# Q&A

# APPENDIX

**The application as it describes the applicant's career technical education program, as applicable, shall meet all of the following minimum eligibility standards:**

- ✓ Is informed by, aligned with, and expands upon regional plans and planning efforts occurring through the Strong Workforce Program. 
- ✓ Offers high-quality curriculum and instruction aligned with the K12 California career technical education model curriculum standards, including, but not limited to, providing a coherent sequence of career technical education courses that enable pupils to transition to postsecondary education or training programs that lead to a career pathway or attain employment upon graduation from high school. 
- ✓ Provides pupils with quality career exploration and guidance. 
- ✓ Provides pupil support services, including, but not limited to, counseling and student leadership development. 

- ✓ Provides opportunities for pupils to participate in after school, extended day, and out of-school internships, competitions, and other work-based learning opportunities.
- ✓ Leads to an industry-recognized credential or certificate, or appropriate postsecondary training or employment.
- ✓ Is staffed by appropriately credentialed teachers or faculty and provides professional development opportunities for those teachers or faculty members.
- ✓ Reports data that can be used by policymakers, local educational agencies, community college districts, and their regional partners to support and evaluate the program, including, to the extent possible, demographic data used to evaluate progress in closing equity gaps in program access and completion, and earnings of underserved demographic groups.

# A Different Distribution Approach

- ✓ Funds are ongoing, and the CCCCCO portion will be allocated to the strong workforce program regions based on labor market need, enrollments, and student outcomes, rather than putting out an RFP
- ✓ Project plans and budget proposals are very simple: first round may use google doc format for plan input, with the eventual development of NOVA for reporting of fund use and analytics

# Project Proposal Criteria

**When determining project allocations under the K-12 component of the Strong Workforce Program, the K-12 Selection Committee shall:**

1. Give positive consideration to each of the following characteristics in an applicant:
  - (A) Aligned programs serving unduplicated pupils
  - (B) Programs that the K-12 Selection Committee, in consultation with the consortium, determines most effectively meet the needs of the local and regional economies.
  - (C) Programs serving pupils that have higher than average dropout rates
  - (D) Programs located in an area of the state with a high unemployment
  - (E) Written in Local Control Accountability Plans

# Project Proposal Criteria

**When determining project allocations under the K-12 component of the Strong Workforce Program, the K-12 Selection Committee shall:**

1. Give positive consideration to programs that:
  - (A) Successfully leverage existing structures, requirements, and resources of Perkins, the partnership academies program, workforce development boards or the agricultural career technical education incentive program.
  - (B) Include contributions from industry, labor, and philanthropic sources.
  - (C) Make significant investments in programs for students, sustainable career technical education infrastructure and classroom equipment.
  - (D) Operate within rural school districts.

# A Different Funding Approach

**As a condition of receiving funds, project allocation recipients shall do the following:**

- (1) Certify to the K-12 Selection Committee that grant funds received and the matching funds contributed by each local educational agency shall be used solely for the purpose of supporting the program or programs for which the grant is awarded.
- (2) Make expenditure data on career technical education programs available for purposes of determining if the grant recipients have met the dollar-for-dollar match requirement specified in subdivision (c) of Section 88828, and for monitoring the use of funds provided pursuant to Section 88827.
- (3) The Controller shall include the instructions necessary to enforce the requirements pertaining to the K-12 component of the Strong Workforce Program in the audit guide required by Section 14502.1.
- (4) Dedicate at least 60% of the funds received to classroom expenditures and student programming

# A Different Funding Approach

- ✓ Very few limitations on what is allowable
- ✓ Focus on student outcomes rather than activities
- ✓ Emphasis on innovation and purposeful integration of the student experience across systems and into college and career while addressing industry needs for a strong workforce

# Match Requirements

- (1) Provide matching funds for any grant funding received from this program as follows:
  - (A) For regional occupational centers or programs operated by joint powers authorities, one dollar (\$1) for every one dollar (\$1) received from this program.
  - (B) For local educational agencies, two dollars (\$2) for every one dollar (\$1) received from this program.
- (2) The local match may include funding from school district and charter school local control funding formula apportionments pursuant to Section 42238.02, the federal Carl D. Perkins Career and Technical Education Improvement Act of 2006 (20 U.S.C. Sec. 2301 et seq.) or its successor, the partnership academies program pursuant to Article 5 (commencing with Section 54690) of Chapter 9 of Part 29 of Division 4 of Title 2, the agricultural career technical education incentive program pursuant to Article 7.5 (commencing with Section 52460) of Chapter 9 of Part 28 of Division 4 of Title 2, or any other source, except as provided in paragraph (3).
- (3) That local match shall not include any funding received by the applicant from the California Career Pathways Trust established pursuant to Section 53010, or the California Career Technical Education Incentive Grant Program established pursuant to Section 53070.
- (4) An applicant's matching funds shall be used to support the program, or programs, for which the applicant was awarded a grant.
