REFLECTION

Colleges are asked to self-reflect on the 2022-25 Student Equity Plan (SEP).

EXECUTIVE SUMMARY

A public-facing Executive Summary is required, providing key details of the 2025-28 SEP.

GOALS/METRICS/STRATEGIES for STUDENT POPULATIONS EXPERIENCING DISPROPORTIONATE IMPACT (DI)

Student populations experiencing DI throughout key points in the student journey are identified. For each metric, data is provided for colleges to identify strategies to reach the following two goals: (1) Eliminate Disproportionate Impact and (2) Fully Close Equity Gaps. Colleges may also include additional local and Vision 2030-aligned goals.

EMPHASIS on TRANSFER

The 2025-28 SEP asks colleges to engage why the majority of transfer-intending students do not transfer, as well as to identify strategies to increase transfer with equity.

INTENSIVE FOCUS

The 2025-28 SEP provides continuity with 2022-25 SEP in asking colleges to identify populations needing intensive and intentional support.

SPOTLIGHT

Includes a new section focused on monitoring and increasing timely and equitable comprehensive educational planning.

VISION 2030 ALIGNMENT & COORDINATION

The 2025-28 SEP ensures coordination with college programs and aligns with Vision 2030 initiatives, practices, and focus populations.
