RE: Strong Workforce Program Fiscal Year 2026–27 Allocation Supplemental Funding

The Strong Workforce Program (SWP) supports the development of high-quality career education pathways that respond to regional workforce needs and improve student employment outcomes. Consistent with Education Code Part 54.5, SWP investments should strengthen workforce alignment, support regional economic vitality, expand employer engagement, and increase access to careers leading to living wages and economic mobility. Colleges and regional consortia should ensure SWP-funded activities contribute to measurable student and workforce outcomes.

The purpose of this memorandum is to announce supplemental funding to partially backfill the Strong Workforce Program funding for 2026–27 and to provide SWP planning and reporting timelines. The Chancellor’s Office is required in [Education Code Section 88825](#) to provide to the Department of Finance and the Legislative Analyst’s Office its recommendations for the allocation of funds available for each consortium no later than Aug. 30 of each year.

2026–27 Funding Allocations per Budget Act of 2024/2026

The Budget Act of 2024 ([Senate Bill 108](#)) outlined the funding to be made available for the Strong Workforce Program 2026–27 as follows:

- **\$290,400,000** shall be available to support the Strong Workforce Program pursuant to Part 54.5 (commencing with [Section 88820](#)) of Division 7 of Title 3 of the Education Code.
- Of this amount, **\$60,000,000** shall be available to support the Rebuilding Nursing Infrastructure (RNI) Grant Program.
- The **FY2026–27** Enacted Budget ([Senate Bill 111](#)) included a **one-time \$15,757,000** supplement partially recovering funds redirected to RNI.

2026–27 SWP Funding Allocation Breakdown

The 2026–27 allocation funding will be distributed during the [Advance Apportionment \(AD\)](#) payment cycle.

Total Funding for Distribution: **\$234,637,000**

- **\$117,318,500** 26–27 Base Local Share Distribution (60%)
- **\$78,212,333** 26–27 Base Regional Share Distribution (40%)
- **\$23,463,700** 26–27 17% Local Share Distribution
- **\$15,642,467** 26–27 17% Regional Share Distribution

2026–27 Funding Formula

For FY2026–27, the allocations incorporated:

- Annual unemployment data for 2025 calendar year. Source: EDD/LMID.
- CE FTES for 2024–25 program year. Source: CCCCCO Datamart
- Annual job growth projected to 2027. Source: Lightcast, Datarun: 2026.2 – QCEW Employees, Non-QCEW Employees, and Self-Employed

The local and regional base allocations are derived from a formula that incorporates career education FTES, unemployment conditions, and projected job growth. A portion of SWP funding is distributed through the 17 percent incentive allocation. These funds are intended to recognize district and regional performance on workforce and student success outcomes established through statewide accountability measures.

2026–27 Program Planning and Reporting

SWP spending plans for 2026–27 must be submitted and certified in [NOVA](#) by no later than **5 p.m.** on **Oct. 30, 2026**. Please ensure that your local and regional plan approval processes are completed by the above deadline. Districts and regions will have 24 months to expend 2026–27 allocation funding and are expected to report their expenditures for the 2026–27 allocation on the following dates:

Reporting Deadline	Reporting Type	Activity Period
Feb. 15, 2027	Q2 Fiscal and Programmatic	July 1, 2026–Dec. 31, 2026
Aug. 15, 2027	Q4 Fiscal and Programmatic	Jan. 1, 2027–June 30, 2027
Feb. 15, 2028	Q2 Fiscal and Programmatic	July 1, 2027–Dec. 31, 2027
Aug. 15, 2028	Q4 Fiscal and Programmatic	Jan. 1, 2028–June 30, 2028
Sept. 15, 2028	Final Report	July 1, 2026–June 30, 2028

Extensions beyond the 24-month expenditure timeframe will not be considered. Any unspent funds remaining after final reporting will be subject to return to the Chancellor’s Office.

Project Plan Requirements

As a condition of receiving Strong Workforce Program funds, colleges and regional consortia should ensure proposed activities are aligned with regional workforce priorities, labor market demand, and consortium planning processes. Regional projects should demonstrate collaboration among colleges, industry, workforce-development partners, K–12 education, and other stakeholders.

In addition, SWP project plans should demonstrate alignment with documented labor market demand, regional workforce priorities, and employer engagement activities. Plans should clearly explain how proposed investments support high-demand, high-wage, or high-growth occupations within the region and how activities will contribute to improved student and workforce outcomes.

Project plans should identify measurable objectives, describe expected outcomes, and include strategies for continuous improvement informed by local and regional performance data.

Guidance for project plan requirements is outlined in the [Project Plan Development Workshop presentation](#).

Expanded Uses of Strong Workforce Program

As outlined in [memo 23-023 sent on Sept. 22, 2023](#), the 2023–24 enacted State budget included expanded uses for SWP funding as outlined in [Education Code Section 88825](#). SWP funds apportioned directly to a community college district may be used for all the following:

- i.** Providing funds for student grants to cover fees for third-party certification and licensing*.
 - a.** *The intent of the Chancellor’s Office is not to impact a student’s financial aid award. Therefore, our guidance is for colleges to procure vouchers for third-party certification or licensing fees as instructional supplies or materials and maintain records of students who receive these vouchers. Procurement of third-party certification or license fee vouchers should be associated with enrollment in a capstone course for a student completing a certificate and or degree in a Career Education pathway.
- ii.** Enhancing student services to support retention, work experience, and job placement.
- iii.** Providing students with an integrated educational program that connects academic curricula to applied and experiential learning in the workplace, including, but not limited to, work-based learning programs and models.

Strong Workforce Program Work-based Learning (WBL) Opportunities

Under [AB 323](#), colleges may use SWP funds to provide direct financial support for paid WBL experiences, including apprenticeships, internships, externships, and student-run enterprises. These opportunities are intended to improve employability and employment outcomes for students enrolled in SWP programs. Colleges are encouraged to design WBL programs that align with regional labor market needs and to prioritize equitable access for underrepresented and economically disadvantaged students.

Allowable uses of SWP funds include compensating students for participation in WBL, offsetting employer costs associated with hosting students in paid roles, and supporting program infrastructure necessary to facilitate WBL, such as coordination and compliance monitoring. All expenditures must comply with SWP fiscal guidelines and relevant Education Code provisions. Colleges must also ensure adherence to applicable labor laws, wage and hour regulations, and institutional risk management policies.

Revised 2026–27 Allocation Tables

The appendices following the memo include the local and regional base allocations for 2026–27.

Appendix A – SWP District Local Allocations

Appendix B – SWP Regional Allocations

Appendix C – SWP Local 17% Incentive Funding Allocations Breakdown by College

Contacts

For questions regarding the allocations, please send an email to the Strong Workforce Program Helpdesk at StrongWorkforceHelpDesk@CCCCO.edu.
