the geographical area the college program is authorized to serve. Please refer to program funding guidelines for allowable and prohibited expenditures, including administrative caps.

Unspent state funds carry over to the next fiscal year and must be expended first. Federal funds must be used within the same year they are allocated.

Reporting Requirements

Program Database and Final Expenditures reports are required 60 days after the end of the fiscal year. Future allocations may be affected for failure to submit required documents and reports by the due date.

Final reports are due Aug. 31, 2027. All required forms must be submitted via email to FKCEForms@CCCCO.edu.

Contact

For questions, please contact Rina Rojas at (916) 324-2564 or RRojas@CCCCO.edu.

FULL-TIME FACULTY HIRING FUNDS

2026–27 Total Allocation

\$150,000,000 – Ongoing

Revenue Recognition

Unrestricted, 8690 – Other State Revenue

Funding Formula

The initial allocation was calculated proportionally based on reported resident credit full-time equivalent students (FTES) at the time funds were provided in the Budget Act. This initial allocation remains unchanged in subsequent years.

In the 2021 Budget Act, an additional \$100 million was allocated to participating districts, supplementing the \$50 million initially allocated in the 2018 Budget Act. This results in a total ongoing allocation of \$150 million.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Full-time faculty hiring funds are provided to districts to hire new full-time faculty, aiming to increase the percentage of full-time faculty and achieve the 75% full-time faculty goal.

For reporting purposes, new full-time faculty include credit, noncredit, instructional, and non-instructional tenure-track full-time faculty hired from July 1, 2018, through the end of the reporting period. New full-time faculty include those hired to:

1. Fill vacancies with full-time faculty positions rather than assigning part-time faculty, and/or
2. Staff and support newly developed or approved academic programs, courses, and other instructional or non-instructional activities not included in prior year budgets.

Spending Guidelines

Once new faculty are hired, the full-time faculty hiring funds continue to support the ongoing salaries and benefits of those faculty members. These new faculty include credit, noncredit, instructional, and non-instructional tenure-track full-time faculty hired since the 2018–19 fiscal year.

Districts should diligently track revenue and expenditures related to the full-time faculty hiring funds within their accounting systems. This tracking ensures that the funds are properly allocated for the salaries and benefits of full-time faculty, thereby making

progress toward achieving the 75% full-time faculty goal. Additionally, districts should be able to identify the specific positions filled and maintained using these funds.

Reporting Requirements

Per [Education Code 87891 through 87893](#), districts are required to report to the Chancellor's Office no later than March 31 annually. The report should detail their progress toward increasing the percentage of instruction by full-time faculty, increasing faculty diversity, and related data as described in the reporting requirements section of the [Full-Time Faculty Hiring Funds webpage](#). Districts will be required to collect and report this information to the Chancellor's Office annually.

Annual Reporting

The Statewide Report is due May 30, 2027, for the reporting period of July 1, 2018 through June 30, 2026.

Contact

For questions, please contact Tarissa Hopkins at (916) 327-1260 or THopkins@CCCCO.edu; Jubilee Smallwood at (916) 327-6225 or JSmallwood@CCCCO.edu; or the Fiscal Standards and Accountability Unit at FiscalStandards@CCCCO.edu.

HOMELESS AND HOUSING INSECURITY PROGRAM (HHIP)

2026–27 Total Allocation

\$20,562,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The allocation funding formula includes a base amount of \$150,000 per college, with the remaining balance being distributed based on total head count, across the participating colleges.

Funding Distribution Method

Funds are disbursed through apportionments.

HHIP colleges in the process of spending down high amounts of carryover funds from previous fiscal years will not receive an additional allocation for the 2026–27 Advance apportionment. Colleges with a pause in funding for either the Advance apportionment cycle or for the full fiscal year have been notified in writing by the Chancellor’s Office regarding their allocation and support for spending down funds from previous fiscal years.

Additional available funds will be reallocated to participating colleges at the First Principal Apportionment (P1).

Purpose of Funds

Per [Assembly Bill 123](#) (Higher education budget trailer bill 2025–26), these funds are to provide services and resources to students who have identified as being homeless or to students at eminent risk of becoming homeless. Services include, but are not limited to, academic support, housing identification and placement services, rent and move-in assistance, and case management services.

Spending Guidelines

HHIP funds should be used to provide services to students who have identified as being homeless or to students at eminent risk of becoming homeless. In alignment with authorizing statute, participating colleges may use HHIP funding for purposes, including but not limited to:

- Supplementing students’ rental costs to prevent evictions.
- Moving costs, and/or move-in expenses to support students’ secure permanent housing.

- Supporting students' utility bills or miscellaneous expenses affiliated with maintaining their residence.
- Providing hotel placements for students while a more permanent housing placement is being secured.
- Other services to support students to remain in their current residence, secure temporary accommodation, and/or secure permanent housing.

Reporting Requirements

Participating colleges are required to submit data regarding students-served through the Chancellor's Office Management Information System (MIS) 30 days after the end of each term. When reporting students-served data, colleges should use [SG27](#), the MIS data element established for the HHIP program.

Additionally, per [Assembly Bill 977](#) (AB 977), colleges must also partner with their local housing agency to submit all required data into the local Homeless Management Information System. Technical assistance is available to support participating colleges with AB 977 compliance. Colleges are also required to submit final annual expenditure reports in September through NOVA. Future allocations may be affected for failure to submit required reports by the due dates. Colleges are encouraged to reach out to the Chancellor's Office with any questions that may arise.

Reporting Deadline	Reporting Type	Activity Period

LGBTQ+

2026–27 Total Allocation

\$30,000,000 – One-Time

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The allocation funding formula includes a base amount of \$65,000 for every college. The remaining appropriation will be allocated to colleges based on the following:

- 75% of the remaining appropriation will be allocated based on total headcount; and
- 25% of the remaining appropriation will be allocated based on the number of students who received a Pell grant.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

[Senate Bill\(SB\) 111 Budget Act of 2026](#) and [SB 135 Higher education budget trailer bill](#) appropriate a total of \$30 million in one-time funding for allocation by the Chancellor's Office to community college districts to provide additional funds to support LGBTQ+ students. The maximum funding a participating community college district can receive is \$900,000.

This allocation intends to provide additional funding to support LGBTQ+ students; districts and colleges must not use this funding to replace or reimburse any current funding sources or existing efforts without meaningfully increasing direct support for LGBTQ+ students. Due to the one-time nature of this funding, districts are encouraged to focus on the sustainability of LGBTQ+ student support efforts by ensuring student-centered redesign with LGBTQ+ students in mind, prioritizing the build out of critical service delivery infrastructure that addresses the unique needs of LGBTQ+ students, and identifying additional funding sources to sustain the momentum of LGBTQ+ student support in the long term.

Spending Guidelines

Community college districts must use this funding to provide needed services, based on evidence-based practices, to LGBTQ+ students. They may include:

- LGBTQ+ centers
- Professional development and training on serving LGBTQ+ students

- Mental health services
- Housing insecurity services
- LGBTQ+ learning communities
- Support for gay and straight alliance clubs
- LGBTQ+ curriculum development
- Lavender graduation
- Workshops or speaker series
- Other proven initiatives

Reporting Requirements

The Program Plan for 2026–27 is due in NOVA in December 2026.

Reporting Deadline	Reporting Type	Allocation Period
June 30, 2028	Final expenditure report due in NOVA	2023–24 Allocation

LOS ANGELES REBUILD: WORKFORCE RECOVERY AND CAREER TECHNICAL EDUCATION WORKFORCE DEVELOPMENT

Total Allocation

\$5,000,000 – One-Time Funds

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Five million dollars is being allocated to community colleges that are members of the Los Angeles (LA) Regional Consortium to support workforce recovery efforts and career technical education (CTE) workforce development aligned with the LA region's recovery from the Palisades and Eaton fires.

The funding formula aims to equitably and strategically distribute funds over two years to:

- Address urgent workforce needs related to regional disaster recovery;
- Expand access to construction and related CTE programs;
- Provide financial and wraparound support for underemployed and unemployed students;
- Encourage innovative regional collaboration and public-private partnerships.

Of the total appropriation, \$4 million will be allocated to community colleges that are members of the LA Regional Consortium to address the following three priority categories:

1. **Workforce and Economic Development:** Supports retraining and upskilling programs in sectors critical to regional recovery, including construction, emergency response, and infrastructure. Eligible uses include curriculum development, instructional support, employer engagement, and wraparound services.
2. **Construction Pathway Expansion:** Supports the scaling of construction-related career pathways. Allocations will be informed by districts' capacity to increase program access and completion aligned with labor market demand.
3. **Supportive Services and Student Stipends:** Provides stipends of up to \$1,400 per student and related support services to underemployed and unemployed low-to-moderate income individuals enrolled in construction pathways programs. Designed to reduce financial barriers and improve program completion rates.

See [Los Angeles Rebuild Allocation Table](#) below.

In addition, two community college districts were selected by the Chancellor's Office in consultation with the Department of Finance to receive \$1 million of the total allocation. These districts met the following criteria:

- Lead a regional initiative focused on community recovery, workforce development, and long-term resilience in response to the Palisades and Eaton fires.
- Planning or implementing innovative efforts such as wildfire recovery training and regional rebuilding programs; adult education engagement pipelines to ensure expanded outreach; new CTE facility planning and development.
- Colleges receiving these dollars must secure a minimum 4:1 match in funding through philanthropic or corporate contributions.

See [Los Angeles Rebuild Regional Initiative – \\$1 Million Allocation Table](#) below.

There is no tiered or per-student allocation formula; funding levels are determined by the proposed initiative scope, alignment with legislative intent, and the availability of matching funds.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

In response to the Palisades and Eaton fires, the funds are intended to support community resilience, recovery, and expansion of economic opportunities by accelerating workforce training in high-needs areas, specifically construction and disaster recovery pathways. The goal is to assist displaced workers, advance regional rebuilding efforts, and ensure equitable, community-driven recovery across impacted areas in LA County.

Spending Guidelines

Allowable uses of funds may include, but are not limited to:

- Delivery of credit and non-credit training and retraining programs aligned with construction and recovery-related fields;
- Wraparound support services such as academic counseling, career guidance, and job placement assistance;
- Stipends of up to \$1,400 per student for underemployed or unemployed low- to moderate-income individuals enrolled in construction pathway programs to ensure completion outcomes are met;
- Outreach and recruitment activities targeted at displaced workers and impacted communities;

- Partnerships with adult schools to deliver intensive construction-related training;
- Development and expansion of CTE facilities focused on construction and wildfire recovery.

A maximum 4% indirect cost is allowable and must be clearly identified in relation to the overall program budget. All expenditures should directly contribute to building a skilled, construction-ready workforce to support regional recovery and rebuilding efforts in communities affected by the Palisades and Eaton fires.

Reporting Requirements

The Chancellor's Office will require a workplan aligned to the funding intent, bi-annual reporting, and performance monitoring. Metrics for evaluating impact may include:

- Number and type of program(s) expanded or enhanced to expand program delivery;
- Number of students enrolled and completing construction and construction-related programs of study, credit and non-credit;
- Number of stipends awarded and students completing programs;
- Employment placement outcomes in construction and recovery-related fields;
- Amount of match funds leveraged;
- Evidence of regional collaboration and innovation, including:
 - Number of regional curricula developed and adopted by regional colleges;
 - Number of colleges and adult schools aligning curriculum to ensure seamless pathways in construction and construction related pathways;
 - Number of colleges and adult schools participating in regional events;
 - Number of regional colleges and adult schools receiving technical assistance;
 - Number of students served by regional colleges and adult education providers.

MAINTENANCE ALLOWANCE

Total Allocation

\$100,000

Revenue Recognition

Restricted, 8650 – Reimbursement Categorical Programs

Funding Formula

Title 5, Section 54200 requires a maintenance allowance to be paid by community college districts for certain students that reside in a territory not included within any district. Districts are subsequently reimbursed for the amount paid to the students. The reimbursement of maintenance allowance paid to students is shown annually on Exhibit D at the Recalculation Apportionment in February. The 2025–26 Budget Act appropriated \$100,000 for this program.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Maintenance Allowance funds are provided to alleviate the financial burden of students who reside outside of community college district boundaries in regard to the students' transportation costs to and from school or the cost of relocation if they were to move closer to the school.

Spending Guidelines

Funds are restricted for the purposes of the Maintenance Allowance program only.

Not all districts will have students who qualify for this program. In order to be eligible for the Maintenance Allowance program, a student must reside in specific parts of Modoc County, Mono County, and Siskiyou County and meet other eligibility criteria as stated in our [Maintenance Allowance webpage](#). The Chancellor's Office determines the amount for reimbursement by using the daily rate and the number of days eligible students are enrolled full time in credit classes. The eligibility period includes Saturdays, Sundays, holidays and "Spring Break," but excludes breaks between terms when the students are not enrolled.

The daily rate may be increased by the Implicit Price Deflator for State and Local Government Purchase of Goods and Services if circumstances warrant. A proration will be made if the total claims exceed \$100,000, the maximum amount available for this purpose. After the calculation is made and notifications are made to districts of the daily rate, no additional claims will be accepted.

Reporting Requirements

Districts must complete a CCFS-355 form by listing eligible students and their respective eligible days for the just completed fiscal year. The form is submitted and signed by the superintendent of schools of the county of residence for the official verification and signature. The form is due annually to the Chancellor's Office by Aug. 15.

Districts must pay eligible student(s) prior to Sept. 30, per Title 5. They will be provided a certification of payment, and they are required to complete and sign the document before providing it to the Chancellor's Office. Districts with no eligible students are not required to complete the CCFS-355 form.

Summary of Key Dates

Key Dates	Description
By July 15	During the fiscal year, districts request that the superintendent of schools of the county of residence preliminarily determines eligibility of students as they apply for the allowance.
By Aug. 1	Complete the CCFS-355 form by listing eligible students and their respective eligible days for the just completed fiscal year. Submit it to the superintendent of schools of the county of residence for the official verification and signature.
By Aug. 15	Submit the completed and signed electronic copy of the CCFS-355 form to the Chancellor's Office at AttendanceAcct@CCCCO.edu .
By Sept. 30	District must pay eligible student(s) prior to Sept. 30, per T5. The reimbursement of Maintenance Allowance paid to students will be included on Exhibit D of the Recalculation in February.
By Oct. 15	Districts must complete and sign the certification of payment. The signed electronic copy should be submitted to the AttendanceAcct@CCCCO.edu inbox.

MATHEMATICS, ENGINEERING, AND SCIENCE ACHIEVEMENT (MESA) PROGRAM

2026–27 Total Allocation

\$39,423,000 – Ongoing

Revenue Recognition

Restricted, 8690 – Other State Revenues

Funding Formula

MESA program funds are disbursed to each participating college as a grant. Award amounts include a \$280,000 base award amount plus a proportional share based on the number of college participants.

Starting in 2026–27, the Chancellor’s Office will reserve up to 3.5% (\$1,379,000) of the annual MESA allocation for statewide coordination and support, as outlined in Education Code 88682.

Funding Distribution Method

Funds are disbursed through the payment schedule process.

Purpose of Funds

California community college MESA programs work in partnership with the University of California Office of the President (UCOP) MESA statewide, proprietor, and trademark holder of the MESA program. All university, community college, and college-prep MESA programs work in concert to provide support to underserved and underrepresented students majoring in calculus-based science, technology, engineering, and mathematics (STEM) fields who seek to transfer to a four-year institution. Aligned with Vision 2030 goals, the community college segment of MESA grants support equity in success, equity in access, and equity in support.

Spending Guidelines

Expenditures must contribute to improving academic success and the development of a student support structure for underserved and underrepresented calculus-based STEM major students attending a community college.

Refer to the grant agreement’s scope of work for specific guidelines. Please note, funds may not be used for purposes of construction, remodeling, or lease of facilities, purchase of equipment, or for programs and activities not eligible for state apportionment.

Reporting Requirements

Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Grantees are also required to:

1. Identify and report each academic term, the number of program participants using Data Element Dictionary Special Population SG05 through the Chancellor's Office Management Information System (MIS).
2. Annually report on workplan, measurable outcomes, and expenditure data using NOVA and Alchemer platforms.

Reporting Deadline	Reporting Type	Activity Period
30 days after the end of the academic term	MIS	Each Academic Term
Sept. 30, 2026	2026–27 Workplan and Budget (NOVA)	July 1, 2026–June 30, 2027

MENTAL HEALTH PROGRAM

2026–27 Total Allocation

\$32,466,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The funding allocation formula stipulates a base amount of \$100,000 for each college. The remaining appropriation, totaling \$21,066,000, is distributed to the colleges (excluding Calbright) based on the following criteria:

- 75% of the remaining appropriation will be allocated based on total headcount; and
- 25% of the remaining appropriation will be allocated based on the number of students who received a Pell grant.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The legislative intent for the mental health funds is to provide and expand mental health resources for students.

Spending Guidelines

Mental health support services, include but are not limited to:

- Engaging in student-centered design to establish and strengthen structures to enable and streamline the delivery of holistic support for students across the continuum, including mental health promotion, prevention, crisis/acute treatment, post-acute care, and recovery;
- Hiring staff to expand mental health resources ensures that students receive timely, continuous care, fostering their overall well-being and academic achievement;
- Providing campus-based training to faculty, staff, and students regarding early identification, intervention, and referral of students with mental health needs;
- Ensuring students receive all applicable internal and external support services;
- Establishing partnership(s) with local county behavioral health departments, subcontractors of county behavioral health departments, or community-based organizations, with the goal of establishing appropriate referral processes for students in need of clinically appropriate mental health supports;

- Leveraging other community-based mental health resources, where available.
- Note: Indirect costs are a non-allowable expense.

Reporting Requirements

The year-end report is due Sept. 30, 2026 via NOVA.

NEXTUP

2026–27 Total Allocation

\$54,110,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

College allocations include a base amount plus a per student rate and a 70% minimum guarantee applied based on prior year's allocation, if the prior year allocation is greater than the allocation based on formula. The per college incremental base is aligned with the number of students served:

- 1–60: \$75,000
- 61–90: \$100,000
- 91–120: \$125,000
- 121+: \$150,000

Based on the above formula, college allocations remain relatively consistent with the 2025–26 allocations with adjustments based on the number of students served at each college.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The NextUp program aims to increase participation in the number of current, and former foster youth who attend community college and help youth realize and achieve their educational and career goals. It is the intent of the legislation, per [Education Code 79220–79228](#), to provide services to eligible current and former foster youth.

Spending Guidelines

Services and resources can include, but are not limited to, outreach and recruitment services, counseling, book and supply grants, tutoring, independent living, and financial literacy skills support, frequent in-person contact, career guidance, transfer counseling, childcare and transportation assistance, and referrals to health services, mental health services, housing assistance, and other related services. Additional information regarding services and expenditures can be found in [California Code of Regulations 56400–56416](#).

Reporting Requirements

Each term colleges are required to flag students receiving NextUp services and support using the [SG Domain](#) and [SG11 data element](#) for submission into the Chancellor's Office Management Information System (MIS). For 2027–28 NextUp allocations, the Chancellor's Office will be using 2025–26 SG11 data to run program allocations in the funding formula.

Errors, inaccurate, or delayed reporting could impact future NextUp community college program allocations.

Colleges are also required to report on the [SG03 data element](#) and properly code foster youth community college students.

In addition, future allocations may be affected for failure to submit required final expenditure reports by Sept. 27, 2027.

Annual Vision-Aligned Reporting (VAR) is due on Jan. 31, 2027.

Reporting Deadline	Reporting Type	Activity Period
Term data for categorical allocation purposes is the first Monday in August (by 5 p.m.)	Annual MIS Reporting (refer to the NextUp Data Element for details)	Deadline for districts to submit MIS end-of-term data or revised 2025–26 MIS data for use in 2027–28 allocations MIS Data Submission Timeline 2025–26
Aug. 2, 2027	2026–27 NextUp Final Expenditure Report due in NOVA	July 1, 2026–June 30, 2027

NURSING ENROLLMENT GROWTH AND RETENTION PROGRAM GRANT

2026–27 Total Allocation

\$13,030,502 – Ongoing

The total amount includes:

- \$12,976,660 available for allocation per the 2026 Budget Act
- \$53,842 available for allocation from previous years

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The 2026–27 allocation amounts are determined by the following metrics:

- **Students Served:** Total number of ADN students served.
- **Retention Rate:** Overall retention rate of the program.
- **Completion Rate:** Percentage of students who completed an ADN program.
- **NCLEX First-Time Pass Rate:** Percentage of students who passed their NCLEX exam on first attempt.
- **Percentage of Fiscal Reports Completed:** Number of fiscal reports completed for 2024–25.
- **Percentage of 2024–25 Funds Expended:** Percentage of funds expended for 2024–25.
- **Located in a High-Needs Area:** Programs identified in an underserved nursing area or region based on this [high-needs map](#).

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The grant is intended to supplement the activities of the college's ADN program.

Spending Guidelines

Per [Education Code Section 78261\(d\)](#), funds may be used for all of the following activities:

- Increasing annual student admission in nursing programs.

- Enhancing student services to reduce attrition and increase completion, including providing supportive services to enrolled nursing students. See memo [WED 26-47](#) for details on what qualifies as supportive services.
- Offer pre-entry coursework and provide diagnostic assessments to prospective nursing students.

Reporting Requirements

Grantees are required to submit reports in the Chancellor's Office NOVA system on a semi-annual basis, and funds must be expended or encumbered by the end of each activity period. Failure to submit bi-annual reports and/or expenditures less than 50% by July 31, 2027, could result in reduction of funding. Refer to the timeline below for fiscal report due dates. The Chancellor's Office reserves the right to delay distribution of funds until colleges are up to date on previous fiscal reports. Refer to memo [WED 26-47](#) for additional information.

NOVA Deadline	Reporting Type	Activity Period
July 31, 2027	Expenditure and Progress Report #2	Jan. 1, 2027–June 30, 2027
Jan. 31, 2028	Expenditure and Progress Report #3	July 1, 2027–Dec. 31, 2027
July 31, 2028	Expenditure and Progress Report #4	Jan. 1, 2028–June 30, 2028
Aug. 31, 2028	Final Report	Final report of expenditures

PART-TIME FACULTY COMPENSATION

2026–27 Total Allocation

\$26,542,000

Revenue Recognition

Unrestricted, 8610 – General Apportionments

Funding Formula

Funds are allocated to all districts based on a pro rata share of the prior year total full-time equivalent students (FTES). Each district qualifying as a small college district receives a \$50,000 base allocation. The remaining funds are allocated to all districts, including small college districts, based on a pro rata share of prior year total FTES. Funds do not revert and there is no deadline to expend or encumber.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The Budget Act specifies that funds be used to make part-time faculty salaries more comparable to full-time salaries for similar work, as determined through collective bargaining.

Spending Guidelines

Funds are to be spent on part-time faculty salaries. However, if a district achieves parity, its allocation may be used for any other educational purpose.

Reporting Requirements

Whenever a labor contract is settled that covers part-time faculty, districts must report to the Chancellor's Office, on the 311Q- Quarterly Financial Status Update, whether parity has been achieved.

Contact

For questions, please contact Rafael Artiga Meza at (916) 323-6899 or RArtiga@CCCCO.edu or Erick Ramirez at (916) 322-7989 or ERamirez@CCCCO.edu.

PART-TIME FACULTY HEALTH INSURANCE

2026–27 Total Allocation

\$200,490,000 – Ongoing

Revenue Recognition

Unrestricted, 8610 – General Apportionments

Funding Formula

The Part-Time Faculty Health Insurance Program provides reimbursements to districts that establish a part-time faculty health insurance program. The first portion of the reimbursement allocation covers up to 50% of the districts' costs of the individual premiums paid to the health insurance coverage of participating part-time faculty, multidistrict part-time faculty, and their dependents. After the initial allocation of up to 50% of costs, any remaining funds will be allocated to districts who meet the criteria for up to 100% reimbursement listed in guidance memo [FS 22-14](#). In any year where funds provided in the budget are insufficient to cover the total cost of all claims submitted, each district will receive a proportionate share of the available funds. Any funds remaining after all participating district claims have been reimbursed, revert to the State general fund each year.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

This program was established with [Education Code sections 87860–87868](#) for the purpose of providing a state incentive program to encourage community college districts to offer health insurance to part-time faculty.

Spending Guidelines

Health insurance benefits may include dental or vision benefits. Districts that establish a program must negotiate with the exclusive bargaining representative the share of the premium payments not covered by the state.

For this program, the following definitions apply:

- Part-time faculty are those with assignments equal to or greater than 40% of a full-time assignment.
- Multidistrict part-time faculty are those with total teaching assignments at two or more community college districts equal to or greater than 40% of a full-time assignment.

Districts can receive reimbursement for up to 100% of the total cost of health insurance provided to part-time faculty, multidistrict part-time faculty, and their dependents, up to the total cost of the individual premiums paid. For a list of requirements, refer to guidance memo [FS 22-14](#).

Reporting Requirements

Education Code requires districts to submit a Part-Time Faculty Health Insurance claim form to the Chancellor's Office by June 1 annually. Claims are available on the Chancellor's Office [Part-Time Faculty Health Insurance Program webpage](#).

Contact

For questions, please contact Amanda Voie at (916) 323-1759 or AVoie@CCCCO.edu or the Fiscal Standards and Accountability Unit at FiscalStandards@CCCCO.edu.

Additional Resources

[Fiscal Memo FS 22-14: Changes to the Part-Time Faculty Health Insurance Program](#)

PART-TIME FACULTY OFFICE HOURS

2026–27 Total Allocation

\$23,626,000 – Ongoing

Revenue Recognition

Unrestricted, 8610 – General Apportionments

Funding Formula

The Part-Time Faculty Office Hours Program provides reimbursement of no more than 90% of a district's total cost for part-time faculty office hours compensation. When funds provided in the budget are insufficient to cover 90% of all claims submitted, each district is provided a proportionate share of the available funds.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

This program was established with [Education Code sections 87880–87885](#) for the purpose of providing community college students equal access to academic advice and assistance and to encourage community college districts to provide opportunities by compensating part-time faculty who hold office hours related to their teaching load.

Spending Guidelines

To establish a program, a district must negotiate with the exclusive bargaining representative or with faculty, if there is no bargaining unit. Part-time faculty participating in the program must be compensated for at least one office hour for every two or more classes taught per week or 40% of the district-defined full-time load. Part-time faculty may receive office time compensation for each 20% of the district-defined full-time faculty load.

Reporting Requirements

Education Code requires districts to submit a Part-Time Faculty Office Hours claim form to the Chancellor's Office by June 1 annually. Districts participating in the program report the number of eligible part-time faculty, number of eligible office hours, and total compensation for the office hours. Claims are available on the Chancellor's Office [Part-Time Faculty Office Hours Program webpage](#).

Contact

For questions, please contact Amanda Voie at (916) 323-1759 or AVoie@CCCCO.edu or the Fiscal Standards and Accountability Unit at FiscalStandards@CCCCO.edu.

PERKINS V: 1B-GRANTS ALLOCATIONS

2026–27 Total Allocation

\$2,570,001 – One-Time Funds, Regional Consortia Allocations

\$500,000 – One-Time Funds, Non-Traditional Careers and Training Grant Allocations

Revenue Recognition

Restricted, 8170 – Vocational Education

Funding Formula

The Regional Collaboration and Coordination grants were issued through a competitive Request for Application process. The Non-Traditional Careers and Training grants were issued through a non-competitive Request for Application process.

Funding Distribution Method

Funds are disbursed by criteria-based allocation and the invoicing process.

Purpose of Funds

The purpose of the Regional Collaboration and Coordination grants is to fund and support regional infrastructure and operations to provide leadership and coordination of workforce and career education programs within each region and facilitate collaboration and support of the region's member colleges in improving student success and employment outcomes to meet Vision 2030 Goals.

The purpose of the Non-Traditional Careers and Training grant is to allocate funds to meet the federal Perkins requirement for postsecondary institutions to offer services that prepare special population student groups for non-traditional fields. Non-traditional fields are defined as fields in which one gender accounts for less than 25% of those employed in the occupation or field of work. There are five grants that will support colleges improving their non-traditional field preparation core indicator of performance.

Spending Guidelines

The Carl D. Perkins Career and Technical Education Act (Perkins Act) is the primary federal law aimed at developing and supporting career and technical education (CTE) programs for secondary and postsecondary students. Districts must obligate all funds by June 30, 2027. In addition, under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) at 2 CFR §200.344 (b), grantees must liquidate obligations within 60 days of the end of the funding period, unless an extension is approved by the State office. Each grantee is responsible for accounting for the expenditure of the 12-month grant allocation. Federal Perkins V funds cannot be carried into the following fiscal year.

Reporting Requirements

Required reporting is submitted within the Chancellor's Office grant management system, NOVA:

Reporting Date	Reporting Requirement
July 31, 2026	Invoice and Reporting for Quarter 4 Reimbursement
Sept. 1, 2026	Final Report for Non-Traditional Careers and Training Grants
Sept. 30, 2026	Final Report for Regional Collaboration and Coordination Grants
Oct. 31, 2026	Invoice and Reporting for Quarter 1 Reimbursement
Jan. 29, 2027	Invoice and Reporting for Quarter 2 Reimbursement
April 30, 2027	Invoice and Reporting for Quarter 3 Reimbursement
June 30, 2027	Last day to expend or encumber Perkins V funds for 2026–27
July 30, 2027	Invoice and Reporting for Quarter 4 Reimbursement
Sept. 1, 2027	Final Fiscal and Programmatic Report

Contact

For questions, please contact Lupe Maldonado at (916) 322-2798 or LMaldonado@CCCCO.edu.

PERKINS V: POSTSECONDARY ALLOCATIONS

2026–27 Total Allocation

\$62,920,582 – Ongoing

Revenue Recognition

Restricted, 8170 – Vocational Education

Funding Formula

Perkins Title 1C (postsecondary) funds are distributed to eligible community college districts based on their share of unduplicated headcount of economically disadvantaged students enrolled in career technical education (CTE) programs.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

The purpose of these funds is to support programs of study that prepare special population student groups for high-skill, high-wage, or in-demand occupations that will lead to self-sufficiency; prepare CTE participants for non-traditional fields; and provide equal access for special population student groups in CTE programs of study.

Spending Guidelines

Districts must obligate all funds by June 30, 2027. In addition, under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) at [2 CFR § 200.344 \(b\)](#), grantees must liquidate obligations within 60 days of the end of the funding period, unless an extension is approved by the Chancellor’s Office. Each district is responsible for expending the full grant allocation. Perkins V funds cannot be carried into the following fiscal year.

Reporting Requirements

Fiscal and programmatic reporting is required to be submitted within the Chancellor’s Office grant management system, NOVA:

Reporting Deadline	Reporting Type	Activity Period
Sept. 30, 2026	2025–26 Final Report	July 1, 2025–Sept. 30, 2026

PUENTE PROJECT

2026–27 Total Allocation

\$13,326,000 – Ongoing

Revenue Recognition

Restricted, 8690 – Other State Revenues

Funding Formula

Puente Project program funds are disbursed as a 60/40 split between participating colleges and the Puente Project Organization. Colleges will receive 60%, which is \$7,995,000 of the program funds (disbursed from the Puente Project Organization); and the remaining 40%, which is \$5,331,000 of the total allocation, will go to the Puente Project Organization.

Funding Distribution Method

Funds are disbursed through the invoicing process to the Puente Project Organization for distribution to the colleges.

Purpose of Funds

The Puente Project’s mission is to increase the number of students who enroll in colleges and universities, earn college degrees, and return to the community as mentors and leaders to future generations. Puente is open to all students and, in alignment with Vision 2030 goals, advances equity in access, success, and support.

Spending Guidelines

Expenditures must contribute to increasing student engagement and success, supporting course completion, and improving transfer rates for students enrolled in the Puente program. Funds may be used in accordance with the specifications of the agreement. Please note that funds may not be used for student scholarships and cash equivalents, furniture, renovations or construction, financial aid, or political contributions.

Additionally, colleges should refer to local district policies and procedures and consult with the administrator responsible for expenditure approval to determine if the cost is locally permissible. Colleges and districts are ultimately responsible for expenditure decisions; therefore, this responsibility cannot be delegated and should be documented to justify expenses.

Reporting Requirements

The Puente Project Organization requires community college Puente programs to report student participation through the Chancellor’s Office Management Information System

(MIS) with special populations data element SG06 Student Puente Status 30 days after the conclusion of each academic term.

The Puente Project Organization submits annual reports in August that include measurable outcomes – including, increase number of students participants, improve course success rate, decrease average units to degree completion, increase number of students transferring to public and/or private four-year institutions, increase number of awards (degree/certificate) completed – for Chancellor’s Office analysis, status of program objectives and updated program expenditures.

Contact

For questions, please contact Haley Dillon at HDillon@CCCCO.edu or Julia Vergara at Julia.Vergara@Berkeley.edu.

REBUILDING NURSING INFRASTRUCTURE (RNI) GRANT PROGRAM – ROUND TWO

2026–27 Total Allocation

\$58,302,560

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The RNI grants were issued through a competitive Request for Application process. A total of 48 grants were issued for the second round of funding in July 2026 that will end by Sept. 30, 2028.

Funding Distribution Method

Funds are disbursed through the invoicing process.

Purpose of Funds

The purpose of the funds is to:

- Support colleges in advancing nursing education and address workforce needs by developing intersegmental academic partnerships;
- Expand nursing programs at all levels;
- Cultivate and retain qualified faculty;
- Enhance program quality and accreditation;
- Foster student success through comprehensive support and innovative curricula;
- Facilitate seamless degree progression;
- Secure clinical training opportunities.

Spending Guidelines

The grant funds must support costs associated with the RNI Grant legislative priorities listed below and must be tied to outcomes from the approved work plan.

1. Develop or expand bachelor of science in nursing partnerships, including established partnerships with the California State University, the University of California, or independent institutions of higher education.
2. Develop or expand associate degree in nursing programs.

3. Develop strategies for recruiting, retaining, and training high-quality nursing faculty, including, but not limited to, offering incentives, including stipends and flexible working hours, to recruit and retain nursing faculty, and by providing professional development opportunities.
4. Develop strategies for increasing nursing program credentials, including, but not limited to, efforts to address noncompliance issues raised by the Board of Registered Nursing and to obtain accreditation from the Accreditation Commission for Education in Nursing.
5. Develop strategies for engaging and retaining nursing students, including, but not limited to, the integration of high-impact and diversity-, equity-, and inclusion-focused curriculum, the development of apprenticeship opportunities, and the expansion of student support services including basic needs assistance, mental health support, case management, counseling services, and specialized tutoring.
6. Develop strategies that facilitate the increase in the percentage of associate degree nursing to bachelor of science in nursing students, including, but not limited to, the development of strategies that strengthen the high school to community college nursing pipeline.
7. Purchasing equipment for nursing education programs.
8. Developing or scaling efforts that lead to additional clinical placements for nursing students.

Reporting Requirements

Round two grantees are required to submit implementation plans and reporting in the Chancellor's Office NOVA system on a semi-annual basis as follows:

Reporting Deadline	Reporting Type and Activity Period
July 31, 2027	Expenditure and Progress Report covering the period of July 1, 2026–June 30, 2027
July 31, 2028	Expenditure and Progress Report covering the period of July 1, 2027–June 30, 2028
Aug. 31, 2028	Final Report of Expenditures

Contact

For questions, please contact the Nursing and Allied Health Program team at NursingApps@CCCCO.edu.

RIISING SCHOLARS NETWORK (RSN) – 2025–28 ADULT PROGRAMS

2026–27 Total Allocation

\$16,936,678 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Rising Scholars Network 2025–28 Grants for Adult Programs were issued through a competitive Request for Applications (RFA) process.

Funding Distribution Method

Funds are disbursed through the invoicing process.

Purpose of Funds

The Rising Scholars Network aims to enhance the participation and success of justice-involved students in community colleges, aligning with Vision 2030 goals. Key objectives include increasing degree and certificate attainment, boosting transfer rates to four-year institutions, reducing units for associate degrees, and closing equity gaps for formerly and currently incarcerated students.

Spending Guidelines

Colleges may use the funds to support the goals outlined in the RFA, Assembly Bill 417, and in alignment with Vision 2030. The funds should be directed toward initiatives that effectively serve students and enhance their success.

Funds may be used to support activities related to:

- Supporting in-person instruction in prisons, jails, and other correctional facilities.
- Covering program team salaries and benefits, including those for counselors, clerical staff, tutors, student workers, RSN facilitators, and retention specialists.
- Assisting students with transitional support and services to support enrollment and persistence in higher education upon release.
- Offering academic counseling or advising that provides clear pathways.
- Assisting with accessing community resources such as record clearance, housing assistance, mental health support, and social services.

Reporting Requirements

MIS reports are due 30 days after the end of the term.

Grantees are required to report annually on expenditures and program objectives using the Rising Scholars Grant Reporting Portal tool. See the expenditure and objective reporting deadlines in the table below.

Reporting Deadline	Reporting Type
July 1, 2027	Expenditure and Objective Report
July 1, 2028	Expenditure and Objective Report

Contact

For questions, please contact Lisa Gallardo at RisingScholars@CCCCO.edu.

*Remaining funds will be distributed to a college pending Board of Governor's approval.

RIISING SCHOLARS NETWORK (RSN) – JUVENILE JUSTICE GRANT

2026–27 Total Allocation

\$19,257,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The Juvenile Justice grants were issued through a competitive Request for Applications (RFA) process.

Funding Distribution Method

Funds are disbursed on an automatic payment schedule.

Purpose of Funds

These funds aim to increase the participation and success of juvenile justice-involved students in community colleges, increase degree and certificate completions, enhance job-related skills, facilitate transfers to four-year institutions, reduce the average number of units for degree completion, and close equity gaps. The program focuses on on-site programming in juvenile facilities, smooth transitions to college campuses upon release, and fostering college commitment through dedicated staff, spaces, and community partnerships.

Spending Guidelines

Colleges may use the funds to support the goals outlined in the RFA, Assembly Bill 417, and Vision 2030. The funds should be directed towards initiatives that effectively serve students and enhance their success.

Funds may be used to support activities related to:

- Supporting in-person instruction at juvenile facilities, community, and alternative schools.
- Covering program team salaries and benefits, including those for counselors, clerical staff, tutors, student workers, RSN facilitators, and retention specialists.
- Assisting students with transitional support and services to support enrollment and persistence in higher education upon release.
- Offering academic counseling or advising that provides clear pathways.
- Assisting with accessing community resources such as record clearance, housing assistance, mental health support, and social services.

Reporting Requirements

MIS reports are due 30 days after the end of the term.

Grantees are required to report annually on expenditures in NOVA, the Chancellor’s Office grant management system. See the expenditure reporting deadlines in the table below.

Reporting Deadline	Reporting Type	Activity Period
July 31, 2027	Annual Expenditure Report	July 1, 2026–June 30, 2027
July 31, 2028	Annual Expenditure Report	July 1, 2027–June 30, 2028
July 31, 2029	Final Expenditure Report	July 1, 2028–June 30, 2029

RIISING SCHOLARS NETWORK – TEXTBOOKS/DIGITAL COURSE CONTENT (RSN-TDCC)

2026–27 Total Allocation

\$3,000,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Methodology

The RSN-TDCC program provides reimbursement to community college districts that provide textbooks or digital course content to justice-involved students.

Funding Distribution Method

Funds are disbursed through the invoicing process.

Purpose of Funds

The RSN-TDCC initiative provides free textbooks and digital course content to incarcerated or detained students in federal or state prisons, county jails, juvenile facilities, or other correctional institutions. It supports students enrolled in California community college courses leading to program pathways, transfers, career technical education, or improved high school graduation rates.

Reimbursement Guidelines

Colleges supporting justice-impacted students by providing instructional materials can request reimbursement through the RSN-TDCC program. Reimbursement requests are handled in the order they are received and are contingent upon eligibility, state budget appropriations, and available program funds. It is recommended that colleges prioritize using Open Educational Resources (OER) whenever feasible. While reimbursement is not guaranteed, colleges can streamline the process by ensuring their submissions are accurate and comply with program guidelines.

1. Submit reimbursement requests per academic term.
2. Complete the Reimbursement Request (RR).
3. Complete the RSN-TDCC Materials Template, listing qualifying items for the reimbursement request.
4. Attach supporting documents in the order specified on the RSN-TDCC Materials Template.

5. Email the RR, RSN-TDCC Materials Template (as an XLS document) and supporting documents to RSN-TDCC@CCCCO.edu at the end of each academic term. Use the email subject line: “RSN-TDCC: Your College’s Name.”

STUDENT EQUITY AND ACHIEVEMENT (SEA) PROGRAM

2026–27 Total Allocation

\$526,376,950 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Per [Education Code 78222\(c\)\(1\)](#), SEA Program funds were allocated based on the total amount allocated to colleges in 2017–18 for the Student Success and Support Program, Student Equity Plans, and the Student Success for Basic Skills program. Appropriations above the 2017–18 level were allocated to districts proportionally.

Funding Distribution Method

Funds are disbursed to districts through apportionments. Districts determine allocations to their respective colleges.

To ensure districts and colleges had access to SEA funds for July and August 2026, the Chancellor’s Office needed to initiate Advance Schedule Payments using 2025–26 SEA allocation amounts before the enactment of the 2026 Budget Act. Funding amounts will be adjusted during the Advance September Revision to align with the 2026 Budget Act.

Purpose of Funds

The SEA Program supports the California Community Colleges in advancing the systemwide goal to boost achievement for all students with an emphasis on eliminating achievement gaps for students from traditionally underrepresented groups.

Per [Education Code 78222](#), SEA Program funds support all the following:

- Implementing activities and practices pursuant to the California Community Colleges Guided Pathways Grant Program. [Education Code 88921](#).
- Ensuring students complete their educational goals and a defined course of study.
- Providing quality curriculum, instruction, and support services to students who enter college deficient in English and mathematics to ensure these students complete a course of study in a timely manner.

Spending Guidelines

Expenditures of SEA Program funds must be consistent with the goals and activities of the SEA Program and the college’s Student Equity Plan. Prohibited expenditures include gifts, stipends for students, political contributions, course delivery, and supplanting of other

general or categorical funds for similar program activities in place prior to availability of SEA funds. Please refer to the [SEA Program Expenditure Guidelines](#).

Reporting Requirements

On an annual basis, colleges/districts are required to report to the Chancellor's Office how funding was expended in the prior fiscal year as well as progress towards advancing the SEA Program goals outlined above and within each college's Student Equity Plan. The annual SEA Vision-Aligned Reporting (VAR) along with the SEA Supplemental Report embedded in VAR will capture the information needed for SEA legislative reporting requirements.

Please refer to [Education Code 78222](#) for details of reporting elements and [Education Code 78220](#) for details of required items for Student Equity Plans.

Report Type	Reporting Deadline
SEA Vision-Aligned Reporting (VAR) (includes a SEA Supplemental Report embedded in VAR)	Annually Jan. 31, 2027
Student Equity Plan	Every Three Years (2028–31 Student Equity Plan is due by Nov. 30, 2028)

Contact

For questions, please contact SEAProgramInfo@CCCCO.edu, Jenny Saechao at JSaechao@CCCCO.edu, and/or Michael Tran at MTran@CCCCO.edu.

STUDENT FINANCIAL AID ADMINISTRATION (SFAA) AND BOARD FINANCIAL AID PROGRAM (BFAP 2%)

2026–27 Total Allocation

SFAA: \$59,819,000 – Ongoing

- \$45,200,000 – Capacity
- \$14,619,000 – Base

BFAP 2%: \$14,336,600 – Ongoing

Revenue Recognition

SFAA: Restricted, 8620 – General Categorical Programs

BFAP 2%: Unrestricted, 8613 – General Categorical Programs

Funding Formula

The allocation is calculated based on the most recent full-year reconciled Management Information System (MIS) financial aid data identifying unduplicated California College Promise Grant (CCPG) recipients, Pell recipients, and full-time equivalent students (FTES) by college. The formula for allocation has a predominant “fair-share” component to the calculation. As a result, college allocations are contingent upon reported data used in these calculations as it relates to the system-wide aggregated data. Reallocation adjustments may take place in the Second Principal Apportionment (P2) cycle contingent on whether any colleges de-obligate funding on their Mid-Year Report.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

SFAA funds are for the provision of CCPG awards and direct contact with potential and current financial aid applicants. Funds allocated to a community college district must supplement, not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 or 2006–07 fiscal year, whichever is greater.

BFAP 2% provides reimbursement of 2% of total waiver value to community college districts for the provision of CCPG awards.

Spending Guidelines

As a result of the Chancellor’s Office granting authority to colleges to carry over unspent SFAA-BFAP funds into the next fiscal year, the extended three-month deadline for this program now provides for a spending authority period of July 1, 2026 through Sept. 30,

2027, since all colleges must report final 2026–27 SFAA-BFAP expenditures—including carry-over—in SSARCC by the end of October 2027.

Colleges may use SFAA funds for:

- Financial aid professional, technical, clerical, or temporary help (including student help) who report in a direct line to the financial aid director. Funds may not be used for personnel at the Financial Aid Manager or Director level or above.
- Computer hardware or software necessary for and solely dedicated to the delivery of student financial aid.
- Expenses associated with staff training.
- The development and production of financial aid outreach materials.

Use of funds must supplement, not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 or 2006–07 fiscal year, whichever is greater.

Colleges are expected to manage their allocations carefully to ensure full utilization of their funds in the fiscal year. A failure to do so could result in a penalty to future year funding.

Reporting Requirements

- Mid-Year Report via survey
- Annual Student Services Automated Reporting for Community Colleges (SSARCC) Final Expenditures Report
 - The SSARCC Final Expenditures Report for the activity period of July 1, 2026 to Sept. 30, 2027 is due in October 2027.

STUDENT SUCCESS COMPLETION GRANT (SSCG)

2026–27 Total Allocation

\$412,602,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

Allocations are calculated using recent full year reconciled Management Information System (MIS) financial aid data identifying unduplicated SSCG recipients by college:

- 12 to 14.99 units SSCG recipients
- 15+ units SSCG recipients

The formula for allocation has a predominant “fair-share” component to the calculation. As a result, college allocations are contingent upon reported data used in these calculations as it relates to the system-wide aggregated data.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

It is the intent of the SSCG program to support student persistence, retention, and success by providing students additional assistance who are attending at a 12 to 15 plus units per term or 24 to 30 plus units per academic year or quarterly unit equivalent and/or complete their programs in scheduled full-time timeframes, and to offset the total cost of community college attendance.

Spending Guidelines

This funding is a direct aid to students. No spending guidelines outside of SSCG awards are permitted. For additional information, please see the [Implementation Guidelines](#) and [FAQ](#) document on the SSCG Resources page.

UMOJA PROGRAM

2026–27 Total Allocation

\$9,178,000 – Ongoing

Revenue Recognition

Restricted, 8690 – Other State Revenues

Funding Formula

The Umoja program allocation is split between campus programs, the Umoja Community Education Foundation, and Rancho Santiago Community College District. Campus programs are awarded an allocation base of \$50,000, plus a proportional share based on the number of full-time equivalent students served by the Umoja Campus Program for Fall 2023, Winter 2024 (if applicable), and Spring 2024, for a total combined program allocation of \$5,451,930. The Umoja Community Education Foundation is awarded \$3,671,000 of the program allocation. As the fiscal agent, Rancho Santiago Community College District may receive a negotiated amount not to exceed 1% or \$55,070 of the program allocation.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Funds are to expand the Umoja program, build a data support system, target the needs of special populations in the African American community, improve tutoring and mental health resources, enhance STEM/STEAM and career opportunities, and improve outcomes for students enrolled in Umoja campus programs.

Spending Guidelines

Expenditures should aim to increase the number of students enrolled in the Umoja Campus Program, the number of students transferring to four-year colleges/universities, the number of students successfully completing transfer-level English and math, the number of students earning degrees and certificates, and reducing units to completion for students enrolled in an Umoja program at a participating community college.

Funds may be used in accordance with the specifications of the agreement. Please note that funds may not be used for capital outlay construction, remodeling or lease of facilities, student basic needs, or financial aid to students. Additionally, colleges should refer to local district policies and procedures and consult with the administrator responsible for expenditure approval to determine if the cost is locally permissible. Colleges and districts are ultimately responsible for expenditure decisions; therefore, this responsibility cannot be delegated and should be documented to justify expenses.

Reporting Requirements

VETERANS RESOURCE CENTER (VRC)

2026–27 Total Allocation

\$10,822,000 – Ongoing

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

The funding formula is as follows: \$2 million in base allocation plus \$8,822,000 proportionately distributed based on student headcount for Management Information System (MIS) data elements SG01 and SG02.

2026–27 is the first year of implementing the new data set utilizing MIS data elements SG01 and SG02. To support colleges through this transition to the new methodology, allocations are protected at 90% of each college's prior year funding level. A phased implementation approach will continue through fiscal year 2028–29, with allocation protections gradually reduced over the three-year transition period.

Funding Distribution Method

Funds are disbursed through apportionments.

Purpose of Funds

Funds are provided for colleges to establish and maintain a high-functioning, student-centered VRC.

Spending Guidelines

Annual allocations of funds under this program may only be used toward meeting or making progress toward meeting the [VRC Minimum Standards](#) established by the Chancellor's Office.

Reporting Requirements

- Annual MIS Reporting [SG01](#) and [SG02](#)
- Annual [Veterans Affairs education benefit student certifications report](#) due May 1, 2027
- Annual VRC Expense Report
 - [2025–26 Expense Report](#) due Sept. 30, 2026
 - [2026–27 Expense Report](#) due Sept. 30, 2027
- Annual Vision-Aligned Reporting (VAR) due Jan. 31, 2027.

Contact

For questions, please contact Heather McClenahen at HMcClenahen@CCCCO.edu.

ZERO TEXTBOOK COST (ZTC) DEGREE GRANT PROGRAM

2022–25 Total Allocation

\$115,000,000 – Planning/Implementation, Acceleration, Acceleration II, Impact, and Open Educational Resources (OER) Expansion Grants

Revenue Recognition

Restricted, 8620 – General Categorical Programs

Funding Formula

All colleges received \$20,000 for the Planning Grant in June 2022 and \$180,000 for the Implementation Grant in March 2023 for development and implementation of at least one ZTC degree or Career and Technical Education (CTE) certificate program pathway. ZTC Acceleration Grants of up to \$200,000 were awarded to colleges that applied in Fall 2023 (see memo [ESS 23-37](#)) and met legislative requirements. Acceleration II, OER Expansion, and ZTC Impact Grants were available in NOVA until Dec. 16, 2024 (see memo [ESLEI 24-30](#)). The final ZTC 2025 allocation of \$320,000 ([ESLEI 24-71](#)), awarded in February 2025, may be used to backfill previously awarded Acceleration Grants that were funded at less than \$200,000 and/or to support new ZTC Acceleration II or ZTC Impact Grants.

No additional funds are expected to be disbursed for the ZTC Degree Grant Program.

Funding Distribution Method

Funds were disbursed via apportionments.

Purpose of Funds

The intent of the legislation is for community colleges to develop and implement ZTC degrees and CTE certificates that are non-duplicative, sustainable, and reduce the overall cost of education for students and decrease the time it takes students to complete degree and CTE certificate programs.

Spending Guidelines

Funds may only be used toward development and implementation of ZTC degrees or CTE certificate pathways in accordance with the authorizing legislation. Grant recipients may use funds to obtain professional development and technical assistance to assist in the development of degrees. Funds cannot be used toward activities outside the development and implementation of ZTC program pathways; however, reasonable and justifiable indirect costs are allowed.

Reporting Requirements

The final ZTC data report and fiscal report are due Jan. 29, 2027, for the comprehensive reporting period of Jan. 1, 2022–Dec. 31, 2026.

Contact

For questions, please contact Chad Funk at CFunk@CCCCO.edu.

*ZTC 2025 allocation is included in the Impact Grant phase but can be distributed to other ZTC phases with approval from the Chancellor's Office.

Ongoing Reporting Requirements

The programs below do not have new allocations for 2026–27 but have ongoing reporting requirements.

COMMON COURSE NUMBERING (CCN)

Expenditure Deadline: To be determined

Reporting Requirements: The Final Expenditures Report is due July 31, 2027. The report will be administered through an online survey and must describe how funds were used for each allowable purpose, as well as provide details on the progress and effectiveness of the implementation efforts. For more information, visit the [CCN website](#).

Contact: CCN@CCCCO.edu

EQUITABLE PLACEMENT AND COMPLETION GRANT PROGRAM

Expenditure Deadline: June 30, 2027

Reporting Requirements: Colleges are required to submit the following reports: The Spring 2027 Progress Report due March 15, 2027, and the Final Expenditures Report due Dec. 31, 2027. Detailed instructions, reporting templates, and submission guidance will be provided in advance of each reporting deadline.

Contact: Chantée Smith at AB1705@CCCCO.edu

HIRE UP PILOT PROGRAM

Expenditure Deadline: June 30, 2028

Reporting Requirements: Participating districts are required to report data to the Chancellor's Office annually. Data collected through the 2025–26 academic year must be reported through the secure Hire UP Portal. Beginning with 2026–27, colleges will transition to reporting data through MIS, using Data Element (P01) as the pilot program identifier and code "HUP." Colleges must continue to submit outcome data related to employment, additional education, and business startups/entrepreneurship through the Hire UP Portal. This information is collected through student surveys and is required to supplement available MIS data.

Contact: Mario Garza at MGarza@CCCCO.edu or (916) 445-0487

STUDENT TRANSFER ACHIEVEMENT REFORM ACT OF 2021 (AB 928)

Expenditure Deadline: Dec. 31, 2027

Reporting Requirements: The due date for final reporting of expenditure information will be determined at a later date.

Contact: Transfer@CCCCO.edu

Appendices

APPENDIX A: EFFECTIVE USE OF PROPOSITION 98 FUNDS AND IMPACT TO CATEGORICAL FUNDS

This section describes the Chancellor's Office's policy regarding the spending down of Proposition 98 funds at the local level. For Proposition 98 funds without specific statutory or programmatic expenditure deadlines issued by the Chancellor's Office, districts are not required to spend down Proposition 98 funds within the same year of allocation. In such cases, colleges no longer need to make carryover requests for unspent funds from year to year to the Chancellor's Office.

The Chancellor's Office will inform districts via guidance when expenditure deadlines apply. For example, the Chancellor's Office issued guidance memos for certain grants and Workforce and Economic Development programs, including details such as expenditure deadlines. Additionally, for grants funded by the Chancellor's Office, unless otherwise specified, colleges may request for grant extensions where applicable, via their program monitors.

This policy change reaffirms the Chancellor's Office's commitment to subsidiarity and providing colleges with maximum flexibility to support student success. At the same time, it is important to note that the Chancellor's Office has an obligation and responsibility to provide oversight for all encumbered Proposition 98 funds. It must and will continue to ensure colleges are spending funds in a reasonable amount of time and doing all possible to address student and local needs with these dollars. As a result, the Chancellor's Office strongly encourages and requests college districts to apply the following principles when making decisions on Proposition 98 funds allocated to them:

- Colleges should do all possible to spend down funds within the same year allocated to advance the intended purposes of the respective programs, even if not specifically required.
- If funds are not fully expended within the same year of allocation, the remaining funds should be the first funds expended in the following year.
- Funds should be prioritized to maximize services to students, including, where allowable, in the form of direct aid to students.

The Chancellor's Office will closely monitor colleges' spending and reach out to college program contacts to discuss options if funds are not fully expended within a reasonable amount of time. It reserves the right to take actions, including holding back subsequent year allocations, to avoid the unreasonable accumulation of funds.

This policy change does not impact the spend down rules of any non-Proposition 98 funds or statutorily required spend down rules. It also does not impact any program specific

reporting and other deadlines. The Chancellor’s Office is committed to supporting the field in its implementation of this updated policy and will provide additional guidance and technical assistance. Please feel free to contact your Chancellor’s Office program representative with any questions.

Program directors are encouraged to work with their district and college business office to ensure that prior year funding is expended before current fiscal year allocations. Please see the chart below for more detail on categorical programs with specific expenditure guidelines.

Prop 98 Categorical Programs Expenditure Guidelines

Categorical programs with specific expenditure deadlines called out in statute are described below.

Program	Impact
Basic Needs Center	If funds are not fully expended after two years from the initial allocation date, the Chancellor’s Office may request a budget plan of action to ensure funds are fully utilized.
Basic Needs Services – One-Time Payment: Phase Two Funding	If funds are not fully expended after two years from the initial allocation date, the Chancellor’s Office may request a budget plan of action to ensure funds are fully utilized.
California College Promise (AB 19)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are utilized to support students. Promise funds may be used as direct aid to students, so colleges should assess and address any unmet needs of their current students.

Program	Impact
CalWORKs	CalWORKs funding consists of Proposition 98 funds and federal TANF funds. If Proposition 98 funds are not fully expended by the end of the second year of the allocation, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Federal TANF funds cannot be carried into the following fiscal year and must be spent in the fiscal year in which they are allocated. Proposition 98 Work-Study funds from your college's original allocation that are carried into the following fiscal year cannot be transferred and must remain in Work-Study. Year-end expenditure reports will still be due annually.
Campus Childcare Tax Bailout	Funds must be used only for the purpose of community college childcare and development programs and should be maximized each year to meet the childcare needs of current students.
CARE (Cooperative Agencies Resources for Education)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Year-end expenditure reports will still be due annually.
COVID Recovery Block Grant	There is no legislative deadline to expend the funds.
DSPS (Disabled Student Programs and Services)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. College effort will continue to be considered as an annual contribution based on the fiscal year in which funds are allocated. Access to Print (ATP) funds spent in the second fiscal year must still be applied to applicable allowable expenditures. Deaf and Hard of Hearing (DHH) funds spent in the second fiscal year must still apply to DHH allowable expenditures with a 4:1 match. Year-end expenditure reports will still be due annually.
Dream Resource Liaisons Support Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are fully utilized to support undocumented students.

Program	Impact
EOPS (Extended Opportunity Programs and Services)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Colleges must meet minimum obligations for district match, category C and textbook expenditures within the fiscal year the funds are allocated. Year-end expenditure reports will still be due annually.
Financial Aid Technology Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Colleges are still required to report final expenditure annually in SSARCC.
FKCE (Foster and Kinship Care Education)	FKCE funding consists of Proposition 98 funds and Federal Title IV-E funds. If Proposition 98 funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Federal Title IV-E funds cannot be carried into the following fiscal year.
HHIP (California Community Colleges Homeless and Housing Insecurity Pilot)	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students. Final year-end expenditure information will still be due annually on year-end reports.
Mental Health Program	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are utilized. If after three years fiscal years, there are remaining funds, the Chancellor's Office may pull back funds to re-distribute systemwide.

Program	Impact
NextUp	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support foster youth. Final year-end expenditure reports will still be due annually. NextUp coordinators are encouraged to work with their district/college business office to ensure that prior year funding is expended before current fiscal year allocations.
Part-Time Faculty Compensation	If a district achieves parity, its allocation may be used for any other educational purpose.
Physical Plant and Instructional Support	The 2022 Higher Education Trailer Bill (AB 183, SEC. 55, 2022) requires the funds for Physical Plant and Instructional Support to be encumbered or expended by June 30, 2027.
Retention and Enrollment Outreach	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may request a budget plan of action to ensure funds are fully utilized.
SEA (Student Equity and Achievement) Program	The existing two-year expenditure cycle for the SEA Program annual allocations will remain unchanged. Expenditures will continue to be reported in NOVA for term-end expenditure reporting and the SEA Annual Report.
SFAA-BFAP (Student Financial Aid Administration – Board Financial Aid Program)	If funds are not fully expended within the same year of allocation, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support financial aid office administration. Colleges are still required to maintain a minimum Maintenance of Effort (MOE) financial aid administrative annual spending level as specified in the budget act. Any college that fails to meet the MOE in any fiscal year is subject to a dollar-for-dollar penalty against the college's BFAP 2% funding (unrestricted) in current and future years. Annual reporting of final expenditures in SSARCC is required.

Program	Impact
SSCG (Student Success Completion Grant)	Colleges are expected to award and disburse SSCG funds to all eligible Cal Grant B and C students during the year funds are allocated. At the end of the award year, colleges should reevaluate student eligibility to determine if students are eligible for the maximum SSCG award amount based on the number of units completed. In the case where there are more funds than eligible students, colleges are expected to spend all funds within two years from the year in which SSCG funds are allocated. If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office may reallocate undisbursed funds or request a budget plan of action to ensure funds are fully utilized to support students.
VRC (Veterans Resource Center) Funds	If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are fully utilized to support veteran students.

The Chancellor's Office is committed to supporting the field in its implementation of this updated policy and will provide additional guidance and technical assistance as needed. Please feel free to contact your Chancellor's Office program representative with any questions.

APPENDIX B: SUMMARY OF PROGRAM ACCOUNTING

2026–27 Program Accounting Summary

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Access to Print and Electronic Information	Jennifer Tabb JTabb@CCCCO.edu (916) 324-6073	Ongoing	Restricted 8620	Calculation was made by giving each college \$10K then splitting the rest based on overall student count from prior-prior MIS data.	N/A	N/A	Year-end expenditure reporting due each fall. Reported through SSARCC.
Affordable Student Housing Grants – Construction Grants	Ronnie Slimp RSlimp@CCCCO.edu (916) 327-4415	Ongoing	Restricted 8620	Funding for state approved Affordable Student Housing Construction Program to be supported through a Statewide Lease Revenue Bond. Intersegmental projects are to be funded through CSU or UC partner's lease revenue bond issuances. Santa Rosa Junior College and Napa Valley College remain funded through individual appropriations as approved by Legislature.	N/A	TBD	TBD
Affordable Student Housing Grants – Planning Grants	Ronnie Slimp RSlimp@CCCCO.edu (916) 327-4415	Ongoing	Restricted 8620	Individual appropriations as approved by Legislature.	N/A	June 30, 2027	TBD
African American Male Education Network Development (A²MEND) Program	Kathy Carroll KCarroll@CCCCO.edu	Ongoing	Restricted 8690	The program allocation is split with 60% awarded to participating colleges (Charter) as a grant and 40% awarded to the A²MEND Organization (Vendor). Charters receive a \$10,000 base award amount plus a proportional share.	N/A	June 30, 2026	College Reporting: Report student participation through COMIS due 30 days after the end of each academic term. Final report due July 31, 2026. Vendor Reporting: Progress Report due Dec. 31, 2025. Final Report due June 30, 2026.

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Apprenticeship Allowance Related and Supplemental Instruction (RSI)	Dalbir Singh DSingh@CCCCO.edu (916) 323-5863; Sabrina Lopez SLopez@CCCCO.edu (916) 323-1268; Krista Duffy KDuffy@CCCCO.edu (916) 327-5884	Ongoing	Unrestricted 8610	Reimbursement-based system through which Local Education Agencies report seat time hours for each apprentice, paid at a specified hour rate effective July 1.	N/A	N/A	Quarterly and annual fiscal and programmatic reporting.
Asian American, Native Hawaiian, and Pacific Islander Student Achievement Program (AANHPI SAP)	Michael Tran MTran@CCCCO.edu (916) 322-5099	Ongoing	Restricted 8620	Each of the 51 eligible colleges will receive an equal amount of \$100,000. The remaining funding is allocated based on the following: -75% based on each college's share of total AANHPI headcount -25% based on the number of each college's total AANHPI students who received a Pell Grant.	N/A	N/A	Program Plan due each Academic Year. Central Office will notify program staff. Annual VAR is due Jan. 31, 2027. Central Office will notify program staff for due date.
Basic Needs Center	Colleen Ganley CGanley@CCCCO.edu (916) 323-3865	Ongoing	Restricted 8620	Each college receives \$130k. The remaining balance is distributed as follows: 50% allocated on share of total headcount and 50% allocated on share of Pell recipients.	N/A	N/A	Term reporting in MIS Program. Annual Fiscal Report due Sept. 22, 2027. Annual VAR due Dec. 17, 2027.
Basic Needs Center - Classified Employee Food Pantry Access Pilot Program	Colleen Ganley CGanley@CCCCO.edu (916) 323-3865	Year one of two-year pilot program	Restricted 8620	Allocations are based on total headcount plus the percentage of Pell grant recipients at each institution.	N/A	N/A	Annual Fiscal Reports due Oct. 15, 2027. Annual Chancellor's Office survey at the end of the academic year for each year of the pilot program.
Board Financial Aid Program (BFAP 2%)	Ruby Nieto RNieto@CCCCO.edu (916) 322-4300	Ongoing	Unrestricted 8613	Allocation calculated based on recent full year reconciled MIS financial aid data identifying unduplicated CCPG recipients by college. See Allocation Methodology for details.	Yes. See Maintenance of Effort (MOE).	Sept. 30, 2027	BFAP-SFAA Form 2: Mid-Year Report for P2 adjustments. BFAP-SFAA Form 3: Annual Report – This is a Final Expenditures Report in SSARCC.

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
California Adult Education Program (CAEP)	Gary Adams GAdams@CCCCO.edu (916) 322-7079; Mayra Diaz MDiaz@CCCCO.edu (916) 327-5357	Ongoing	Restricted 8620	Funds are determined in alignment with Education Code Section 84914(b) and distributed based on the region's share of the statewide need for adult education, to support activities listed in their approved annual adult education three-year plan.	N/A	30-month expenditure spenddown - Dec. 31, 2027	Consortium certified quarterly fiscal reporting into NOVA, student data reporting (quarterly or semester based), annual allocations, annual governance structure, various plan submissions: including long range (every 3 years), annual, district level work plan and budget.
California Apprenticeship Initiative (CAI) New and Innovative Grant Program	Dalbir Singh DSingh@CCCCO.edu (916) 323-5863; Sabrina Lopez SLopez@CCCCO.edu (916) 323-1268; Krista Duffy KDuffy@CCCCO.edu (916) 327-5884	Ongoing	Restricted 8652	Competitive grant award.	N/A	N/A	Quarterly fiscal and programmatic reporting
California College Promise Program	Mario Garza MGarza@CCCCO.edu (916) 445-0487	Ongoing	Restricted 8620	Based on 1) Number of first-time, full-time non-California College Promise Grant students from the prior-prior year and the prior-prior-prior year. For example, for 2020–21, data from 2018–19 and 2017–18 is used. If there are remaining funds after (1) is calculated then, the remainder is split between (2) Pell Grant (90%) and (3) FTEs (10%).	N/A	N/A	Annual MIS Reporting. Annual VAR is due Dec. 17, 2027.
California Work Opportunities and Responsibility to Kids (CalWORKs)	Nicole Alexander NAlexander@CCCCO.edu (916) 324-7913	Ongoing	Restricted 8620 TANF – Restricted 8140	Each college receives a base allocation of \$125,000, the remaining funds distributed based on prior-prior year MIS CalWORKs enrollment data. Programs are guaranteed 95% of prior year allocation.	25% employer match required for work-study wages.	TANF funds must be spent by June 30, 2027.	Annual SSARCC expenditure report due Sept. 15, 2027. Annual MIS reporting due Aug. 1, 2026. Annual VAR due Jan. 31, 2027.

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
Campus Childcare Tax Bailout	Rina Rojas RRojas@CCCCO.edu (916) 324-2564	Ongoing	Restricted 8620	Funds will be allocated by the chancellor to community college districts that levied childcare permissive override taxes in the 1977–78 fiscal year in an amount proportional to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its childcare and development program, increased or decreased by any cost-of-living adjustment granted in subsequent fiscal years.	N/A	N/A	N/A
California College Promise Grants (Formerly known as BOG Fee Waiver)	Ruby Nieto RNieto@CCCCO.edu (916) 322-4300; Natalie Wagner NWagner@CCCCO.edu	Ongoing	Restricted 8620	There is no allocation for this because it is an entitlement program for students.	N/A	N/A	Annual MIS Reporting.
Classified Employee Summer Assistance Program	Rafael Artiga Meza RArtiga@CCCCO.edu (916) 323-6899; Avita Hang AHang@CCCCO.edu (916) 324-9794	Ongoing	Restricted 8650	The program provides up to a dollar-for-dollar match in amounts withheld from a participating district's classified employees' monthly paychecks. The withheld pay and state match funds will be paid to eligible employees in the summer months following the academic year.	Dollar-for-dollar match depends on the available funds each year.	Leftover funds can be used to cover expenditures for the following fiscal year.	Districts submit the reporting form by April 1 to elect to participate in the program for the following academic year. Participating districts must request payment from the Chancellor's Office on or before July 31 following the academic year the program was operative.
Common Course Numbering (CCN)	CCN@CCCCO.edu	One-Time	Restricted 8620	CCN funds were disbursed through apportionments in 2024–25, following comprehensive planning for statewide implementation.	N/A	To Be Determined	Survey to be completed by July 31 of each year through 2027.
Community College Mandated Programs Block Grant	Wendy Lozoya WLozoya@CCCCO.edu (916) 327-5906	Ongoing	Restricted 8685	Community college districts that elect to participate in the Mandated Programs Block Grant, receive funds based on the funded full-time	N/A	N/A	None.

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
				equivalent student (FTES) calculated as of the second principal apportionment from the previous fiscal year multiplied by the current rate per FTES.			
Cooperative Agencies Resources for Education (CARE)	Carina Gillis CGillis@CCCCO.edu (916) 327-5486	Ongoing	Restricted 8620	Each college receives a base allocation of \$30,000, the remaining funds distributed based on the number of CARE students served. If the program receives a cost of living adjustment, all programs receive an equal amount based on the funding formula. Finally, each college is protected at 90% of their prior year allocation. If funds are not fully expended after two years from the initial allocation date, the Chancellor's Office will request a budget plan of action to ensure funds are spent in a timely manner to support students.	N/A	N/A	Annual MIS reporting due Aug. 1, 2026. Annual SSARCC Final Expenditures reporting due Sept. 15, 2026. Annual VAR due Jan. 31, 2027.
COVID Recovery Block Grant	Lorena Romero LRomero@CCCCO.edu	One-Time	Restricted 8690	Actual reported 2021–22 P2 FTES	N/A	N/A	Reports on Part-Time Faculty Health Insurance metrics were due March 1, 2026.
Credit for Prior Learning (CPL)	Mari Estrada MEstrada@CCCCO.edu (916) 327-5353	One-Time	Restricted 8620	The program allocation is \$50,000 for each participating college and noncredit institution.	N/A	June 30, 2028	Colleges should submit a final report of expenditure of funds that lists the expenditure budget categories and a brief description of the positions and activities funded, and the summary progress toward achieving the three CPL priorities. Details about the reporting requirements will be communicated at a future date. Each college must report their CPL data into the

Program Name	Program Contact	Ongoing or One-Time	Revenue Control	Allocation Methodology	Match Requirement	Expenditure Deadline	Reporting Requirements
							Chancellor's Office's Management Information System 30 days after the end of each academic term.
Deaf and Hard of Hearing	Jennifer Tabb JTabb@CCCCO.edu (916) 324-6073	Ongoing	Restricted 8620	\$9.6 million allocated based on unmet need for serving deaf and hard of hearing students.	4:1 match	N/A	Year-end expenditure reporting due each fall. Reported through SSARCC.
Direct Assessment Competency-Based Education (CBE) Collaborative	Michael "Billy" Wagner MWagner@CCCCO.edu (916) 322-0833	One-Time	Restricted 8690	An equal augmentation of \$500,000 will be made to each of the remaining pilot colleges in the Direct Assessment CBE Collaborative.	N/A	Dec. 1, 2027	N/A
Disabled Student Programs and Services (DSPS)	Jennifer Tabb JTabb@CCCCO.edu (916) 324-6073	Ongoing	Restricted 8620	There is a \$200,000 base for each college. The remaining funds are broken into headcount (90% of the funding) and expanded college effort (10% of the funding). This is year four of the five-year phased-in approach that puts into place protections and growth caps for colleges as the new funding formula is implemented.	N/A	N/A	Year-end expenditure reporting due each fall, reported through SSARCC. Annual VAR is due on Jan. 31, 2027.
Dream Resource Center Emergency Funds	Haley Dillon HDillon@CCCCO.edu ; AB540@CCCCO.edu	One-Time	Restricted 8620	Divides the \$14,550,000 into two factors: Factor 1: 50% base allocation divided by 115 colleges. Factor 2: divides 50% by student headcount.	N/A	N/A	Year-end expenditure report due date is to be determined.
Dream Resource Liaisons Support Funds (UndocuLiaisons)	Haley Dillon HDillon@CCCCO.edu ; AB540@CCCCO.edu	Ongoing	Restricted 8620	Divides the \$11.6 million into 2 factors: Factor 1 - Base allocation \$5.8 million divided by 115 colleges. Factor 2 - divides \$5.8 million by student headcount.	N/A		The Chancellor's Office requires a brief report summarizing expenditures, aggregate participant counts, and the activities and services provided during the 2026–27 academic year. The report will be due to the Chancellor's Office on Dec. 1, 2027.
