

Apprenticeship Pathways Demonstration Project

Apprenticeship Toolkit - Phase One

This toolkit is designed for California Community College participants in the Apprenticeship Pathways Demonstration Project as they seek to convert existing apprenticeship programs into for-credit pathways. This includes providing credit for apprenticeship classroom instruction, on-the-job training and prior learning experiences. These efforts will create new opportunities for students to access college credit in pursuit of their degree and career goals. Provided by the California Community Colleges Chancellor's Office (Chancellor's Office) and Grow Apprenticeship California, a program of the Foundation for California Community Colleges, these resources are intended to support colleges at all phases of development and towards sustainability.

Chancellor's Office Credit for Prior Learning (CPL) Toolkit

This comprehensive resource offers practical guidance and examples to assist in implementing CPL for California Community Colleges.

Grow Apprenticeship California Pathway to Apprenticeship One-Pager

A detailed guide for educational institutions interested in starting a registered apprenticeship program. This guide emphasizes the Educational Partner's crucial role as program sponsor to provide related and supplemental instruction. It also covers start-up costs, funding sources and key stakeholders to support colleges in generating buy-in of their for-credit apprenticeship pathways.

Grow Apprenticeship California Equity Toolkit

Equity is a key component of any successful apprenticeship pathway, and this toolkit helps colleges make intentional decisions towards its success. It supports the inclusion of apprentices who represent the full diversity of communities in terms of race, ethnicity, gender, primary language, disability, age, sexual orientation and other factors in their for-credit program pathways.

Grow Apprenticeship California Sustainability Toolkit

This playbook provides a guide for maintaining high-quality apprenticeship programs at scale, offering advice from experienced individuals to help apprenticeship programs launch, grow and expand sustainably. It will support colleges as they work to nurture their credit-bearing apprenticeship pathways.

Grow Apprenticeship California Funding Matrix

The Funding Matrix is designed to assist education and workforce professionals in better understanding the available funds to support programs and apprentices. This resource helps colleges identify funding opportunities to sustain and scale their credit-bearing apprenticeship pathways.
