INFORMATIVE DIGEST

This proposed regulatory action seeks to provide technical revision and cleanup to two provisions regarding residency exceptions. Specifically, this regulation

amends sections 54050 and 58620 of title 5 of the California Code of Regulations.

The Education Code contains a number of provisions for exceptions to residency requirements for military and veterans. These exceptions are reflected in certain regulations. This proposed regulatory change would add two referenced Education Codes which provide specific military exceptions, including one that was amended by a recently enacted bill. These revisions will provide clarity for the field with respect to residency requirements, including for the California College Promise Grants.

ESTIMATED COST OR SAVINGS OF PROPOSED AMENDMENTS

The estimated cost or savings attributable to the proposed regulatory action are anticipated to be as follows:

Mandate on local agencies or community college districts: *None*.

Cost or savings to state agencies: *None.*

Costs to local agencies or community college districts for which reimbursement would be required pursuant to part 7 (commencing with section 17500) of division 4 title 2 of the Government Code: *None*.

Other non-discretionary cost or savings imposed on community college districts: *None*.

Cost or savings in federal funding to state agencies: *None.*
