---

The mission of the Proposition 39 Clean Energy Workforce Development Program is to contribute to the State's job growth and economic vitality through regional training programs that result in the measurable and successful transition of CTE students from community colleges to careers in the Energy Efficiency and Utilities sector. It is the intent of the Chancellor's Office for this RFA that grantees address the objectives included in the RFA for building an energy efficiency workforce in the commercial, industrial and institutional sectors of energy efficiency and clean energy generation.
