Why are K12 SWP grantees required to submit data?

Measuring K12 SWP grant funding impact on student outcomes

- As a K12 SWP grant recipient, LEAs are required to submit all available data files for each funding round in which the LEA was awarded funds.
 - File types and name will be covered in subsequent slides
- These data files, submitted to Cal-PASS Plus, are the building blocks for developing a K12 SWP Dashboard that will show us how those awarded funds are making progress towards outcomes established in legislation.
- The K12 SWP Dashboard will allow us to be responsive to the legislature and to support LEAs in achieving intended outcomes.
- These data help us track student progress through the K12 system and into the Community College system and beyond.

Who is required to submit the data?

Every entity that receives K12 SWP grant funding
has a *responsibility* to ensure required data is
uploaded.

Organizations that maintain CALPADS data must:

Establish or have an MOU with Cal-PASS Plus.

Submit required K12 SWP data files for all years that grant funding is received.

Organizations that do not maintain CALPADS data still have a responsibility to:

Notify your assigned K-14 Technical Assistance Provider (TAP) of the districts that will be uploading student data on their behalf.

Ensure those districts upload required data into Cal-PASS Plus for all years of grant funding received.

What ROC/Ps must do:

- Notify your K-14 Technical Assistance Provider (TAP) of ALL districts that will be reporting CALPADS data on behalf of the ROC/P.
- Notify these districts of the MOU and data upload requirement.
- Ensure these districts upload all required data to Cal-PASS Plus before the November 1st deadline.

When is the deadline to submit the data?

Data must be submitted to Cal-PASS Plus by November 1, 2023.

Note: Failure to submit ALL required data by the deadline could result in the loss of eligibility for future K12 SWP grant funding.

**Prepare to submit data to
Cal-PASS Plus.**

If help is needed after this presentation, Cal-PASS Plus will assist you...

- Watch our step-by-step Cal-PASS Plus upload instructional video
- Book a 30-minute appointment to get one on one assistance
- Contact the help desk with questions

Grantees should follow these six steps

1. Determine responsibility to submit data

2. Check your organization's Cal-PASS Plus MOU status

3. Identify which years of data need to be submitted

4. Check what data your organization has already submitted

5. Download CALPADS ODS Extracts from CDE website

6. Upload CALPADS ODS Extracts to Cal-PASS Plus

Step 1

Determine if your organization has data to submit to Cal-PASS Plus.

Every entity that receives a K12 SWP grant
has a responsibility to ensure data is
uploaded.

Your organization is required to upload data to Cal-PASS Plus if it meets this criteria:

Receives K12 SWP grant funding to support a CTE program.

Maintains CALPADS student records for the K12 SWP grant-funded program.

Organizations that do not maintain CALPADS records still have a responsibility to:

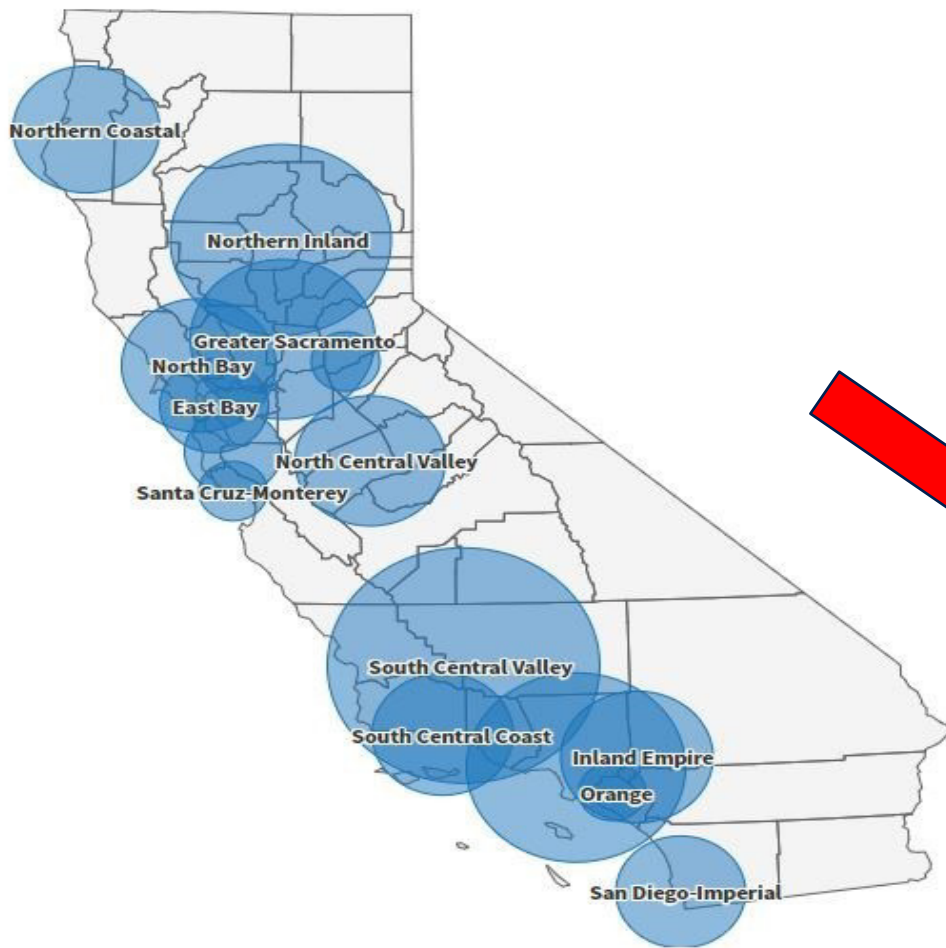

- Notify the district(s) maintaining the CALPADS student records of their requirement to submit data to Cal-PASS Plus.
- Share with those entities that non-compliance could result in loss of future K12 SWP funding.
- Notify the K-14 Technical Assistance Provider (TAP) of which districts will be uploading data on behalf of the collaborative or fiscal agent, and who is the contact person.
- Ensure that district(s) uploads the required data to Cal-PASS Plus by checking in and asking, sharing resources that can assist.

Step 2

Check your organization's
Cal-PASS Plus MOU status.
